Appointed Head Of Redemptorist Order

At a Redemptorist General Chapter opened in Rome on Feb. 2, the first item on the agenda was the election of a Superior General to succeed Most Rev. Leonard Buys who died last summer. The choice of the Chapter, composed of all Provincial Superiors and one popularly chosen representative of each province, fell on Most Rev. William Gaudreau.

Father Gaudreau's appointment is particularly significant, insofar as he is the first American to occupy that high office in the Redemptorist Order since its establishment by Saint Alphonsus de Liguori, in 1732.

Born in Braintree, Massachusetts, September 24, 1897, ordained at Mount Saint Alphonsus Seminary, Esopus, New York, June 19, 1927, Father Gaudreau spent the early years of his priesthood preaching bilingual missions, chiefly in the New England States and New York. Later he was made rector, then Vice-Provincial of Brazil, and consultor to the Provincial of the Baltimore Province. He was functioning in this latter capacity when he was elevated to the Generalship of the Order last week.

The fact that Father Gaudreau's ancestors hail from French Canada, together with his American birth and education, makes him in a high degree conversant with the geniuses of the English and French races. The number of his subjects whose native tongue is either English or French constitute a large segment of the total membership of the Redemptorist Order: Canada, the United States, the British Isles, Australia, France and Belgium. His headquarters will be in Rome, where he will direct the Congregation, assisted by one consultor chosen from each of the 24 Redemptorist Provinces throughout the world.

Personals

Messrs. W. (Bud) Whitlock, well known restaurateur, and Edward Michael, wholesale merchant of this city, are currently enjoying a month's holiday in the United States. Following a tour of the Eastern States by motor they are visiting Florida, Texas and Mexico.

Speaks On Work Of Mounted Police

Inspector W. H. Nevin was the guest speaker at the monthly supper meeting of Trinity Men's Association held last evening. Mr. Reg. Howard was chairman and called upon Rev. A. Frank MacLean to say Grace. The supper was supplied by The King's Daughters. A period of silence was observed in memory of the late Col. K. S. Rogers, who, only a month ago spoke at the meeting.

Following two enjoyable baritone solos by Mr. Jack Haystead who was accompanied on the piano by Mr. O. K. Presby, the speaker of the evening was introduced by Mr. S. W. Leard.

Inspector Nevin took as his subject, "The work and duties of the Royal Canadian Mounted Police generally". This was supplemented by a very interesting film "Showing how we train and prepare our young recruits to take their place in the Force."

In the course of his remarks the Inspector stated in reference to the R.C.M.P. "Discipline is strict, but not harsh. Self discipline is an essential part of the make-up of any good policeman . . . without it he could hardly do credit to himself or The Force whcih he represents in the many provoking situations which frequently confront him".

The speaker outlined the wide variety of duties open to a recruit of the Force, such as the Aviation section, the Marine section, Crime detection, laboratory work, etc, his assignment being determined by the ability and aptitude he has shown during his training. "The basic duty of our members," he said, "is, of course the investigation and prevention of crime; therefore the majority of our men are assigned to duties on small rural detachments throughout each Province."

"Probably no other of our varied duties has so thoroughly gripped the imagination of the public as the work of those members who maintain law and order in the vast space of the Canadian Arctic. Indeed movie producers and radio organizations have made capital of this. Unfortunately, many of the movies and radio plays are more concerned with romance and glamor than the facts, and, it is therefore safe to say that more often than not, the Northern Mounted Policeman as portrayed on the screen and radio bears little resemblance to his counterpart in real life", said the Inspector.

Inspector Nevin went on to show that men stationed in the far North are naturally thrown to a great extent to their own resources and have to perform a multitude of duties. As well as the enforcement of the law, they are required to erect and maintain their own buildings, do their own cooking, register births, deaths, marriages, issue game licenses collect taxes, supervise the payment of Family Allowances, look after the welfare of the natives and collect income taxes.

The speaker, who had spent a number of years in the Arctic, gave some personal experiences many of which had a humourous bearing on an otherwise remote type of living. "The members of our force who have served in the Far North have much respect and liking for the Eskimos", said Inspector Nevin. "Indeed I have often thought that white people in the North could learn much from the Eskimo in tolerance, patience, kindness and absolute honesty"

Following his remarks the film on the training of recruits in the Royal Canadian Mounted Police Force was shown and proved to be most interesting and instructive. Mr. Bruce MacLaren, on behalf of the Men's Association thanked the speaker. Following "The Queen", the benediction by Rev. E. C. Evans, brought the meeting to a close.

Expect Big Turnout Of Civic Voters Tomorrow

The largest tournout of voters in many years is forecast for tomorrow when City electors go to the polls to select a Mayor and seven Councillors. There will be an election in every ward excepting Ward I where Councillor Arthur Gormley received an acclamation for the second time in succession.

City voters will also be called on to choose three commissioners of Sewers and Water Supply. There are six candidates running with present commissioner H. Roy Bevan the only one re-offering.

In this election there are approximately 500 more eligible voters than in 1952 and the increased number is attributed by city officials to the fact that more people have paid their city taxes due to the drive for additional funds made by the present Council to increase civic revenue.

Two years ago there were 3,410 registered voters while this year there are 3,842, according to figures supplied by Mr. E. F. Seller, City Assessor. The greatest gain in the number of eligible voters on a per capita basis came in Ward I where the total jumped from 332 voters in 1952 to 453 this year. Numerically the greatest increase is in Ward V where the 1,813 voters in the last civic election has risen to 2,046 this time.

Wards II, III and IV also show gains, but they are comparatively slight in relation to those indicated by the voting lists of Wards I and V. Officials believe that the great interest indicated in the present election will be reflected tomorrow with a majority of eligible voters going to the polls to register their various choices.

International Night Observed By B. & P. Club

The Charlottetown Business and Professional Women's Club observed international night at its regular monthly meeting held last night at the Charlottetown Hotel.

The traditional candle-lighting ceremony was carried out in a very impressive manner by the program committee for the month, under the chairmanship of Miss Mona Wilson. During the ceremony, the story of the International Federation of B & P clubs was told, as candles representing the different countries in which there are National Federations were lighted by members of the committee. At the conclusion, a letter was read from Mrs. Robert Conant in which she reviewed the part women are playing in the diffcrent committees of the United Nations.

The president, Miss Helen Yeo, read messages from Dame Carolyn Haslett, president of the International Federation of B & P Clubs and Senator Muriel Fergusson, national chairman of International relations for the Canadian Federation, emphasizing the theme for B & P Clubs for the coming year "We and the United Nations."

Major Andrew MacRae of Central Royalty was the guest speaker and gave a very vivid description of his experiences in Korea where he served two different terms with the Canadian Army. He pictured the conditions of the war-torn lands and peoples and gave his listeners a real insight into the difficulties under which these people are living.

Major MacRae was thanked on behalf of the club by Miss Mary Newsome.

The Club again voted a scholarship to the Musical Festival to be awarded to a business or professional girl.

Miss Dorothy Cullen, Miss Margaret Irving and Mrs. Arthur Bruce were appointed as a committee to study the questions dealing with "Equal pay for equal work."

Expect Further Boost In Coffee Prices

Charlottetown retail grocers expect to be confronted with an increase in the price of coffee within the next few days necessitating a charge of $1.35 a pound for the three highest rating grades.

"The possibility of $1.50 coffee within a month or two is not being received with favour by the retailers," said the manager of one large grocery business. Coffee has increased ten cents per pound during the past year and a further jump within a week has pegged the price right now at about $1.29 for any of the three high grades. One dealer who had considerable bagged coffee on hand is still disposing of it at the price of a year ago, that is $1.09 per pound.

"All the new coffee coming on the market from the nationally advertised brand producers will reach the consumers in tins only in future," said one dealer interviewed yesterday. "There is really no alternative to accepting what we can get and at the prices named."

There has been no definite decrease in coffee sales in the Province as a result of the increase in price.

Production of Fur Goods At New High

OTTAWA, (CP) — Production of fur goods rose to a record high of $66,745,000 in 1952, the bureau of statistics reported Monday. This compared with $61,209,546 in 1951 and $66,384,085 in the previous record year of 1948. Women's fur coats accounted for 76 per cent of output and were valued at $50,771,203 compared with $45,350,711 in 1951.

HOLMAN STORE NEWS

— G. H. M. —

BOTH STORES CHINA DEPARTMENTS have just received some new ENGLISH BONE CHINA that is dainty and beautiful. . . . It's "Festival Rose" from the Royal Standard Potteries and there are lovely pieces from which to choose gifts or incidentals for your own home. Rose leaves of gleaming gold and full blown roses in delicate pink decorate the shimmering white background. The collection includes Tea Pots, Cups and Saucers, Tea Plates, Salts and Peppers, Sugars and Creams, neat little Honey Jars and Sweet Dishes in three distinctive sizes and shapes. Prices, we would dare to say, are very reasonable—the Sweet Dishes are only 1.10 each and prices range to 6.25 for the exquisitely shaped and decorated Tea Pot. "Festival Rose" Bone China will impress you, with its cool, placid beauty—Come see it for yourself in the China Department of Holman's in Charlottetown and in the Summerside Store too!

HERE comes Spring! . . . Yes, the first Spring Flowers are abloom on the new STRAW HATS in the Millinery Section at Holman's. They're wee flatterers—they're snug fitting—they're so becoming that you'll find them irresistible. The colors are delectable and they include white (Fashion Right for the Spring Season). Perky trimmings include gay flowers, touches of soft velvet and sparkle—there are intriguing veils of course! The First Straw Hats are made of straw fabric and smartly woven straw braid. . . . You'll definitely want one for special occasions and to give your spirits a great big lift—you won't go broke buying your First Straw Hat either because the prices are 3.98 and 5.95 in the Millinery Section at Holman's

PRECIOUS Accessories at wee little prices are definite features of the 5 and 10 Department! This morning, I was enthralled with the wonderful array of tiny NECKERCHIEFS. They're in jewel colors (every shade you could imagine) . . . Pure silk that bursts with fan pleats are in tie, jabot and other styles—these are priced from 39 cents. Pure silk squares to tie at the neck of a dress or sweater are only 25 cents each and sheer squares of pure silk imported from Italy are 98 cents each. You just have no idea of the many, many ways in which a tiny Scarf can add that sparkle of fashion to an otherwise drab outfit. . . . Come try — come see — come buy a Precious Scarf Accessory at a wee little price from the 5 and 10 Department at Holman's.

Inspected Site Of New Eaton Building

Mr. R. S. Turnham, general superintendent of Anglin Norcross, Maritime Limited, left yesterday by plane for Montreal after visiting the site of the new Eaton Building, the construction of which will commence shortly.

For the next two weeks, the contractors will be employed in the demolition of the old building which is now covering part of the area on which the new structure will be erected. Following this phase of the work, excavation will commence. Mr. Turnham does not anticipate that any large number of men will be employed until such time as the work progresses beyond the foundation. He points out that, in so far as possible one hundred per cent local labor will be employed all of which must come through the Unemployment office in this City. He was quite emphatic in stating "that no man will be employed on the site of the job."

On Visit Here From Saskatchewan

Mr. Robert T. Motherwell of Abernithy, Sask., is enjoying a brief holiday visit here, the guest of his sister Mrs. A. D. MacKenzie 94 McGill Ave.

Mr. Motherwell, is a son of the late Hon. W. R. Motherwell, former Federal Minister of Agriculture in the MacKenzie King Government and a member of parliament from 1921 to 1930. during which time he made frequent official visits to this province.

In co-operation with his son, Mr. Motherwell now farms 640 acres of the original 1000 acres owned and brought into cultivation by his father as a young settler in western Canada.

TO THE ELECTORS OF CHARLOTTETOWN

This is a statement of policy for the administration of our Civic Government which I propose for the consideration of the electors of Charlottetown in the election for Mayor.

My decision to offer for Mayor of our City is prompted by the number of requests to do so which I have received from many citizens, coupled with the desire to give the benefit of my years of experience on the Council, as well as to perpetuate a tradition for co-operation and fair play which has existed for so many years.

My first assurance to the tax-payers is one of honesty, integrity, and economy in dealing with their money. As a guarantee of good faith in this respect, I ask you to examine my record during the six years I was a member of the City Council.

STREETS

The maintenances and improvements of our streets requires a large portion of the City's revenue. For this Department it is essential that all the streets be kept in a satisfactory condition, both with respect to their use for traffic and the control of dust on the unpaved parts. Where pavement is required, the paving will be done by our own Street Department. The light pavement experimented with in 1953, will be used where it is found to be satisfactory. Paving will be done by laying a small portion each year so that no large expenditure is incurred.

The Warren Paving Company will be required to complete its resurfacing contract which was undertaken by it in 1952. This unfinished contract to be put in a satisfactory condition during the coming summer.

FINANCES

There is a problem of financing which is brought about by the construction of the new school. It is my conviction that real and personal property should not be called upon to bear a heavier burden of taxation than at present. We have been successful during the past year in having certain Governmental and Railway Taxation problems clarified and settled. From this source and from savings which can be effected, I believe that, through strict economy and careful spending in every department, we should be able to meet all our financial obligations from current sources of revenue.

It is my opinion that economies can be effected in the spending of the City revenue which will amount to substantial savings. I propose, therefore, a substantial reduction in controllable expenditures for the coming term. I believe this reduction can be effected without reduction in wages or pay of the personnel employed by the City and without any loss of efficiency in service.

I am prepared to lead the Government of our City for the next two years on this program of economy with honesty and efficiency.

M. A. FARMER

TO THE ELECTORS OF WARD IV

For the past two years it has been my privilege to represent you at the City Council Board.

During that time I have endeavored to interpret your wishes and translate them into actual results. It has always been my purpose to promote and encourage all worthy and progressive enterprises for the advancement of our City. If my efforts have met with your approval I respectfully solicit a continuation of your confidence and support on Election Day, February 10th.

Very truly yours,

GEORGE R. KEEFE.

TO THE ELECTORS OF THE CITY OF CHARLOTTETOWN

I have nominated as a Water Commissioner and earnestly request your support on Election Day.

I am a life long resident of this city and have been in business here for over thirty years. The people of Charlottetown have been good to me and I am interested in doing what I can for the good of our citizens, which of course includes an ample supply of good water furnished to the users efficiently and economically.

It is not my intention to make a personal canvass as I consider such a canvass is an insult to the intelligence of the voters who are quite capable of deciding for whom they wish to vote.

If you think I can be of service to you during the next two years I will be glad to do my best in your interests and would ask you to mark your ballot opposite my name.

HUGH M. SIMPSON.

To The Electors of Ward V.

LADIES & GENTLEMEN:

Ottawa's coming across with some dough
We should have been getting it years ago
As everyone knows they're inclined to lag—
Give me two more years . . . and 'twill be in the bag.

EDWIN C. JOHNSTONE.

ELECTORS OF WARD II

Having nominated as a candidate for Councillor in your Ward, I would appreciate your support at the Polls on Election Day, Wednesday next.

For information as to whether you are on the official list of voters or not; where your poll is located; or transportation to the Poll on Election day, do not hesitate to give me a call, at 9121.

A. WALTHEN GAUDET.

NOTICE

I have nominated for Councillor in Ward Two.

Your support would be appreciated.

J. ERNEST CORRIGAN.

TO THE ELECTORS OF WARD 3

Having nominated for the office of Councillor for Ward 3, I solicit your support in the forthcoming election.

I regret that time will not permit me to meet all electors personally. If elected, I will endeavour to do my best in the interest of our City and Ward.

GEORGE J. ROGERS.

Electors of Charlottetown

Having served previously as Water Commissioner and therefore having knowledge of the requirements of this Department gained through past experience as well as life-long experience in purchasing materials, etc., I have again nominated to serve on this Board.

Your support is solicited.

D. L. MacKINNON.

TO THE ELECTORS OF THE CITY OF CHARLOTTETOWN

Having served on the Commission for Sewers and Water Supply, I have again nominated and respectfully solicit your support in the forthcoming election.

H. ROY BEVAN.

ELECTORS OF WARD 4

I have nominated for Councillor in our Ward to prevent elections by acclamation which would have denied you the right to cast your vote for the Councillor or Councillors of your own choice.

If you feel you would like to support my nomination, then do so and I thank you for your confidence.

FRANK J. STOREY,

Nominated for Councillor Ward 4

WARD 5 ELECTORS

As our City increases in size and importance, many new problems will have to be faced and careful decisions reached.

As a citizen of Ward Five, I am deeply interested in any improvements consistent with careful budgeting. An expression of your favor by ballot on Wednesday would be much appreciated.

Strict attention to all matters pertaining to the welfare of the City in general, and in Ward Five in particular would be my endeavour if elected to the new Council.

LEM PROWSE,

TO THE ELECTORS OF WARD 5

It is my intention to run in the coming civic election for Councillor in Ward 5. I have the interests of our City in mind and solicit your support on Feb. 10. Thank you.

F. G. HUTCHESON.
