St. JOSEPH'S CONVENT.—The closing exercises at St. Joseph's Convent take place tomorrow. Commencing at 9.30 a. m.

DON'T FORGET IT.—The entertainment at Notre Dame Convent on Friday evening will be the musical treat of the season.

ATTRACTIVE.—VanDerlinde Bro's grocery store on the Malpeque Road, has been painted and renovated, and now presents an attractive appearance.

POLICE COURT.—This forenoon there were three Scott Act cases on the docket. The summons against Joseph Kent was dismissed, and the other two cases were adjourned.

SEASONABLE.—A handsome soda water apparatus is being placed in position in Watson's new Drug Store. This will be a boon to thirty-one visiting the market or passing this locality.

THOSE who are fond of good music and who wish to spend an enjoyable evening should make every possible effort to be present at Mr. Earle's recital tomorrow evening at the Opera House.

CAPTURED BY THE MILITARY.—The small steam launch Commodore arrived yesterday from P. E. Island, to a B. Co. by G. Co. It has been purchased by the military.—Halifax Herald.

CRICKET.—The cricket match, Phoenix vs. Cabot, postponed last Saturday on account of unfavorable weather, will come off at the Park on Saturday afternoon next. Stumps pitched at 2 o'clock sharp.

TO-NIGHT.—All officers and teachers and others interested are specially requested to be present to receive reports, as announced, at the meeting to-night at 8.30 in the Second Methodist Church.

THE FASTEST.—This steamer arrived here at 9.30 this morning with a general cargo and two passengers.—McDuffick, of Kentville, N. S., and Mr. Rogers, of St. John's. She will leave for S. Side at 9 o'clock to-night.

WAY OF THE CROSS.—The Stations of the Cross for the Roman Catholic church at the Head of St. Peter's Bay have been framed by Mark Wright & Co. and are being placed in position. The paintings are splendidly executed, and are well worth calling to see.

St. DUNSTON'S COLLEGE.—The commencement exercises of St. Dunstan's College will take place in the Lyceum this evening, beginning at 8 o'clock. An excellent programme has been prepared. Dr. Hodgson, Master of the Rolls, will deliver the academic oration. Free of admission will not be charged.

OSWELL CHEESE FACTORY.—The Oswell cheese factory opened June 3rd. The amount of milk condensed on that date was 4,000 lbs. In two weeks it has more than doubled that amount per day. The building is one of the largest and best finished in the province. The main building is 45 by 25 with 12 feet wall and boiler shed 10 feet by 18.

REM AND THE MEMBERS of the Charlottetown Cycle Club will meet at their rooms at 11 sharp tonight for the weekly run. From there they go to the Driving Park, where full arrangements for Dominion Day will be made. Members are requested to make it a point to attend. The club orders have arrived and may be procured at Prosser Bros.

THE BIRD SILVER.—At the meeting in the City Council Chamber last evening the matter of the proposed land stand for Queen Square was discussed, and a resolution was passed to the effect that the matter be left in the hands of the citizens committee to take such action as they think proper. We understand that the committee have arranged for a plan of a stand and an estimate of the cost, with a view to seeing what is best to be done.

NEW PORTO BEG REMEDY.—The Guardian reports that about two o'clock yesterday afternoon, while some children were burning potato long with straw at Peake's Station, they accidentally set fire to the barn of Mr. John Bradley, section foreman, and it was burned to the ground along with its contents, two sleighs and two sets of harness. The dwelling house was also burned. There was no insurance. The potato bugs are still very much in evidence.

MATRICULATION EXAMINATION.—A telegram to the Master of the Rolls states that, among twenty candidates for matriculation into King's College, Windsor, Walter Cotton was third and B. Asford fifth. These young gentlemen were prepared at St. Peter's Boys' School by the Rev. T. H. Hunt. In view of the fact that the examination papers were received here a day late, reducing by that amount the time for the examination, this result is highly satisfactory and creditable to the school.

A BOLD ROBBERY.—The grocery store of Sydney Gray, corner of Water and Prince Street, was broken into last night. The burglars cut through the store door and immediately over the lock and having forced the fastening entered and helped themselves. It is very difficult to say just how much goods were taken, but among other things Mr. Gray missed 13 boxes cigars, half a cask of bright smoking tobacco and about four lbs. Napoleon and Index tobacco, and the greater portion of a cheese, the whole valued at between \$40 and \$50. The door seems to have been cut by a hatchet or a dull chisel. The shop being situated in a very public place, subjected the burglar to considerable danger of observation. The police are investigating.

FROM THE MACDONALDS.—A man named Clarke, belonging to the Magdalen Islands, and who was recently visited at that place by Dr. McLeod, was brought to the P. E. Island Hospital to-day for treatment, coming to the city on the train from Georgetown. It seems that some years ago Mr. Clarke had his knee injured by a blow from a hammer, and of late he has suffered greatly from the effects. He was accompanied by two young women who seemed greatly attached to him, and who did all they could to alleviate his sufferings. So great was the pain from which he suffered that it was deemed advisable to have him carried from the station to the hospital, no easy task on a hot day such as this. The nurses of the railway men who kindly volunteered to perform this work were M. T. Riggs, Peter Flynn, Charles Rodd, Lemuel Vickerson and Frank Quinn.
