

### British Plane Is Shot Down

JAKARTA (Reuters) — Indonesia is claiming it has shot down a British plane violating its territory, sparking fears of a new crisis in the British-backed Malaysian Federation.

The government-controlled news agency Antara reported the downing of the plane but did not say when the incident took place or what type of aircraft it was. It merely said the plane crashed near the village of Sanggau.

British authorities in London and Singapore denied knowledge of any plane missing over Indonesia.

### Kennedy Fund Receives \$5,000

TORONTO (CP) — The John F. Kennedy Memorial Fund for Retarded Children — a "living monument" to the slain president — the United States — received a \$5,000 lead start here with a donation from a Toronto businessman.

The donation was received by the Canadian Association for Retarded Children soon after President Robert F. Shaw announced establishment of the fund to finance research, education of medical experts and development of new techniques to aid Canada's estimated 800,000 mentally retarded children and adults.

"The fight against mental retardation is one of the major interests of members of the Kennedy family," said Mr. Shaw. Kennedy's family died three years ago that the president's sister Rosemary is mentally retarded.

Contributions to the fund will be accepted by any branch of the Royal Bank of Canada or the Canadian Imperial Bank of Commerce, Mr. Shaw said.

### 'SHINE GIRL' AIDS BUSINESS

MIAMI, Fla. (AP) — Business is picking up at David Ross's barber shop—but not because his haircuts are any different.

It is the new shoeshine boy—or rather shoeshine girl.

Ross said "his new" shoe shiner, pretty 20-year-old Marie Escobar, speaks no English, but she really draws the customers.

"Business has definitely increased," he says. "She's the best shoeshine... uh... boy I ever had in here."

Maria came to Miami from Medellin, Colombia, a year ago with her mother and sister and supports them on money made shining shoes.

She attends evening English classes at school.

But her ambition is not to make shoe shining her career.

"Right now I am happy just to have a job," she said through an interpreter.

"Someday I think I would like to go to Hollywood and become a movie star."

### BEE'S BUSTER

OTTAWA (CP) — Canadian prices and wholesale had 40 per cent more money in store at the end of September than a year earlier, the Dominion Bureau of Statistics reports. This year's total was \$17,138,700 pounds compared with 12,250,703 at Sept. 30, 1962.
