We are pleased to learn that Mr. P. P. Archibald, proprietor of the Queen Hotel, is recovering from his recent illness, and is now able to be around.

The trim little river steamer "Wm. Harrison," from Boston, bound for Buffalo, via Montreal, arrived here yesterday afternoon, having put in for coal and water. She is in charge of Capt. Kimball, and left Boston on the 2nd inst.

The milkmen of the city and vicinity met in McLeod's Hall on Monday afternoon and formed themselves into a Society for the purpose of protecting themselves against bad debts, etc. Robert Boyer, Jr. of Southport, was chosen President and Jonathan McWilliams of Royalty East, Sec'y and Treas. By-Laws and Regulations will be submitted to the Society at their next meeting, which will be held in the above place on the first Tuesday in June.

ANOTHER sad drowning accident occurred at Savage Harbor on Thursday last. Willy Feehan, the 12 year old son of Mr. Patrick Feehan of Rocky Point 65, who had lived for some years past with Mr. James Feehan at Savage Harbor, went down to the shore to drown a cat. Taking an old boat that was near, he pushed it off some distance from the shore. The boat being old and leaky soon filled with water and upset, the little boy was thrown out in about 8 feet of water and drowned before any one knew of his danger. His body was sent home to his father at Rocky Point on Sunday. It was interred in the Cemetery at South Shore on Monday.

THE Halifax Herald says, Bishop Courtney, after his protracted trip in regard to health. He was met at the wharf by a number of friends who welcomed him back to Nova Scotia. St. Luke's church was crowded on Sunday morning, and the expectation was that he would preach, but the congregation had to wait till evening to hear him, when his lordship occupied the pulpit, preaching a sermon on "The Resurrection." Bishop Courtney, in answer to a question yesterday, said he was feeling very well, though he would not say he was as well as ever he was. Time would tell whether his recovery would be to perfect health, he said. The bishop is unburned and looks well, indeed, though he has not a perfectly robust appearance.

At the final examination for those studying medicine in Trinity College, Toronto, the result of which was made known on the 12th inst., we learn with pleasure that O. A. Macphail, of Hampton, P. E. I., stands fourth in his class with 92 per cent., the third ahead being B. A.'s, and two of them fifth year men, whilst he is but a third year man. Mr. Macphail is but one mark from the silver medal, but he nevertheless takes a Fellowship Diploma and Certificate of Honor. At the University he takes the degree of M. D. C. M., with an Honor Certificate. Considering that many of the best students failed to make 50 per cent., Mr. Macphail must naturally feel proud to be among those above 75 per cent., at both the College and the University. Degrees of Honor were conferred at the College on the 14th inst., and at the University on the 16th. We congratulate Mr. Macphail upon so magnificent a result, and as he intends taking a course in the Old Country before the end of this year, we have no doubt but he will again bring honor to himself as well as his native Island. In the Freshman class at the same examinations, Mr. M. Macphail, of Heathersdale, did honor to himself by standing ninth in a class of 110 and taking a Certificate of Honor with 75 per cent.

IMPORTANT POSTPONEMENTS.—We have postponed our big sale of new furniture for a few days, as we have been advised of the shipment of three new and valuable upright pianos to be sold at the same time without any reserve. Advertisement soon. E. H. Norton & Co.—ap14 11

We specially direct attention to the Diamond Bookstore advertisement in another column. Such discounts are seldom offered our people and it behooves them to take advantage of the big bargain sale now in its 3rd and last week. Special discounts will be made on everything this week.

THE Tea and Fancy Sale held in the Market Hall, last evening, by the ladies of the Second Methodist church, came off quite successfully. From 4 o'clock in the afternoon till 10 at night the doors were open and a large number of old and young dropped in. The fancy articles exhibited were very choice and brought a quick sale. The refreshment table in the centre of the hall was tastefully decorated and largely patronized. Some nice selections of music were given by the little girls, Messrs. Miller Bros kindly loaning a very fine piano for the occasion.

ST. PETER'S EASTER MEETING.—There was an unusually large attendance at the annual Easter meeting, of St. Peter's church last night. The incumbent presented his report, after which the reports of the church wardens and treasurer were presented, the latter showing a balance of \$70 income over expenditure. The offerings from all sources were for in excess of last year. Improvements have been made in heating and lighting the church, chapel and assembly and repairs made to the school house. Messrs. Watson, Foster (re-elected) and Brynall were elected church wardens, and Mr. Watson, Treasurer. Messrs. W. C. Hazard, W. L. Cotton, F. Brecken and Geo. Bagnall were elected delegates to the Synod. Various matters of importance were discussed.

THOSE who attended the lecture delivered by Dr. H. D. Johnson, in the basement of the First Methodist church last evening, were amply rewarded for their attendance. The subject chosen was "The Life Current," and surely none could be of more peculiar interest to all. Dr. Johnson was perfectly at home in speaking of the organs of the body which are the circulation of the blood. And the beautiful dissection views used to illustrate these were calculated not only to give a clearer conception of the subject, but to impress us with the fact that "we are wonderfully and fearfully made."

ALL changes of advts. for the MORNING GUARDIAN must be handed in no later than noon of the previous day.—If RECEIVED on sale at 20 per cent. off manufacturers' prices, one cent lead Canadian wall paper, to be disposed of at once. I. O. O. F.—The members of Pripps Edward Lodge will celebrate Natal Day in Summerside this year. We understand a procession is intended, a clegyman who belongs to that order will preach a sermon on the occasion, and a concert in the evening will constitute the celebration.

A NEW and probably improved method of building a house may be seen near the R.R. Station of this town. The frame for the walls is boarded and shingled before raising, which requires the accumulated efforts of a number of men, together with mechanical power to place in position. We don't think this new system will be adopted by contractors.

King of Medicines

Serofulous Humor—A Cure "Almost Miraculous." "When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scurvy, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. This time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well. "Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, "A Day with a Cure," in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification I recovered soon and after I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling, Mich. Co., and since then I HAVE NOT LOST A SINGLE DAY on account of sickness. I believe the disease is expelled from my system, I always feel well, in an good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the King of Medicines." WILLIAM A. LEWIS, 9 E. Railroad St., Knoxville, Tenn.

As I Want

To give every Farmer a chance to reap a good harvest, I have decided, after a year's experience in the Lime business, that I can, with a small profit and large sales, put the price of Lime within the reach of every Farmer in the country to get sufficient Lime to enable his land to yield him the fruits of his labor, which it is impossible to expect land to do without the aid of lime or some other more expensive stimulant. Parties taking Lime throughout the cropping season, will have the benefit of the cash prices by settling their accounts by July 1st, 1892.

Price and terms for this season: Unriddled Lime for farm purposes, cash 62 cents; credit 67 cents. Riddled Lime for Mason and Plastering, cash 65 cents; credit 70 cents. Riddings or Slack Lime, cash 20 cents; credit 25 cents. J. T. PEARDEN, Upper Great George St.

against Old Fogey Business Ideas, is one of the little jobs we have on hand this season. The old business rule is "charge all the profit the customer will stand."

To this proposition we say: No, Sir; not any of that for us, what we do is, charge as little profit as we can stand; and we are not in business for our health, either. We live to make money, but we are convinced it can not be done by plundering the public. A close price makes a sale and a friend. We'll take cuts that way. Close prices. Good friends.
