P. E. I. Department of Agriculture

Cattle breeders in Prince Edward Island will have available the services of Artificial Breeding Clubs which can be had on no matter where they live in the Province. Service can be had on any of the nine different breeds: Holstein, Ayrshire, Jersey, Guernsey, Milking Shorthorn, Beef Shorthorn, Hereford, Angus, and Red Poll. If a breeder has not used Artificial Breeding and wishes to do so all they have to do is call the inseminator of his area stating that he has a cow to breed. The membership fee of one dollar can be paid at the time the first cow is bred. The service fee of four dollars covers three inseminations if necessary.

NEW CLUBS
The West Prince Artificial Breeding Club was organized last week at a meeting in Montrose School. The newly elected president, Allison McIntosh, has with him on the Board of Directors Fred Oliver, Albert R.R., Jack Clark, Alma R.R., Roy Shea, Albert R.R., Roy Handrahan, Tignish R.R. 2; Gordon Barbour, Albert R.R.; Herman Gillis, Tignish; Joseph O'Rourke, Tignish.
The Morell — St. Peters area completed organizational plans last Friday night. The breeders survey showed a general interest throughout the area. The Board of Directors consists of: Merwyn MacDonald, Morell; P.O. Walter Dingwell, Midgell; Robert Rossiter, St. Peters; Clarence MacEwen, Bristol; Joseph MacInnis, St. Peters South; Merlyn MacCarthy, Morell Rear; Wendell Mac-

Leod, St. Peters R.R.; Tom Cullen, Midgell; Ben Compton, Bangor. In these two new Clubs applications for the position of inseminator are now being received. As soon as these men have been selected they will commence training. It is hoped to have these Clubs in operation by the middle of June.
NEW SIRE
This week will see three new bulls arriving at the bull stud in Fredericton One Holstein Blue Ribbon Alert From Brooklyn, Ontario and two Polled Shorthorn Bulls one of which is coming from the famous Brown herd.
GOOD HANDICRAFT
Enthusiastic handicraft workers are wondering why their entries fall short of winning a blue ribbon at local exhibitions. Handicraft is an art possessing good taste, and good taste is acquired by applying the principles of beauty. It is important that the article serve the purpose for which it is intended. It should be practical and attractive at the same time. The design should be simple, pleasing and conform to the shape of the piece. There is harmony in a good design and much of it depends upon color used with discrimination. Stylized, conventional or geometric designs that fit the shape of the article are best. Naturalistic or pictorial ones should only be used in pictures. Proportion is correct keeping in mind. Delicate trimmings belong on delicate shapes and bold trimmings on bold shapes.
Before beginning to work on articles for the local exhibition this year question your self on their usefulness and design.
EXHIBITIONS
One of the earliest Exhibitions in Eastern Canada is the Ormstown Exhibition. It is being held this year June 5-6-7 and 8 at Ormstown, Quebec. This show is often referred to as "Canada's Little Royal". There is a horse show which takes second place only to the Royal Winter Fair. In other livestock especially cattle one can see some of the leading herds from Quebec, Ontario, and Northern York.
Carlyle Dickson, Secretary-Manager of the Ormstown Exhibition recently announced the list of judges:
Holstein Cattle: Mr. F. C. Elgh, Glenholm Farm, Finch, Ont. Ayrshire Cattle: Mr. Raymond Brown, Dundas, Ont. Jersey Cattle: Mr. Farm, Milton, Ont. Canadian Cattle: Mr. Louis-Nazaire, St. Pierre, St. Hyacinthe, Que. Beef Cattle: Mrs. Malcolm Bailey, Uxbridge, Ont. 4-H Club Classes, R. Grant Smith, Brockville, Ont. Sheep: Mr. Que., Swine: Mr. Georges May-

rand, Montreal, Que. Poultry: Mr. Lucien Crevier, Howick, Que. Flower Show: Mr. R. J. M. Reid Hemmingford, Que. Fine Art: Mrs. Ralph E. Lewis, Moosers, Que. Handicraft: Miss Frances Wren, MacDonald College, Que. Home Cooking: Mrs. D. A. Finlayson, Ormstown, Que.
CLUB NEWS
Cape Wolfe 4-H Calf Club held their regular meeting at the farm of Thane and Adele Frizzell on May 5th. The meeting opened with the members repeating the pledge in unison. The minutes of the last regular meeting were read and approved. It was decided that roll call for the next meeting be answered by the name of one's calf. It also decided that a debate be held at the next regular meeting and that the resolution be "Resolved that Public Speaking and Debating should form a Regular Part of the School Program." Those representing the affirmative side of the resolution are Adel Frizzell, Danny O'Halloran and Joan Bulger. Those representing the negative side, George Phillips, Bernard Giffin and Margaret Rix. The next regular meeting will be held at the home of Adele Shaw on June 7th. It was moved by Joan Bulger and seconded by Allan Cook that the meeting be adjourned. Ian MacWilliams, Secretary.
The Kensington Holstein Guernsey 4-H Calf Club met in Margate School on April 11 with the president in the chair. The meeting opened by repeating the club pledge

and motto. There were 11 members and 15 adults present. It was moved and seconded that to have a crokinole party at Ivan Pickering's on April 23. Roland and Bert to get the prizes and score cards. The next meeting is to be held at Margate School on May 9 at 8 p.m. Programme committee was appointed for the next meeting.
The speeches were then heard and we had a debate. The topic for the debate was "Resolved that dairy cattle are more profitable than beef cattle" with the pro side winning. The judges for the debate were Mrs. Smith and Rev. Mr. Haslam. It was moved by Roland Carr and seconded that the meeting adjourn. Douglas Johnson, Secretary.
The Lot 16 4-H Calf Club met in the Central School with 17 members present. Meeting opened by repeating the 4-H club pledge. The debating committees reported that a debate would be held at the next meeting. The topic for this debate is "Resolved that cosmetics should be abolished."
Correspondence from Mr. Clay was read by Joyce MacFadden, Marilyn MacLean, A. L. Carr, and Verna Barrett.
Club Leader, Eddie Clarke, asked questions from the manual for calf clubs and assigned the lesson for the next meeting. Next roll call is to be answered by name.

Wed., May 15, 1957

ing a part of a cow.
The meeting was followed by a period of recreation and a delicious lunch was served by Grace Lyle and Marilyn MacLean. Winston Yeo, Secretary Treasurer.
The Sea Crest Calf Club met at the home of Carol Pickering on April 26. Due to the absence of the president, the vice president, Carol Pickering, called the meeting to order. The meeting opened by repeating the 4-H pledge in unison.
It was decided that at the next meeting the roll call will be answered by giving the name of a common farm weed and a method of controlling it.
It was moved by Wayne Lockerby and seconded by Blythe Ramsay that Ann Ramsay, Wenda Crozier and Marilyn Carruthers be on the entertainment committee for the next meeting.
Each member gave a short speech on his or her favourite sport. The club leader then asked questions from the manual relative to the study material for April.
Following adjournment a half hour of entertainment was enjoyed by all. Lunch was served by the hostess, Earle Lockerby, Secretary Treasurer.

LOWER LEFT Miss Hatie Ross standing beside a food conveyor and tray carrier, heads the dietary department in Prince County Hospital, assisted by a chief and a staff of eighteen, including tray workers, waitresses, cooks and maids. Meals to patients are served under the watchful eye of a senior nurse LOWER RIGHT on each ward area to insure that the patient gets what the doctor ordered on his or her tray. An average of 160 meals are served daily to hospital personnel and student nurses and 220 trays are served daily to patients, of which 100 are special diets. All foods are prepared in the main kitchen TOP LEFT served direct to personnel in the dining rooms or placed in heated conveyers and transported to ward kitchens on each floor. Trays are set up in the main kitchen TOP RIGHT and transported to each floor. On arrival at the ward floor all foods are served to individual trays and speedily passed to patients. Special diets are prepared in a diet kitchen by dietary personnel, and are delivered direct to patient from that area. Normally there are seven different types of diets to be prepared and served at each meal time. Photos by Wotton

Dietary Dept. Of P. C. H. Plays Vital Role In Treatment

A part of the dietary department activities from food preparation through to food distribution to the ward kitchens and delivery trays to patients in Prince County Hospital are shown in the photos above which preview some of the activities to be seen by the general public who will visit the hospital on Tuesday, May 14, between 2 and 5 p.m. on the hospital's "Open House" visiting day during National Hospital Week.
The dietary, food service department plays a vital role in the care and treatment of patients and is a potent public relations factor.
In the general health picture today there are standards required to be met where food is served to the public. Special hospital problems in this respect are the com-

plexity of diet therapy programs to meet the attending physicians' requests for special diets, the wide range of menus required to encourage the ill patient to take nourishment; the various types of illnesses requiring a wide range of different foods and methods of preparation; and meals for personnel, for chronic cases, for infants, for pre-school children, for post and pre-operative patients which have to be planned and executed in an efficient manner to place before the patient an attractive, nutritionally adequate diet.
There must be reasonable but expensive equipment for food preparation, a planned food distribution system, well trained personnel, and a budget control system for food, salaries, and supplies.

Address To

(Continued from Page 2)
ever again. That truth is the need of religion and religious instruction at all levels of education. This thought was emphasized once again quite recently in an inspiring address of His Holiness Pope Pius XII to a large crowd of boys and girls of Italian State Schools. Appealing for what he calls an organic unity of culture, the Holy Father points out that this unity can only be achieved when the "truth" has Christ as its Head. This is another way of saying that you must always remember the fundamentals of your Christian faith. You know full well that there can be no Christian education, if we forget our ultimate destiny, God himself. The way to God is Christian living, since Christ is God made known to us, and since He is "the Way, the Truth, and the Life."
Our Christian faith is the only victory by which a great enemy and a great tyranny can be overcome. This enemy, in whatever form it may be found, is atheistic materialism. While material strength is good and necessary, it is not everything. There must be spiritual vision and spiritual strength. With the trend of atheistic materialism in the world, people will turn away from God's teaching and God's law. The result is to be found in baneful evils that affect family life, lustful self-indulgence, and a shocking delinquency of youth. It suffices even to mention only such evils as indecent literature and the low level of public entertainment, to point to the evils of a Godless materialism. To quote from the statement of the American Bishops, issued at the close of their annual meeting in 1954: "This form of materialism reveals itself as secularism in politics and government, as avarice in business and in the professions, and as paganism in the personal lives and relations of all too many men and women."
RELIGIOUS CONVICTIONS
So, my dear graduates, when the motto of your University speaks to you of faith, it is speaking of Religion in your lives, of religious convictions. Your lives must be based upon faith, Christian faith, belief in God, and belief in Christ, the Son whom He has sent. Without faith there is no real human living. But let us be careful of our terms. By faith we do not mean only sentiment, only emotion, only a feeling of awe or reverence. Faith is an act of the

intellect, by which, under the movement and influence of divine grace, we willingly accept the truths revealed by God, because of the authority of God who reveals them. Faith is the highest knowledge of all, because it is the highest certitude of all, since it is based upon the knowledge and the veracity of Him who can neither deceive nor be deceived.
The best lesson, therefore, you can take with you, is the first religious lesson you learned, namely the purpose of living. And what is that? To know God, to love God, to serve God. You will never know real rest or real happiness, outside of these three enlightening propositions, simple though they sound. When you realize that God is the beginning and the end of everything, when you realize that Christ is the most perfect revelation of God to man, then you will realize that your lives will influence others, because you are helping to continue an era that the world around you may no doubt be forgetting. That is the era of Christ. Taking Christ as your King, you will influence others, and you will radiate around you the influence of the Christian Religion, and invite others to examine its credentials. You must place these truths strongly in your minds, that you may think and act with conviction. It is impossible, on the one hand, to give lip service to God, and on the other to relinquish the spirit, and to serve the world of matter and flesh. It must be one or the other.
NEVER FAILED
The faith that you bring with you, as you leave the protecting walls of St. Dunstan's, has never failed anyone, but there are people who have failed the faith, because they thought they could make the best of two worlds; that with a weak and outward Christianity they could still guide their lives by maxims in direct opposition to the teachings of their faith.
To bring home to you the importance of faith as stressed in your motto, for the formation of character, may I quote from an old writer, St. Ignatius of Antioch, who in the second century wrote to the Ephesians these words: "For faith is the beginning, and the end is love, and God is the love of them brought into unity. After these comes whatever else makes up a Christian gentleman."
KNOWLEDGE
"Ex aedem fontis, fides et scientia." In speaking of knowledge, I should like to point to the all-important role of Philosophy, as being the universal queen of rational knowledge, the supreme reason-

look to the Church, to the directives of our Holy Father, the Pope, and of our Bishop, for your chief source of guidance is to know the

NO SIGHT OF PLANE

BUENOS AIRES (Reuters)—The Argentine air force made an all-night search for an Argentine viking liner missing since Monday with 11 passengers and a crew of five. No clues were found.

NAVIGABLE WATERS PROTECTION ACT

R. S. C. 1952, Chapter 193
The Department of Highways, Province of Prince Edward Island, gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works, at Ottawa, and in the office of the District Registrar of the Land Registry District of Queens at Charlottetown, Prince Edward Island, a description of the site and the plans of a Causeway proposed to be built over the Pinette River at Pinette, Lot 58, Queens County, Prince Edward Island.
And take notice that after the expiration of one month from the date of the first publication of this notice, the Department of Highways will, under Section 7 of the said Act, apply to the Minister of Public Works for approval of the said site and plans.
Dated at Charlottetown, Prince Edward Island, this 14th day of May, A.D. 1957.
J. G. MacKAY,
Minister of Highways.

Amazing Tire Secret

the only tire that...
CHANGES ITS TREAD AUTOMATICALLY

GO! And as you're rolling along the highway, the new Dunlop Gold Seal tread gives you racing tire surface. The tread is closed to provide even, solid ribs for smooth riding, maximum mileage.

STOP! Emergency! Your foot goes to the brake—and instantly, your Gold Seal tread changes automatically to a traction tread—opens up into hundreds of grip-fast sections that seize hold of the road for a miracle stop.

CORNER! And the Gold Seal tread changes again—brings into play road-hugging stabilizers plus unique "sound barriers" that end the nerve-wracking screech you get with ordinary tires.

REDUCES STEERING FATIGUE! When you leave the highway, you'll find that your Gold Seals ride the ruts. The reason? New stabilizer shoulders and smooth sidewalls end fatiguing wheel flutter, and give steady steering. Insist on safe, silent Gold Seal Tires for your new car. Order them when you need replacements.

DUNLOP Gold Seal
Available in conventional or tubeless, black or white-wall, nylon or rayon.
