NOITOURIST TRADE

TRADE WITH TOURISTS

There is no doubt that the Tourists are coming to the Island this year—more than ever before—and if they are wise they will probably be pleased with their visit. If you are a merchant, if you are a hotel keeper, if you own a livery stable, or have a soda water fountain you know how valuable their trade is. You want to get as much as possible of it this year. And to get as much as possible you must advertise for it. We submit that the best medium for advertising to the Tourist Trade is the Prince Edward Island Magazine. Many copies of last year's July and August numbers were bought by them, and at least as many will be bought this year. The July number which is to be out shortly is to be an especially good number. It will have more reading matter than usual, and its circulation will be half as large again as the average number. Have your advertisement in this number. It will pay you.

FLEET WOOD.

No. 31623—Record 2.30.

"Fleetwood" may be seen every market day at Connors' stables Grafton street near the Fish Market. This horse is extremely fast, is bred from the best stock in Kentucky. He is a splendid carriage horse with the stamp and appearance of the English Thoroughbred. As a sire of handsome high-class harness horses he stands unrivalled in this Province. Mr. Angus Cameron of Clyde River says his Fleetwood foal one month old is the best he ever saw and Mr. Cameron has had some of the best ever raised in the Island.

Mr. D. C. McKinley took "Chestnut" a full brother of Fleetwood to the St. John Exhibition last fall and took first in every class defeating the famous Sanborn coach horses of Maine which never were beaten in a Canadian show ring till Fleetwood's younger brother downed them. Blood will tell every time and Fleetwood is siring just such "Chestnuts."

ADDRESS AND PRESENTATION

On Saturday evening a committee waited on Mr. and Mrs. John B. Connolly, on behalf of the B. I. Society, and presented them with the following address and a valuable dinner and tea set:

To Mr. John B. Connolly, Chief Marshal B. I. S.

DEAR SIR,—The undersigned on behalf of the B. I. Society desires on this auspicious occasion to offer you and Mrs. Connolly our hearty congratulations on the happy event you have just celebrated. As a member of our institution we know that you have never sought prominence but faithfully discharged the duties imposed upon you more through a sense of duty than with the view of enjoying honor or obtaining applause. We are also glad to have an opportunity of attesting to the high esteem in which your estimable partner is held, not only by the members of our society but the community in general.

We feel, however, that we owe you something more tangible than words, and as a small token of our good will and friendship desire you to accept the accompanying present with the earnest wish that your lives may never be overcast by even a passing cloud and that happiness and prosperity may ever be your portion.

Signed on behalf of the B. I. Society,
D. O'M. REDDIE,
President.

Mr. Connolly thanked the committee in suitable terms for their address and the handsome wedding present accompanying it.

Mr. Connolly was also kindly remembered by his fellow-employees in Esdale Foundry, who gave a handsome and valuable present.

EXCURSIONS SUGGESTED.

SIR,—Now that the S. S. Princess leaves Charlottetown for Pictou at a reasonable time in the morning would it not be well for the Steam Navigation Company, if they have not already done so, to arrange cheap excursion return trips. I am sure that many Charlottetownians as well as strangers who enjoy a sail on the briny would liberally patronize such excursions if put in force.

PARALYSIS CURABLE.

Stricken ones to be Seen Everywhere—This Form of Living Death Cured by Dodd's Kidney Pills.

The most startling example of human helplessness is the paralytic.

The victim excites your commiseration, but resents your pity.

He of the palsied hand stiffly pressing the benumbed side is to be seen everywhere we go.

The most convincing proof that this pitiable condition is the outcome of kidney disease is the fact that Dodd's Kidney Pills cure it.

Not generally recognized as a kidney disease, it succumbs to kidney treatment.

Did you ever know of a cure? Just think a moment.

If you do it must have been the work of Dodd's Kidney Pills, for no other medicine ever yet cured.

DISPLAY OF SEWING.—The display of plain and fancy sewing in St. Joseph's Convent to-day is well worth calling to see. There is a large assortment of work, all of which is well done. The work was all done during school hours by the girls, whose ages range from five years upwards, and its excellence and variety speaks eloquently of the instruction imparted by the good sisters. Prominent in the display of fancy sewing is what is called a Friendship Cushion, the work of Miss J. DesRoches. This cushion is made of innumerable pieces of ribbon upon which friends have placed their names. Conspicuous among the plain sewing are two dresses one of which was made by May Dougan and the other by Angie Monaghan.
