

Crystal Dairy Makes It Two Straight Over Flyers

The Crystal Dairy softball team of Summerside made it two straight over the R.C.A.F. Flyers, defeating the Airforce boys at the R.C.A.F. north diamond by the score of 15-7. Charlie Ballem pitched for the winners and gave up only four hits, all singles, and one of them the daddy of all scratch bingles. Ballem's control was away off, however, and he walked 13 batters.

Gord Jackson started for the Flyers, gave up eight hits in 2 2/3 innings. Cottrell came in as relief with two out in the third and was touched for five hits in 1 1/3 frames. Jackson walked 3, and Cottrell 2.

Gerard Bernard led the hitting parade with three hits including a double in five tries. Syl Bernard and Ray Durant both hit two for five. Bernard getting a triple. Charlie Ballem and Vance Harris hit home runs. Ballem's coming with a mate on the sacks. Neil Walker, Paul Schurman, Don Cameron, Earl Smith each got a safe bingle. Earl Smith hit a triple. Both Syl Bernard's and Smith's triples were potential circuit clouts, but both boys tripped and fell going from first to second.

Ray Durant made five catches in left field, and uncorked a perfect peg to the plate in the inning which failed by a split second to get Jackson going home.

Let's Talk It Over

Probably the best things on a vacation trip, as in life, are free. You don't have to pick up a silver check for the sight of a silver lake nestled in between picturesque hillsides. There is no government tax for the friendliness of a native who gives you information or helps you out of some difficulty along the road. These are the things that will stay in your memory the longest when you return to the daily grind of routine duties back home. We can't change much at any rate, the scenic splendor of our homeland.

We Islanders have a rich heritage of natural beauty and could scarcely wish for much improvement in the Garden of the Gulf. We have an enviable reputation for our particular brand of Island hospitality too, and this we must zealously try to uphold.

There is a certain temptation for people in trade where tourists are concerned. Their regular customers, people who must be treated with consideration to keep them coming back for more. But the stranger may never pass that way again. Therein lies the temptation to get a little extra for services rendered. Occasionally you get the impression that someone has taken advantage of your being a stranger. It is, of course, a short-sighted policy, and like fishing or hunting out of season, rebounds to hurt you in the long run. The comparative carelessness of such practice on our island gives us added credit with our visitors. As a people we are not given to putting the wrong interpretation on the biblical passage: "He was a stranger, and I took him in."
