Don Mills Coming

PERHAPS THE most powerful track and field club in Canada, Don Mills, has announced they are sending a team of 23 athletes to this weekend's Eastern Canadian Age Class track and field championships at Summerside.

Leading the team will be juvenile aged Cathy Chapman, who won the Ontario Senior Women's 100 yards two weeks ago and finished second in the 220. If conditions are good at Summerside, it is likely she will set a new Canadian mark in the juvenile hurdles.

In the Midget girls division, Picco, Chatland and Wilson are capable of beating one another on any given day in the 60, 100 and 220. Picco won the Ontario midget 60, 100 and 220 and Wilson has established a new Canadian midget record for the 100 meters.—11.2 seconds. Wilson has done 11.9 in the hurdles and Picco has a mark of 12.4.

In the Midget boys division Don Mills probably has three of the four best athletes in Ontario. Frances runs the 100 in 10.3. In the field events Crosby is record holder in the shot and the discus. Watts and D. Arnold are both strong in the field events.

Raftis has cleared 13'6" in the Junior boys pole vault and Brown is current Canadian record holder for the 440 yards hurdles.

It looks like a powerful team from Don Mills.

MacKenzie Top Contender

CHARLOTTETOWN native Art MacKenzie goes into the second day of the N.B.-P.E.I. Amateur Golf championships at Belvedere this morning rated a favorite-among-favorites to walk off with the annual championship.

MacKenzie is by far the province's most consistently good golfer. Last month he finished tied for top amateur honors in the Maritime Open at Belvedere but lost a playoff to 'Butch' O'hearn, Dartmouth, for the top prize.

Two weeks ago at his home Belvedere course MacKenzie came from behind to win the P.E.I. sectional tournament but couldn't make the trip to Fort Fairfield, Maine, for he sectional playoff. Doug MacAfee, Sussex, and Gord Leslie, Renforth, won the two willingdon berths. Both are in Charlottetown today for a crack at the Amateur title.

MacKenzie has been the kind of golfer who will stay a few strokes behind the leaders for most of a tournament; but in the final round he'll come up with his best score of the meet and nip you by a couple of shots. He does it all the time.

Last week's winner of the Belvedere Club championship, MacKenzie will be trying for one of the two positions on the Willingdon Cup team that are up for grab.

There'll be plenty of good golfing action at the course today and tomorrow. Drop out and have a look.

Off The Cuff

ENMAN DRUG of the Prince County Softball League made a great showing at the Maritime Open Softball Tournament in Moncton over the weekend. **LOU WHITE**, a new addition with two wins while **JERRY MOORE** rapped three homers. He's usually better than that. **ANDY ARSENAULT** ran 1:58.7 Friday; so it might not be too long before he comes up a performance as good as Crothers ...... The American-owned colt Nasram 11 Saturday brought off the upset of the English horse-racing season by beating Irish Derby-champion **SANTA CLAUS** in the King George VI and Queen Elizabeth Stakes at Ascott, England ..... **VERN HANDRAHAN** picked up his third win against one loss for Rochester Saturday when he took over with two out in the seventh and blanked Buffalo the rest of the way. Hank Aaron Batting 400; Oliva Tops American Loop

By BEN OLAN

NEW YORK (AP) — Hammerin' Hank Arron, seeking to nail down his third National League batting title, has been hitting at a .400 clip the past three weeks to climb within striking distance of the lead.

The star Milwaukee outfielder has hit safely in 22 of 23 games since June 26, collecting 40 hits in 100 tries and lifting his average from .289 to .320.

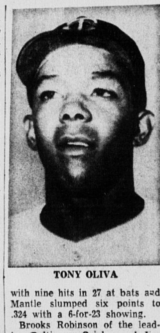
In last week's games, Aaron had 12 safeties in 29 tries and moved up one more notch to fifth in the batting competition. He trails the leader, Billy Williams of the Chicago Cubs, by 22 points.

Williams lost two points to .342 in last week's action with an 11-for-34 showing. However, the young outfielder regained the No. 1 spot from Roberto Clemente of Pittsburgh. Clemente managed 10 hits in 36 trips, a .278 pace, and dropped seven points to .341.

Willie Mays of the San Francisco Giants held third place despite a four-point decrease to .333. Mays, however, slammed two homers and drove in five runs to increase his league-leading totals to 29 home runs and 67 RBI.

Ron Santo of the Cubs was the most productive batsman among the leaders. He moved up from seventh to fourth, slashing 14 hits in 30 trips for a 14-point gain to .325. The figures include Sundays games.

In the American League, rookie Tony Oliva of Minnesota held onto first place although he fell two points to .334. Teammate Bob Allison, meanwhile, wrestled the runner-up position from New York's Mickey Mantle. Allison remained at .326



TONY OLIVA

with nine hits in 27 at bats and Mantle slumped six points to .324 with a 6-for-23 showing.

Brooks Robinson of the leading Baltimore Orioles and Jim Fregosi, Los Angeles Angels, each gained five points to maintain the Nos. 4 and 5 positions. Robinson is at .320 and Regosi at .317.

Dick Stuart, Boston's slugging first baseman, drove in 15 runs last week and took over the RBI lead from Minnesota's Harmon Killebrew with 78. Killebrew, who has driven in 70 runs, walloped two homers and increased his pace-setting total in this department to 33.

SPORT ECHOES

By Norman Macdonald
Summerside Bureau of The Guardian

Throwing Good Ball

Doug White, the pitcher whom Enmon Drug had signed up in absentia early in the year, has arrived in Summerside from Greenwood and won his first ball game last week, downing the power packed Coastal Movers 13-5. He allowed the Movers seven hits, Doug Tucker getting to him for a home run, Bill Ross and John Poirier each rapping out a triple and one other safe bingle. The Coastal Movers are about as tough a team to face on your first appearance in Summerside as you can imagine, so White must be a Grade-A product to win over those sluggers. Enman Drug has now two top-notch pitchers in Pete Devana and Doug White. The team is third in the league standing as we write this, but the new addition to the pitching corps should make them tough cookies to crumble. You had better sharpen up your batting eyes, R.C.A.F. and Coastal Movers.

Although Summerside, Charlottetown and Kings County didn't manage to get together in organizing a baseball league this year, it looks as if three teams representing those areas may play some interesting exhibition games. Summerside "Old Timers" (They'll probably blossom into an all-star team before the season is over) took a close one from Mount Stewart, and Charlottetown has organized an all-star aggregation. True, these phenomenal Capital City juveniles tied an 8-3 pasting on the new intermediate all-stars, which is a bit unusual, but Charlottetown is known to have an exceptional group of juvenile players, and they will be a real challenge for an Island intermediate team to take their measure. How about challenging those cocky kids to a game, "Old Timers"? Then we'll know for sure if youth must be served, as the old cliche has it.

Powerful Junior Club

When those juveniles are graduated into the junior class, Summerside had better have done a real building job in the meantime, to maintain their Island Supremacy in the junior ranks. This year the Summerside boys should repeat their triumph of last season, and if they do and look to the mainland for further worlds to conquer, they'll have plenty of competition from the Kentville Juniors who are beating some of the best intermediate aggregations in the Valley. They were considered tough last year, but Halifax Juniors beat them. The word is that Kentville is quite a bit stronger this year, so naturally they're expecting more in '64. Don't be surprised if Kentville and Summerside fight it out for the Maritime title.

An Interesting Race

It's actually past the middle of July and those pesky Baltimore Orioles refuse to lie down and play dead before the awesome Yanks. It is making for a fine race, and if the Yankees come out on top it will help to know they have been in a bitter struggle. Whitey Ford is still a mighty tough opponent, and although most of the other flingers are less reliable, the power of the New York team often comes to their rescue.

P.E.I. Golfers Leading Amateur Championships

A pair of Island golfers, Art MacKenzie, Charlottetown, and Hank Seiford, Summerside, fired scores of 74 at the Belvedere Golf and Winter Club yesterday to share top spot in the opening day's play of the N.B.-P.E.I. Amateur Golf championships.

MacKenzie, consistently a top contender on his home Belvedere course, shot 36 for the first nine holes and came home in 38. Seiford recorded the same scores.

In third place after 18 holes was D. MacFarlane, Edmundston, who scored 36- 39- 75. Charlottetown native Bill Beer had 76 for fourth place and five golfers — Bill Bishop, Saint John; John Sears, Edmundston; 'Mousie' Dowling, Moncton) D. Miles, Westfield; and Doug Lewis, Moncton. — recorded scores of 77 for a share of fifth place.

The more than 200 golfers play another 18 holes at the City course beginning at 8 a.m. today. Those in contention for the championships will play in the final draw Wednesdoy.

The weather was clear for all of yesterday's action but several reputable mainland golfers, not accustom to the course, were bothered by a light breeze throughout the day.

Ron Boyles and D. V. MacDonald, both of Belvedere, led the second division with scores of 77, and 78, respectively. The third division leader was E. C Taylor, Belvedere, who recorded a blistering 75.

Taylor was also tops for Senior honors, followed by J. K. Manuel, who had 78.

Moncton Team One and Edmundston Team One were tied for the team championship with 319. Riverside One, was third with 321.

If all gasolines are the same how come B-A gasolines can give you more power and faster pick-up?

B-A Gasolines contain a special detergent to keep your carburetor clean. This gives you smoother idling, positive pick-up and better fuel economy. • B-A Gasolines burn clean and prevent excess combustion deposits from forming on pistons, rings and valves. This means less engine friction and less blow-by. You get more power from every gallon. • B-A Gasolines are Final-Filtered at the pump to eliminate harmful dirt particles that could interfere with your car's proper performance. • This is why we say you can get more power, faster pick-up and better mileage with B-A Gasolines.
