

# Old Time Minstrel Show At the Prince Edward

### Audience Last Night Was Treated to One of the Finest Performances of its Kind Seen Here for Some Years.

The performance of John R. Vanarnam's Minstrels at the Prince Edward Theatre last night, which has been looked forward to eagerly since the first announcement of it appeared in the daily press was received with enthusiasm and the splendid programme delighted old and young alike.

Whether the comedy dancing, the gorgeous costumes or the splendid musical features did the trick all went away pleased with the programme. The show is one of the largest minstrel performances ever staged here and comprised thirty all-white stars and carrying a 20 piece band. The entire cast is exceptionally good and special mention could be made of the marvelous skill of Jack Duncan with his educated ropes, and the exceptionally clever work of the flying Barlows. Individually the specialties were exceptional, entertaining and exceedingly funny and all heartily applauded. "The feminine reflections" by Olin Landick, kept every one guessing as his presentation of the New York chorus girl, was one of the features of the evening.

# General Civil War Now Throughout Ireland

### Rory O'Connor and His Band of Insurgents Surrendered Unconditionally, the Leader Being Captured. DeValera Assumes Command of Insurgents. British Troops Have Not Interfered.

(Special to The Guardian.) DUBLIN, June 30.—Eamonn DeValera, former president of the Irish Republic, assumed supreme command of the insurgents today. DeValera took the leadership of the rebel army which is fighting Free State troops throughout the city of Dublin.

"As Rory O'Connor's forces were driven from the Four Courts in a final Free State assault early today, the announcement was made that DeValera had openly declared war against Collins' government. This indicates a general civil war throughout Ireland and it is believed that the insurgents, under DeValera will make a supreme effort to overthrow the Free State Government which was established by the treaty with Great Britain. Three lorry loads of British forces were ambushed at Black Rock by insurgents today. It was reported here today.

A formal investigation was held in Mulgrave, N. S., on June 17th, to ascertain the cause of the Grounding of the Car Ferry "Scotia" near Borden on May 7th. The court was presided over by Capt. L. A. Demers, P. E. I. S. Dominion Wreck Commissioner assisted by Capt. N. E. Morris and Capt. Alfred Canion, as Nautical Assessors. The interested parties were without legal representation. The witnesses examined were: Capt. J. N. McKinnon J. R. B. Maguire, 2nd officer; Chas. Campbell, Chief Engineer and Win. White, Quartermaster.

The following is the FINDING: The Court having carefully weighed the evidence adduced is of opinion that Capt. McKinnon adopted every precaution which prudence and good seamanship demanded.

His last order to port the helm and full speed astern was proper as he heard the whistle at full on the starboard bow.

He heard the whistle previously to obtaining a cast of three fathoms; but owing to lack of pressure the sound was not that which he was habituated to hear, and he concluded, that another steamer was ahead of him. The speed of one and a half knots was justified.

In view of the above, the Court exonerates the Master from blame and attributes the grounding of the S. S. Scotia, No. 1 to the currents which were northerly in that vicinity, the velocity being underestimated. The cause could not be determined owing to slow speed and unavailability of the compass rendering any accurate and reliable knowledge of the effect of the current impossible.

Read in open Court at Ottawa this 22nd day of June, 1922.

(Sgd.) L. A. DEMERS, Dominion Wreck Commissioner.

(Sgd.) N. E. MORRIS, (Sgd.) ALFRED GANION, Nautical Assessors.

PARIS, June 30.—The death of Prince Albert of Monaco is certain to be followed by a strong effort to make the tiny principality of the principality of Monaco, which is in an area of 1.5 square miles, an independent state. The fact that Prince Louis, the new ruler of Monaco, is an officer in the French army—he was made a Brigadier-General today—will increase the influence brought to bear on union with France. His decision as to whether or not he will remain in the French army will foreshadow future developments. Prince Louis now stationed in Upper Silesia, is a keen soldier and has spent his entire career in the French army. Two years ago he adopted the French Duchesse de Valentinois as his daughter and heiress. Should he decide to remain in the service the already comic opera nature of the Monaco army of 200 men will be increased by having a French General at its head. On the other hand, the people of Monte Carlo, dependent directly or indirectly on the gaming rooms, will certainly fight any attempt to make them French. They do not now pay any taxes and have no desire to be forced to shoulder part of the burden of French pre-war finances.

WASHINGTON, June 28.—Forty United States employees of the Cortez Oil Co., near Tampico, and destructible property valued at a quarter of a million dollars are being held by the rebel general Gorozebe, for ransom of \$15,000, according to a message from the United States consul at Tampico. Instructions were sent by the state department to urge the Mexican authorities to take immediate action.

ire city was shaken. Great volumes of flames shot high into the sky. Unconditional surrender of the Four Courts, insurgent stronghold and the capture of the entire rebel garrison, including General Rory O'Connor, was announced in an official bulletin here this evening.

Lieut. Colonel O'Connell of the Free State troops, who was held as a hostage in the Four Courts was freed. Previous to the surrender the Four Courts was destroyed by two torpedoes.

LONDON, June 30.—Thirty Free State soldiers were killed or wounded when a mine, planted by insurgents blew up part of the Four Courts in Dublin. Winston Churchill announced in the House of Commons today.

Several buildings near the Four Courts broke into flames as a result of the blast, he said. Churchill also announced that a party of insurgents had ambushed a contingent of British troops, wounding two.

The Colonial Office announced that the rebels had surrendered the Four Courts unconditionally.

The Colonial Office also announced that it believed the backbone of the rebellion had been broken.

LONDON, June 30.—When the surrender took place the Four Courts were still in flames. There were 130 of the irregulars in the party as they marched out with a priest at the head of the column. The Free State commandant had issued orders to cease firing.

The explosion in the Four Courts was apparently caused when fire ignited a mine which the irregulars had left when they evacuated that part of the stronghold, earlier in the day.

DUBLIN, June 30.—Shortly after 5 o'clock this morning seven lorry loads of British soldiers in full kit with metal helmets and rifles and followed by a machine gun car passed along Adelaide road, and were sniped at. It is presumed the British were on their way to protect the naval station at Kingstown, which was attacked yesterday by irregulars.

SEMI-FINALISTS IN WESTERN GOLF KANSAS CITY, Mo., June 30.—Chick Evans, of Chicago; George Von Elm, of Salt Lake City; Clarence Wolff, of St. Louis, and Fred Wright, of Los Angeles, will fight it out tomorrow in the semi-final rounds of the western amateur golf tournament at the Hillcrest course, as a result of their victories today.

Evans and Von Elm had walked away in their matches, but Wolff and Wright were victorious only after nerve-breaking struggles, which produced beautiful golf.

"Chickie's" victory was six and five over young Ted Payseur, of Des Moines, while Von Elm had Francis Gaines, of Omaha, who yesterday eliminated Harrison Johnston, of St. Paul. Wolff got into the semifinals through defeating S. Davison Herron, of Chicago, former national amateur champion, 4 to 3 in a great match, and Wright was forced to show young Jess Shultz, of Kansas City, three and one.

Evans, trans-Mississippi champion and Pacific northwest title holder, will meet Clarence Wolff, tomorrow, while Evans and Wright fight it out to decide who the other finalist will be. Play will be at thirty-six holes.

IRATE HIRED MAN SUBDUED BY CAT ST. CATHERINES, June 30.—A black cat proved lucky to Farmer Honsberger of Jordan when his hired man started to violently pounce on him after wages he claimed due him. The hired man, it is alleged, had run a \$15 grocery bill in Honsberger's store, which Honsberger had paid. When the hired man wanted to quit and demanded eight dollars wages, Honsberger showed him the receipted bill. That started a fight.

A constable was called in, but the husky plowman was proving too much for the two, when one of them snatched the family's black cat and thrust it in the face of the irate hired man. The spitting and scratching feline settled the argument in a jiffy.

Magistrate Campbell, adjourned the case for a month to give the contending parties time to cool off.

HE'S HUMAN TUGBOAT BOSTON, June 30.—Towing a rowboat occupied by five persons, Charles Toth, who will attempt to swim the English Channel this summer, today swam five miles from the L street bathhouse to Coe's Island and returned. The first half of the swim was against wind and tide. His time was 2 hours and 2 minutes. The total deadweight of the two was 1,425 pounds. Toth showed no signs of fatigue after the test.

PARIS, June 30.—Since the assassination of Field Marshal Wilsen and Dr. Rathenau, both President Millard and Premier Poincare have been closely guarded by detectives. Their homes also are surrounded by police.

# Big Railway Strike Scheduled for Today

### Railway Unions Refused to Appear Before Railroad Labor Board. Head of Shop Crafts Defied the Board Claiming it Had Exceeded its Authority.

(Special to The Guardian.) CHICAGO, June 30.—Railroad unions refused to appear before Labor Board Bert M. Jewel head of shop crafts who are scheduled to strike at ten a. m. Saturday; today defied the United States Railroad Labor Board. Jewel refused to appear before the Board in answer to a citation asking him to attend a conference of union chiefs railroad executives and members of the board.

Jewel claimed the Board had exceeded its authority in issuing the citation.

BRILLIN, June 30.—Ninety persons have been arrested in Berlin as a result of discovery of a wide spread plot to overthrow the Weimar Government.

Prominent cabinet members were marked down for assassination similar to Rathenau's fate according to evidence seized by police.

Lieut. Guenther, former secretary to Ludendorff was among those arrested. His rooms were searched and letters from Helfferich, Von Jagow, Ludendorff and other Nationalists, were found indicating they had close relations with the conspirators.

Guenther, who was known under several aliases and was privileged as the General's secretary, is believed implicated in the murder of Rathenau. Authorities are hopeful they have stamped out the spark of a Monarchist uprising but intimate further sensational arrests may follow.

## Stoway Found on Amundson's Ship

(Special to The Guardian.) SEATTLE, Washington, June 30.—A stowaway was discovered aboard Amundson's ship, "The Maud", now en route toward the polar regions, says a radio message received here.

The self appointed passenger on the seven year trip amid the Arctic ice pack was discovered by the New York state boxing commission. No date for a conference was mentioned in the statement issued by the boxing commission, but it is understood the managers of the two heavyweights will meet and arrange the necessary preliminary details within the next week or ten days.

Mangus Mullins, speaking for Wills, said he desired a bout before fall, but such appeared improbable. Tex Rickard, the promoter from whom it is understood both heavyweights expect an offer, stated emphatically that he would not be interested in a contest before next summer.

Demsey has said that he required several build-up matches before he is ready to risk his title against such a formidable contender as the "Black Panther".

He is understood to be considering matches with Bill Brennan, Jess Willard and Harry Greb, and while not all these contests would be of championship calibre, they would serve in training and combat as preparation for a clash with Wills.

So far as he is known the negro heavyweight has no prospective matches in sight at present.

## Indian Prince Buys Biggest Private Yacht

LONDON, June 30.—The Canadian Pacific steamship Empress of Japan has been sold to a rich Indian prince, who will convert her into the biggest private steam yacht in the world.

The name of the purchaser has not been revealed, but it is said that his attention was first drawn to the ship's beautiful lines by seeing her sister ship, the Empress of India, which acted as a hospital ship during the war.

There were about thirty guests present. The little Misses Isabelle Crawford and Minnie Boswell prettily dressed in pink organdy acted as flower girls, the bride and groom being unattended. The bride looked charming in a gown of white satin and the conventional wedding veil and carried a shower bouquet of white carnations. After the ceremony the guests sat down to a sumptuous supper. The remainder of the event was pleasantly spent in music, conversation and general merriment. The bride who is one of the most popular young ladies of Frenchfort was the recipient of a large number of elegant and costly presents. ## Who Won the "Battle of Jutland?"

With the releasing of the official British Admiralty production of "The Battle of Jutland" all doubt, if any can possibly exist after the retirement of the German High Seas Fleet, as to who won that much talked about battle, is ended. The picture of "The Battle of Jutland" which will be shown at the Prince Edward Theatre July 3rd and 4th, shows distinctly the movements of the British fleets under Beatty and Jellicoe as well as those of the Germans. Returned men who were on the British ships and who were thoroughly familiar with the details of the fight, are loud in their praise of the picture, declaring it to be the most realistic and thrilling war picture yet shown.

Unlike some of the previous official pictures of the war which frequently showed a monotonous series of views of the front, "The Battle of Jutland" presents a graphically the story of something never before attempted—a great battle at sea! See it at the Prince Edward Theatre, Monday and Tuesday next.
