Prince County Fish And Game Ass'n Meeting

The Prince County Fish and Game Association, with the president E. N. MacQuarrie, in the chair met on Thursday night in the Town Hall, Summerside with an attendance of about sixty members from Tignish, O'Leary, Tyne Valley, and Kensington. One minute of silence was observed in memory of the late John E. Campbell, honorary president of the Association.

Two guest speakers from Charlottetown were present, B. Graham Rogers of the Provincial Department of Industry and Natural Resources and H. R. Vessey, secretary of the P. E. I. Fish and Game Association. These speakers proved of great assistance to the Prince County branch in the planning of this year's work.

Definite selection was made of seven streams slated for improvement this year, although some may not be completed until 1951. These streams include, Wilmot River, Tyne Valley stream, Gards at Mill River, Hayward's at Tignish, Beaton's at Coleman, Little Pierre Jacques and Hunter's stream at Baltic.

The matter of educating the youth in fish and wild life conservation was thoroughly discussed and recommendations made that the Provincial Government be approached on the matter and that the Department of Education and the Fish and Game Association circulate pamphlets and letters. The idea of having school pupils sign conservation pledges was discussed but nothing definite was decided.

It was recommended that Government notices of fishing regulations be posted at all popular fishing sites to inform the public, and especially tourists, of trout size and limits.—S.

—**ON INSPECTION TRIP** — A routine inspection visit was paid to Summerside yesterday by Mr. E. B. Robb, Moncton, general freight agent, C N.R., Mr. Edward A. Ryder, Moncton traffic manager and Mr. L. J. McDonald, Charlottetown divisional freight agent and district passenger agent. They were escorted on a visit around the Town by Mr. J. P. Hogan, station agent and visited a number of business men, including His Worship, Mayor Henry Wedge. —S.

Selina O'Halloran—Teacher.

EXHIBITION ASS.

Continued from page 5

Exhibition plants and race tracks in Canada and the U.S.A. with a view to seeing the improvements it would be possible to make in our show.

"After Goodwill Races Director Acorn and myself went to Foxboro and got some very valuable information in the system they used in starting horses behind the gate; viz: a walk-up system. Under this system, while we were there, I never saw a start with the horses out of position or more than half a length back. This system will be installed this season. We went from there to Roosevelt and we found there the starting system behind the gate much superior to the system we have been using here, and we feel this system will be much more satisfactory to the race horse owners and the general public.

"We travelled from there to Saratoga and as we were interested in the erection of a grandstand we took very particular interest of the construction of their stands and general set-up. We think the grand stand set-up at Saratoga would be quite an acquisition to our plant. We also called at some exhibition plants on the way home via Montreal. We also visited the Truro race track early in June accompanied by Director McLaine.

New Building Program

"In November I attended the meeting of the Canadian Association of Exhibitions at Toronto and received some information at this meeting of building agricultural buildings at Class A shows and I contacted with the Dominion government officials which were present, and they informed me their building programme would be to put up one-third of the cost of agricultural buildings, provided the local government would do the same and our Association assume the other third.

"After returning home I put this proposition up to the directors at the meeting held in Novecber and as I felt our needs were very urgent, our agricultural buildings being in very bad repair, and being very much interested in the agricultural end of the show, and to hasten matters I thought it advisable to make a trip to Ottawa at headquarters as it was very slow writing letters. I arrived at Ottawa and found the government officials very co-operative and I got the assurance they would support the plan outlined above. In all I travelled about 7,400 miles and I think it was money well spent as we now have a building programme for the next five years with a total of $156,000. While on my travels I was away thirty six days.

"On returning home I interviewed the Premier and his executive and found them very favorable to this proposition, and I want to thank the local government for their cooperation in making this building programme possible.

"Very few are aware of the amount of work entailed in managing this Association due to our extensive racing programme. I just might mention for the benefit of the shareholders that over forty meetings were held by the directors and numerous committee meetings.

"Mrs. Ida Yeo deserves special mention for carrying on the duties of Clerk of the Course so faithfully and so efficiently without fear or favor.

"We had the pleasure of welcoming Premier Jos. R. Smallwood, of St. John's, Nfld., who officially opened our 1949 show.

"I cannot close this report without referring to our loss by death of Milton C. Bell, Lloyd O'Brien and Harry Walsh, who have been associated with this Association for some years.

"This Association wants the exhibitors to feel that they are a part of this agricultural show and we have invited representatives of the different breed organizations to our meeting to shape our prize list as we feel it is impossible to make a success of this show unless we have their cooperation.

Expresses Thanks

"In closing I wish to thank, on behalf of the directors and shareholders of the Charlottetown Driving Park and Provincial Exhibition Association, the Premier, the Provincial Government and Commissioner of Agriculture, Hon. C C. Baker, the Department of Agriculture, both Dominion and Provincial, and all Government officials who have so willingly cooperated in making this show a success. I would like to extend my special appreciation to the merchants who sponsored our Old Home Week races.

"We also wish to extend the same courtesies to the Charlottetown Guardian and Patriot and other local and Maritime papers, C.F.C.Y., Travel Bureau, the Mayor and City Council of Charlottetown; also the hotels, restaurants and private homes, and any others who have helped out in any way to accommodate our guests who visit us during Old Home Week.

"As President, of this Association I wish to express my appreciation and thanks to the directors for their faithful attendance at all meetings and the fine and efficient way in which they have performed their duties as directors of this Association and members of the different committees.

"I also wish to thank the directors for electing me as their President and for the trust and confidence they have placed in me and I only hope I have lived up to their expectations.

"I would like especially to thank the Secretary, Cmdr. G. H. Buntain, for his untiring efforts.

"I also wish to thank the office Secretary, Miss Bertie L. Stewart, for her efficient work during the year.

"Now I have attempted to make a summary of the years work and have pointed to some of the improvements which have added greatly to the success of the 1949 show.

"It is my sincere wish at this time that this Association will continue to grow in importance and achievement and that it will ever stimulate the breeding of better pure bred livestock in our Province and provide for our citizens, both at home and abroad, a week of valuable education and social entertainment of which we shall be justly proud."

IN MEMORIAM

MRS. CATHERINE J. MACKINNON

—The residents of Brae and vicinity were saddened to hear of the death on April 1st of Mrs. Catherine J. MacKinnon in her eighty-third year. Although failing in health for some time, she had been able to perform her household tasks, to visit a neighbor occasionally, and to attend Church services until about the middle of March, when she was stricken with a heart ailment to which she succumbed two weeks later. Born in 1866, she was the daughter of the late Donald MacPhee and his wife, the late Annie Thompson MacPhee of Brae.

She leaves to mourn her loss three sons, Harry of Brae, Hugh of Moncton, N. B. and James on the homestead, all of whom together with their wives were at the bedside of their Mother when she passed away Surviving also are eight grandchildren; two great grand-children, two sisters, Mrs. James Hierlihy of Edmonton, Alta., and Miss Elizabeth MacPhee of Beverly, Mass., and one brother, John MacPhee of South Paris, Maine.

The funeral which was held from the home of her son James, to the Brae United Church, was largely attended in spite of the bad condition of the roads. Her Minister, Rev. W. G. Dickson who visited Mrs. MacKinnon frequently during her last illness, conducted the service, bringing a message of comfort centered around the text: "I will Rise Again." Hymns sung were old favorites: "What a Friend we have in Jesus", "The Lord is my Shepherd" and "Safe in the Arms of Jesus." She was laid to rest in the family plot of the Brae United cemetery beside her husband, the late John A. MacKinnon who predeceased her eleven years ago.

Pall-bearers were: — Bradford MacKay, Wilmot Read, Merton Casely, John A. MacNevin, Harris Rogers and Dermot MacLean. Bearers of the floral expressions of love and sympathy were:—Edward Coughlin, Charles Caseley, Harold Bryenton and Elmo Crozier.

ROYAL NAVY

Continued from page 1

near Amoy..

"Cossack closed to identify and confirmed that the vessel was the Ethel Moller.

"Cossack assumed control of the situation."

"The Ethel Moller is being escorted to Hong Kong."

Chinese Nationalists seized the Ethel Moller in February as she was outward bound from Hong Kong to North China ports.

Detained while attempting to enter the southeast coast port of Amoy, the Ethel Moller was taken to Formosa.

Britain protested about her detention and that of other British ships which Nationalist warships had intercepted in their attempt to blockade the Communist - held mainland.

The Ethel Moller is owned by the Anglo-Chinese Shipping Company, Limited.

Used As Troop Carrier

In March it was reported that Chinese Nationalists were using the Ethel Moller as a troop carrier for raids on the Chinese mainland.

The Elsie Moller, sister ship to the Ethel Moller, was the first vessel to beat the blockade after Britain recognized the Communist regime in China. She was damaged by aircraft attacks while running into Shanghai in January.

The Cossack, completed in 1945, is the successor to the famous destroyer which trapped the Altmark and rescued 300 British seamen off Norway in 1940. The former Cossack was lost in 1941 after she had shadowed and torpedoed the German battleship Bismarck.

Last November the new Cossack (1,710 tons) rescued 1,200 Chinese troops by lifeline in bad weather from a troopship driven ashore on Formosa.

Tignish Shore

A special meeting of St. Thomas Aquinas Society was held on April 25th with twenty members present. Mrs. Ferdinand Gallant presided. Mrs. Edmond Gaudet, secretary, read the minutes of the previous meeting.

Mr. P. A. Arsenault, who delivered an address in the interests of the Society, told the members that the Acadian people should be proud of their Society which has already produced wonderful results in the field of education. He encouraged everyone to continue to sponsor this worthwhile society.

Mr. Arthur J. Pitre, Mr. Dominic DesRoche and Mr. Ben J. Pitre also spoke and encouraged the president and the officers to continue the good work of the past.

It was decided upon to hold the annual meeting at an early date in the month of June.

WOULD PARDON PRISONERS

MONTREAL, May 12 —(CP) — The Star said in a dispatch from Rimouski, Que., today that town authorities are recommending a full pardon for six prisoners in the Rimouski Jail who helped during the fire emergency there last week-end. The dispatch, which did not identify the prisoners, said that they were being moved from the jail to the armories at the height of the fire when they volunteered to help and promised not to attempt to escape.

Mr. J. F. Arnett To Head S'side Red Cross Society

At a special meeting of the Summerside branch of the Red Cross Society, P. E. I. division, held in the Town Hall this week Mr. J. F. Arnett was elected president, succeeding the late John E. Campbell, who had been president for a number of years prior to his death.

Miss Gladys Holman presided and paid a fitting tribute to the late president for his long and faithful service to the organization. In accepting the presidency Mr. Arnett also referred to the late Mr. Campbell's many years of service, both to the Red Cross Society and the community as a whole.—S.

WINNIPEG

Continued from page 1

survey showed six square miles of greater Winnipeg's area — estimated at 75 to 80 square miles—had been flooded by the Red and its tributaries. An unofficial estimate said more than 60,000 persons have been driven from their homes in the trans-river cities.

Winnipeg level of the Red and its tributaries might "vary for some time" because of the length of the watershed — beginning in North Dakota and Minnesota — and the 540 square miles of flooding between the metropolitan area and Emerson at the international boundary.

Size of Migration

Official confirmation of the number leaving flood-ridden greater Winnipeg was lacking. Flood headquarters said it has no way of checking the extent of the migration.

But 40,000 persons seemed a conservative estimate. Since the evacuation appeal was issued Wednesday, the Canadian Pacific and Canadian National Railways have carried at least 25,000 adults and children on regular and special trains from Winnipeg. Planes probably accounted for a couple of thousand more. Bus depots were crowded with would-be travellers. A stream of private cars moved steadily along open highways from the city. There seemed no doubt more than 10,000 got away by road.

NOTHING WASTED

When tea was first introduced into America, some colonists drank the brew and ate the leaves with butter.

LUSTY ACTION DRAMA SET IN SILVERADO

—It took a Scotsman, Robert Louis Stevenson, to write one of the most colorful tales of the old frontier days in "Silverado Squatters." This rousing yarn has now been brought to full-blown life on the screen in Columbia's "Adventures in Silverado," which opened yesterday at the Capitol Theatre.

Screenplay by Kenneth Gamet, Tom Kilpatrick and Jo Pagano relates the daring exploits of the hooded bandit picturesquely attired as a monk, who terrorized California's Napa Valley in the 1880's.

It is later discovered that Doctor Henderson (Edgar Buchanan), the community's respected physician, has become a highwayman in order to aid the destitute miners of Silverado.
