Farming Is Becoming Big Business, 4H Club Told

Farming is becoming a big business so rapidly that even the best farmer cannot teach his son for the future Dr. William Jenkins, principal of Nova Scotia Agricultural College, Truro, N.S., told several hundred 4-H Club leaders...

A feature of the evening was the presentation of the province's livestock team judging trophy event to two young people from the North Milton area.

Five-year leadership certificates were presented to a number of people by Agricultural Minister Daniel J. MacDonald...

The recipients were Mrs. Wallace White, Murray Harbor; Sister Helen Joseph, Kinkora; Miss Annie Boyle, Clyde River; Mrs. Glenwood MacLeod, Park Corner; Sister Marie Arsenault, South Rustico; Leo Coyle, Pleasant Grove; Frank MacInnis, Cherry Valley.

Fourteen 4-H Club delegates to National 4-H Club week at Ottawa and Toronto, were introduced by Jack Chandler, who is in charge of the club work for the provincial department of agriculture.

There are terrific changes in medicine and in many other branches of science. The rapid changes are coming in agriculture too, he suggested.

Though some changes may be regretted, changes in itself is good, it was suggested.

Dr. Jenkins is known all across the Maritimes for the work he is doing to build up the Maritimes only agricultural

Call Conference For Sunday

Represented at the fall conference of the Island Chamber of Commerce will be the Summerside Jaycees. The gathering is to take place this Sunday at the Confederation Centre in Charlottetown.

Included in the 15 local Jaycees attending will be President Greg Deignan.

There are two units of the Jaycees on the Island, the other being the host Charlottetown unit.

DEATHS

Forwarded from the Rooney Funeral Home to the home of her son and daughter-in-law, Mr. and Mrs. Ovide Chaisson, Tignish, from where the funeral will be held Saturday, November 26 to St. Simon and St. Jude Church, Tignish for Requiem High Mass at 3.30 p.m. Interment in the church cemetery.

in Charlottetown presenting the trophy to Constance Coles and James Rodd, and John A. Chandler, supervisor of 4-H work on P.E.I.

required to pay the full cost price. Daniel MacDonald, minister of agriculture, on the question of reefer car shortage, brought up earlier during the day, was armed with some significant figures.

Mr. MacDonald stated that the average November shipment for the last 10 years was 1031 cars. During the first 23 days of November this year 1042 cars were sent out.

There are about 200 cars available at various points and moving to the province. Mr. MacDonald expects that 40-50 cars will be made available daily for the next four days.

MONEY FIGURES — In a return tabled in the Legislature Thursday Provincial Treasurer Earl Hickey said that the province should get an estimated additional \$5,164,000 from the federal government in the next fiscal year over the preliminary estimate for this year.

The information was submitted in answer to a query from Mr. Stewart from Sixth Queens. The overall figure expected Ottawa next year is \$19,031,000, compared with \$13,867,000 this year.

This includes statutory subsidies, tax sharing, equalization and an additional Island grant to replace the Atlantic province's adjustment grant.

Mr. Hickey also tabled the names of financial companies who are members of the fiscal agency which will look after the province's borrowing for the next year.

Managers are Royal Securities Corp. Limited. The other companies include E. Ames and Co. Ltd., Wood Gundy Securities Ltd., Dominion Securities Corp. Ltd., Nesbitt, Thompson and Co. Ltd., Burns Bros. and Denton Ltd., Bank of Montreal, Pitfield MacKay and Co. Ltd., J. L. Levesque and L. G. Beaubien Ltd., Gardiner and Co. Ltd., Royal Bank of Canada, Canadian Imperial Bank of Commerce, Bank of Nova Scotia, Toronto Dominion Bank and Eastern Securities Co. Ltd.

The rate of commission on issues maturing in 10 years or more will be \$1.25 per \$100 value. The province is obliged to go through the agency if borrowing more than \$500,000.

ROYAL ASSENT

from any final decision of the board on any question of law. MAJOR MONEY BILL — Other bills were also passed during the session, including two major money bills.

The first enables the federal government to continue collecting income and corporation taxes in the province after December 31 and allows the province a greater percentage of the tax money returned to it by Ottawa.

The second bill permits the government to borrow an additional \$5,000,000 to consolidate debts and offset expenses.

The opposition introduced eight resolutions—two of which were passed and the remainder left for the spring session of Legislature.

The first resolution requested that the federal government give favorable consideration to the area proposed for a National Park in West Prince. The resolution was introduced by Robert Grindlay (Second Prince).

Premier Campbell moved an amendment that the federal government also consider establishing a National Park in eastern Kings.

RESOLUTIONS — Mr. Shaw introduced a resolution requesting the federal government protect this province against any circumstances which would interrupt service between the province and the mainland was brought to a halt by the CNR strike and any cessation of service between Borden and Tormentine is prejudicial to the economy of this province and contrary to the provision of the British North America Act covering continuous service between this province and the mainland.

Another asked that consideration be given to the necessity of immediate appointment of a full time director of the potato industry.

Keith S. Harrington (PC-Second Prince) in introducing the resolution emphasized "the need to re-establish our former reputation as a seed producing province in view of the increasing threat to our seed potato industry."

Mr. Harrington also introduced a resolution asking that the provincial government subsidize the purchase price of school text books. He said that many pupils attending our elementary schools in grades one to eight are required to pay the full cost price in order to purchase his or her own books for their own private use.

Education Minister Gordon Bennett stated that investigation showed there was a relatively small number of those who were

The discussion had been carried on during the committee stage of the Legislative Assembly bill, Chairman Harold Smith, 4th Queens, asked: "shall the clause carry?" The answer was a definite "No". Other members wanted to speak on the bill first.

Some of the discussion was to the point. Dr. L.G. Dewar, PC-2nd Prince said instead of enlarging the government—the Executive Council—the move should be to have fewer members. He suggested that then the members could be paid enough so they could make it a full time job.

"The present salary scale does not permit a minister to make his post a full-time occupation," Dr. Dewar observed seriously. The O'Leary medical man spoke as a former minister of education.

Mr. O'Leary stated that the annual Prince County meeting of the P.E.I. Federation of Agriculture scheduled last night for the United Church Center here, was postponed due to the heavy fog. There was no future date learned for the meeting to be held.

TRADE DEAL CONTINUES TOKYO (AP) — A private Japanese group and China signed a 1967 trade agreement in Peking Monday totalling slightly less than \$200,000,000, the Kyodo news service said. The agreement is the fifth and last phase of a long-term trade plan representatives of the two countries drew up in an unofficial memorandum in 1962.
