It was announced on the boat that the excursion would be postponed to Wednesday night; but it will be impossible to get the boat on that night. Ticket holders will please take notice. We may say, in this connection, that the Society look forward to lively meetings in the autumn and winter months; and, as their is considerable debating talent connected with it, their is no doubt of its success.

"ELOQUENCE AND ORATORS."—Rev. D. D. Currie lectured on the above theme, last evening, in Ring's Hall. The audience was large, as should be the case when this gentleman takes the platform. Rev. B. Chappell, Pastor of the German Street Methodist Church, under whose auspices the lecture was given, filled the chair. The subject was treated for an hour and a half in a masterly manner that occasioned frequent outbursts of applause. It abounded in reminiscences and anecdotes that were aptly introduced and were told with happy effect. The proceeds of the lecture are for the building fund of the new church, and a handsome sum will be the result.—St. John Telegraph.

SYDNEY COAL.

REDUCTION IN PRICE!

NOTICE TO THE PUBLIC!

THE GENERAL MINING ASSOCIATION (Limited) beg to intimate to the Public that the price of SYDNEY COAL has been

Reduced to \$2 per ton of 2240 lbs., a price which it is hoped will place it within the reach of all consumers.

The opening of the new winning at "THE SYDNEY MINES" and the fact that the SYDNEY COAL now being shipped is all from the DEEP taken in connection with recent improvements in the process of screening, affords purchasers a positive guarantee of the very superior quality and condition of the SYDNEY COAL now offered for sale.

It is a well-known fact that for many years past the prices of other Cape Breton coals have been regulated by the rates fixed for SYDNEY COAL; but while it is true that other coals, to get a sale at all, have been pressed on the market at various prices under the current rate of SYDNEY COAL, it is no less true that, taking into account the superior lasting qualities of SYDNEY COAL when compared with other Cape Breton coals, the advantage, both as to economy and convenience, is in favor of SYDNEY COAL, even at a much higher price.

The General Mining Association (Limited) regret that they should again have to caution the Public against the attempts being made from time to time to induce them to buy inferior coals purporting to be "EQUAL TO SYDNEY," "SUPERIOR TO SYDNEY," etc., etc., while some yet more unscrupulous vendors have not hesitated to advertise their coal as SYDNEY COAL (from some designated locality). All these efforts to sell coal by such means are only so many admissions on the part of those who make them of the STANDARD character of SYDNEY COAL.

It has come to the knowledge of the Association that in frequent instances parties giving orders to truckmen and others for SYDNEY COAL have been furnished with other and inferior coal. The Public are cautioned against permitting themselves to be imposed upon in this way.

Every vessel loaded at THE SYDNEY MINES is furnished with a certificate of her cargo being Sydney Coal. Parties purchasing should satisfy themselves by demanding the production of this certificate.

The "Sydney Coal" is registered under the laws of the Dominion, and unauthorized parties using the Trade Mark "SYDNEY COAL" are liable to prosecution.

3. In cases where tenement houses containing two or more occupants, and where either the owner or one occupant was originally assessed, the City Collector shall have power and authority to divide and apportion such assessment between the several occupants in proportion to their several or respective rents, in order that the notices for assessment may be served on such occupants in due form.
