CAMPUS COMMUNITY

MAPUS

So, how did midterms go? Don't you envy the student without a job and family? It would have been a lot less strenuous without the family and job responsibilities, wouldn't it?

MAPUS understands. We share problems, friendship, ideas and fun to better our situation together.

You are welcome to our lounge in Bernadine Hall anytime. Coffee and tea are available at 25¢ per cup.

Our last meeting was held Oct. 21. Reports were given on workshop planning. It looks like a workshop on stress which will be available to the entire University population is forthcoming.

Cliff Foster reported on badminton. There was a favorable turnout of thirty-one for the first night. Badminton is held **every Sunday evening at 7:30 pm, come join us.** Unfortunately only two mature and part-time students attended this last session. Student Union report was given by Vivian Dykerman. We will prepare a presentation for November 24 and work towards achieving our goals.

Class Rep reports favorable response from classes and professors. We do need more class reps to effectively represent the MAPUS student needs. If you do not have a class rep, leave a note at the Lounge or call Extension at 566-0336.

New business included clarifying Vivian Dykerman's position as MAPUS columnist for Netted Gem.

Baha'i Studies

With every organization, club or group there is always a purpose or a motivating force that determines what the group does. The motivating force for the Association for Baha'i Studies at UPEI is the Baha'i Faith. What the Association does is study the history, teachings, and philosophy of the Faith and explores their application to the present world by sponsoring such activities as lectures, conferences and informal gatherings. This year we have had the opportunity to participate in International Day of Peace and have held a talk on the Oneness of Mankind. Presently, we are investigating the possibility of inviting a musician from Toronto to play here and are making plans to celebrate one of the Baha'i Holy Days on November 12.

The Baha'i Faith is an independent religion of approximately 3-4 million adherants in over 300 countries and territories throughout the world. It revolves around, and stands identified with, the principle of the organic unity of mankind. This organic unity is one of individuals viewing each other, through spiritual discipline and deeds, as one family regardless of race, culture and creed. Baha'is see that the organic unity of mankind represents the consumation of the whole process of human social evolution which began from the family, continued to the tribe and then to the nation. The turmoil that is in the world today may be seen as an adolescent resisting their inevitable maturity.

In search of the green

By Inge Dorsey

With our beautiful autumn rapidly turning into that dreaded season many students consider leaving the country. Of course, I mean participating in some type of study program either in the U.S. or in Europe.

If you are serious about discovering life off the rock (and yes, there is life off the rock) then I have a few opportunities which may be of interest to you.

Just a few news bulletins for this week:

1) I won't be in the office Wednesday, November 6 or Thursday, November 7 as I will be attending a Canadian Federation of Students Conference in Ottawa. One of the major issues of the conference is student aid and I will be there to present U.P.E.I.'s needs and concerns.

2) P.E.I. UNION OF PUBLIC SECTOR EMPLOYEES BURSARY — Bursaries in the amount of $500.00 are available to members, former members, or dependents of members of the Association. Awards are granted on the basic of financial need and academic performance.
DEADLINE: NOVEMBER 8, 1985.

MCEUEN UNDERGRADUATE SCHOLARSHIP — For study in Scotland

One scholarship is awarded annually for a course of undergraduate study of three years or four years (for honours). The scholarship will absorb the cost of tuition, residence fees, and 100 toward the cost of books. Applicants must reside in Canada and preference is given to those students of Scottish ancestry or the child of an alumunus of the University of St. Andrews. Also applicants must not be more than twenty-one years of age on December 31, of the year preceding the award of the scholarship.

ROTARY FOUNDATION SCHOLARSHIPS — For undergraduate study

Scholarships awarded for almost any field of study, to those applicants with a high academic standing as well as an outgoing personality. Applicants must not have completed their bachelor's degree by September 1986. Applicants must choose a country in which there are Rotary Clubs established for their study period. Each award covers round-trip transportation, educational and living expenses for one academic year.
DEADLINE — MARCH 1, 1986.

The Canadian Commonwealth Scholarships and Fellowships Committee offers study programs, in various fields of study (mostly graduate study), in the following countries:

Australia	Trinidad & Tobago
Ghana	Uganda
Hong Kong	United Kingdom
India	Jamaica
New Zealand	Nigeria
Sri Lanka	

Each country offers its own various fields of study along with conditions of award.

INTERNATIONAL STUDENT EXCHANGE PROGRAM (I.S.E.P.)

This program offers U.P.E.I. students an opportunity to study for one year at any one of a number of 70 American universities or colleges. The program is based upon placement exchange rather than direct exchange i.e. you would not directly exchange with a student for the institution you receive placement at.

The I.S.E.P. participants pay for tuition and residence costs, at their home university and attend at your exchange site. Although no financial assistance is given for this program it is a much less expensive way to attend an American university or college.

Participants are choosen on the basis of suitability for the program.

For more information on any of the above programs, drop by and see me at the office on 1st floor Main Building, Mon. and Wed. 10-1 or Tues. and Thurs. 1:30-3:30.

HAVE A GOOD WEEK!
