**Bevan Says Japs Should Reject U. S. Aid**  
 TOKYO (AP) - Britain's left-wing Socialist leader, Aneurin Bevan, said Sunday Japan should reject United States aid and "become politically independent."  
 The newspaper Asahi quoted Bevan: "Before rearmament, it is important that Japan attain complete political independence."  
 "All countries have arms, but Japan should first become politically independent and then decide for herself what the method and scope of her rearmament should be."  
 "Japan leans too much on American economic aid and has lost her political independence. Even though Japan will suffer as a result, she should cut off American aid and work for economic self-sufficiency."  
 Bevan was leader of a seven-member Labor party group visited Japan for three days.  
 Bevan told Asahi Red China plans to open up "her huge market to everyone," and said Japan should not forget that 40 per cent of her prewar trade was with China.  
 Bevan also said, "No one expects

**International Police Conference Opens**  
 ROME (AP) - More than 900 scientists from 47 countries opened the third international poliomyelitis conference here Monday.  
 A highlight of the conference is expected to be the reading of a paper by Dr. Jonas E. Salk of the University of Pittsburgh, who developed a vaccine used in field trials in the United States and parts of Canada this year.  
**WELCOME VISITORS**  
 Apart from hotels, the seaside resort of Blackpool, Lancashire, has 5,000 boarding-houses.  
 Sir James Barrie's play "Peter Pan" had its opening night in London on Dec. 27, 1905.

**REAL HURRICANE**  
 A Puerto Rico hurricane in 1923 registered wind velocity of 160 miles an hour before the measuring instrument collapsed.

 For Arthritic and Rheumatic Pain  
 New relief without pills by greaseless, odourless, stainless cream.  
 Toronto, Ont. (Special) - Discovery of an entirely new method of relieving pain has been announced here. Science has now developed a cream that acts in a new way to bring relief from arthritic, rheumatic and muscular aches and pains. Sold under the brand name "InfraRUB," the new odourless and greaseless cream relieves these pains without the need of pills and other internal medicines.  
 InfraRUB does not merely set up a surface irritation but penetrates the "skin barrier" - goes to work to relieve pain deep down in muscles and joints. The bloodstream carries the soothing medication right to the seat of trouble where it actually helps drive away pain - causing congestion and pressure.  
 Another feature of InfraRUB that appeals to so many people is its ease of application. No long and painful rubbing is necessary as InfraRUB penetrates in a few seconds and vanishes with a moment's light massage. InfraRUB leaves no oily film or pungent objectionable odour on the skin. Users find they are able to put on clothing in complete safety immediately after application.  
 Written medical reports on the success of this new help for patients suffering from rheumatic and arthritic pains and general muscular aches and pains have been prepared, based on hundreds of cases in British and French hospitals. InfraRUB users claim almost immediate relief from rheumatic and arthritic pains, sore muscles and joints.  
 Now for the first time, InfraRUB can be obtained without a prescription from your local drug store for only \$1.39. InfraRUB is guaranteed to give hours of comforting relief from arthritic, rheumatic and muscular aches and pains or your money refunded in full.

**Midway Health**  
 who is not blind?  
 Answer: Most blind persons do not have a better sense of touch than persons with normal vision. However, a blind person becomes more adjusted to the feel of objects because of his frequent contact with them with his hands and is able to distinguish them more readily.

**Innocent Men Sent To Jail**  
 In Canada during the last few years at least four men have been released from prison, where they were serving sentences for crimes they did not commit. In every case, mistaken identity in the police line-up helped convict them unjustly. In The Standard this week, Staff Writer Stanley Handman reveals the story behind these convictions and tells why many lawyers and jurists are beginning to feel that the police line-up system of identification is unreliable. Read it in The Standard - on sale now, complete with Picture Magazine, 12-page novel and 20 pages of Comics. Only ten cents.

**Borscht-Slavic Soup Recipe**  
 For borscht, choose beets that are smooth and free from blemishes. Any with ridges or deep growth cracks are wasteful and likely to be tough and woody. Soft flabby or shriveled beets usually are poor in flavor.  
 Peel and grate five large beets. A few beet tops may be added. Add one chopped onion and six cups of water and simmer about 45 minutes or till beets are tender. Add salt, pepper and lemon juice or mild vinegar to taste. Brown sugar may be added if a sweet-sour flavor is desired.  
 Served hot or well chilled with a generous tablespoon of sour cream in each soup plate.  
 Yield: four to five servings.
