

A VERY large English mail arrived in this city last evening.

MR. HILL, of Halifax, has arrived in this city to take charge of the Customs Department.

THE Northern Light arrived at Georgetown yesterday evening at 6 o'clock, and sailed for Pictou this morning.

BEEF FOR ENGLAND.—Seven car loads of beef from Ontario were shipped for England by steamer from Halifax, on Saturday.

At the Stipendiary Magistrate's Court this morning, Daniel J. McGilvery, drunk and disorderly, was fined 50 cents and costs.

EARLY this morning, a horse belonging to a countryman from East River, broke through the ice at Kensington, and narrowly escaped drowning.

THE examination of those parties arrested for being concerned in the recent burglaries will commence before the Stipendiary Magistrate to-morrow morning.

THE debate on the Address is still going on in the House of Assembly. We will hereafter furnish our readers with a summary of the proceedings.

RELIGIOUS.—There will be Gospel preaching for a few evenings at the new Church House, near entrance to Malpeque Road, services commencing at half-past seven o'clock.

PERSONAL.—Mr. Cotton, of the EXAMINER Office, returned to Charlottetown last evening. Before leaving Ottawa he made arrangements for the reception of Ottawa telegrams and news until the end of the session.

We learn that the firm of Almon & McIntosh shows a surplus of fifty thousand dollars, and that, with extension, payment in full will be made. Their numerous friends here will be gratified at this announcement.

A LARGE and influential meeting of Conservatives nominated Taillon for Montreal East; McGowan for West—both former members; and for Centre, W. H. Kerr, a leading lawyer of the Province. A ratification meeting was to be held on the 18th.

DEAR VICTORY.—A gentleman just from Halifax, N. S., informs us that it took \$45,000 to save Mr. Alfred Jones from being defeated. Corruption of the grossest and most bare-faced nature were committed.—Berlin, Ont., News.

THE Charlottetown Herald has reappeared in our journalistic field. It is brim full of editorial matter on local affairs—prominent among which are editorials on "The Address" and the "Manning Spelling Book." These are sprinkled with that choice satire but seldom surpassed in any of our provincial journals.

ANOTHER DYNAMITE ACCIDENT.—A little Halifax boy named McPhee had one of his hands terribly shattered by the explosion of a dynamite cartridge which he found on the street. Something should, if possible, be done to cause persons using this dangerous explosive to keep it beyond the reach of children and others who are ignorant of its destructive power.

THE Reporter brings a charge of a very serious character against Dr. Edward Farrell, M. P. P. It is nothing less than that of having attempted to obtain money from the County of Halifax on false representations. This charge is the most serious that has been brought for many years against any of our public men, and we trust for the credit of our Province, that it will be satisfactorily explained.—Hx. Herald.

THE Irish Catholic Union, of Montreal, to the number of about 3,000, principally youths, celebrated St. Patrick's Day by a procession through the principal streets of the city, on the 17th. The Irish national societies resolved to take no part in the demonstration, out of respect to the memory of the late Pope. The display was contrary to the wishes of the Catholic clergy, who used their best efforts to prevent it, but without success. Crowds of people witnessed the procession in silence. There was no opposition from the Orange party, and all passed over in peace.

THE trial of the prisoner William McCannell, charged with discharging pistols during the disturbance on the 12th of July last, was commenced at two o'clock to-day. Mr. John Longworth appeared for the prosecution, and Messrs. F. Peters and J. Palmer for the defence. After a Jury was obtained for the trial of the prisoner, the Attorney General asked the Court to dismiss the remaining jurors of the panel. Mr. Thomas Dawson, representing the panel, went before the bar and pleaded for the payment of the jurors during the time the Court was in session at Georgetown. He was instructed that the Court was not permitted to pay them during a recess, but that they would be granted mileage for their return to and from the Court. The remaining jurors were then dismissed.

OTTAWA, March 16.

The Irish Catholic Union, at a large and harmonious meeting, decided to have a procession to-morrow. The societies will meet in their halls in the morning, march to St. Patrick's Church, and, after mass, form in procession and parade the principal streets. No trouble is anticipated, but there is considerable uneasiness respecting Montreal and Toronto.

Wm. Malcoln, who placed obstructions on the Grand Trunk Railway at Toronto, was let off, on account of his extremity youth, with six months' imprisonment.

Died.

On March 20th, of consumption, the wife of J. Mitchell, aged 22 years. Funeral will start from Richmond Street at 10 o'clock on Saturday morning.

WAR NEWS.

Special Dispatch to Examiner.

LONDON, March 19.

A special to the Times from Berlin says that the Russians are constructing a railway from Bourgas to Jamboli. As Jamboli is connected with Adrianople by rail the new line will enable Russia to send troops from Odessa direct to Central and Southern Bulgaria and the Aegean Sea.

The Governmental paper, the North German Gazette, advertising to certain articles in the English, Polish and American press, ridicules the rumor attributing to Germany an intention to annex Poland.

A leading editorial in the Times, after considering the terrible consequences which would follow a great war, and the tremendous responsibility of the Power which brings it on, then concludes as follows: "Nevertheless, England must adhere to the demand that the entire Treaty of San Stefano be submitted to the Congress. The alternate plan suggested by Russia would raise the previous question on every clause of the Treaty, except those which Russia of her own accord brought before the Congress, but a far more important issue than the interest of any Power is at stake. We take our stand upon the existing treaties—the one hope of statesmen for the future peace of the world must be founded upon the development of a system of public law and upon the maintenance and increase of the authority of treaties. If the public law of Europe is valid until nominally repealed, any new arrangement between Russia and Turkey fall ipso facto by its very nature within the scope of the treaties of 1856 and 1871. It is not even within the competence of the Congress to decide whether or not certain clauses of the neutrality shall fall within the cognizance of the signatures of the old treaty. It is bound to take the new instrument into consideration as a whole.

A despatch to Lloyd's from Galt, says that several sailing ships, tugs and lighters passed up and down the Danube. Safety torpedoes are buried, but not all removed. It is officially reported that the river will be opened on Thursday.

CONSTANTINOPLE, March 19.

The Grand Duke Nicholas, in order to obviate difficulties about a military escort passing through the city, proposes to come here in the Imperial yacht Eyrlick; the Sultan would then return the visit on board the yacht. Nothing, however, is settled; and the Porte, out of consideration for the other powers, has requested the Grand Duke not to embark at Euyakdier, where the Imperial yacht is now anchored.

GENERAL NEWS.

MONTREAL, March 17.

In the case of Colonel Rhodes vs. ex-Directors of the Metropolitan Bank, the counsel for the plaintiff stated that the defendants, Hon. Henry Starnes, Henry Judah, Henry Hogary and Maurice Cuvillier, were Directors from June, 1871, to June, 1875, and the action is directed against them for \$10,000, which his client has suffered the loss through the mismanagement and irregularities of the defendants' connection with the Bank; that the reports presented by the Directors in 1872, 1873 and 1874 were false in several respects, and that no provision was made for bad and doubtful debts, although reports stated this had been done; also that large sums were taken by the defendants from the Bank for the purpose of speculating in stock. Mr. Starnes' advance in 1874 amounted to \$325,581; the largest amount borrowed by the Directors at any one time was \$663,572. DORCHESTER, N. B., March 16.

The case of the Queen vs. Hudlah Shaw, hotelkeeper of Sackville, has been before the Court since Thursday. The defendant was accused of taking \$75 from the trunk of Sarah Curtis, a boarder, and of having appropriated a number of other articles. The case excited much local interest, the parties being in respectable position and well known. Mr. J. B. Peck appeared for the Crown, and Messrs. Dickson and Trueman for the complainant; Mr. Chris. Milner was attorney and Mr. D. L. Hanington counsel for the prisoner. A large number of witnesses were examined, and the case went to the jury this afternoon; the jury, after four hours' absence, were unable to agree, and were discharged.
