Joe O'Brien, 8; Frank Ervin, 6; Delvin Miller, 5; James Winger, 4; T. S. Berry, Clint Hodgins, Frank Safford, Alvin Winger, W. N. McMillan, John Simpson with four each, and there were 21 others who drove one or more winning heats among them Saunders Russell with three, Bi Shively, Frank Egan and Henry Clukey with two each. Leading sires of heat winners were, Volomite 11, Scotland, Nere, 7, DeSota Hanover 6, Nibble Hanover 6, Billy Direct 6, Darnley 5, Chief Abbedale 4, Wilmington 4, Spencer Scott 4, Worthy Boy 3 and a number of others who were sires of two heat winners such as Photograph, Hal Dale, Dean Hanover, Ensign Hanover, DeSota Hanover, the sire of Hilsota, is owned by Dr. F. R. McNabb of Ithica, Michigan. He was a very fast horse and with very little opportunity in the stud seems to have the makings of a great sire.

Down at Saratoga Raceway, N. Y., on the evening of October 4th the 222 Pace was won by the five-year-old Kay Budlong by Calumet Budlong 2:02 3/4, dam, Calumet Bee 2:11. She was driven by Aubrey Rodney and the time was 2:11. The track was not fast that night. The previous night the Syracuse Trot, purse \$2,000, was won by Miss Key West, an eight-year-old mare by Long Key, dam, Mamie H, time 2:10. Miss Key West was first or second in the race this season, which is probably as good a record as any chieftain up. Her driver was Aubrey Rodney. Rodney's first bid to fame was in 1912 when he made an almost clean sweep of the richest trotting stakes on the Grand Circuit with Baden 2:04 1/2 by Bingara. He was the first to be sold to a Russian nobleman for \$25,000, a large amount of money in those days.

At Truro last Saturday night one of the Maritimes most respected drivers, Johnny Conroy, had the pleasure of finishing first in four of the nine events on the program. Johnny started his racing career with the writer in 1912 and with the exception of his years overseas in the army, has continued ever since. He is one of the most reliable anywhere and drivers to be found anywhere and we are glad indeed to see that the horses in his stable have made their usual great showing this year. The first race he won was with the trotter Rockford by Pagniaci, owned by Well McNeill, Southport, and in doing so he won the Baron (Kidney) and 3rd Raymond Brewer (Kennedy), 4th Winnie's Last (O'Meara). He won the 3rd race with Frankie Budlong, owned by Alfred Lowery, Montague, Rosalie Hooper (O'Meara) 2, Carl Aubrey (Kennedy) 3, Judy Budlong (Smith) 4, time 2:14 8/16. His third win was with Frankie Budlong in the 7th race, Carl Aubrey 2, Judy Budlong 3, Rosalie Hooper 4, time, 2:18, and he won the 9th race with Joey Harvester, owned by Well McNeill, with Babe Britton (Kennedy) 3, Argot Pointer (Kennedy) 3, time, 2:10 3/5. Babe Britton 2:09 1/5 (O'Meara) won the 6th race

that night with Argot Pointer (Kennedy) 2nd. She is owned by George Thompson, Summerside.

This week the racing curtain will be pulled down in the Maritimes with the last event, we understand, being staged in Sydney. It could be described as a glorious ending, with perfect weather and great crowds attending. This was most pleasing to the promoters who had put up real good purses to race for. At Truro the management also gave, in addition to \$2,700 in purses, a magnificent trophy to the winner of the Free For All, which carried the largest purse—\$1,500, \$500 a dash. The winner proved to be the almost unbeatable Iola, Henley 2:07 2/5, owned and driven by Clayton MacLeod, Westville, N.S. It ended a marvelous campaign for this 13-year-old pacing mare, a daughter of the redoubtable Peter Henley 2:02 1/2, that was in his day one of the greatest campaigners on the Grand Circuit and also on half mile tracks. Iola's summary in the Free For All was 1-1-1, Seven-Up Direct 2:08 3/5 Walker 2-2-2, Victory Dale 2:05 2/5 (Givens) 4-4-4, Single Streak 2:10 (Conroy) 5-5-3, Hedgewood Chief 2:06 2/5, time, 2:10 2/5, 2:11 2/5, 2:12 2/5.

Several records were lowered that same afternoon with Tom Stuart starting it in the 1st race. He is a five-year-old gelding by Calumet Budlong and is owned and was driven by George Turner, Dartmouth. His new record is 2:16 3/5. Second was Phil Vitale, owned by Bert Steele of Truro, Phil has improved wonderfully since he left Montague a few weeks ago. Third was Eddie Hooster 2:18 1/5, a three-year-old by Joseph Hooster 2:07. We believe he is the first by that sire that has taken a record in the Maritimes. Another three-year-old that has attracted a lot of attention and many are predicting that he will be a real star next season, is Lacey's Dream by Jollity 2:04 1/4, owned and driven by C. W. MacKenzie, Truro. He lowered his previous record of 2:17 2/5 in the second race to 2:15 3/5. Second was Gallant Bobby (Connors), 3rd, Lombardy Peter (C. MacLeod). The 4th Race saw time almost equal to the Free For All, made by Gallonage, owned by Bill Gallon, a 55 1/2, owned like his illustrious half brother, Brewer's Gallon 2:00 4/5, by B. C. Cruikshank of Halifax, time, 2:11 1/5—a new record for Gallonage. The former Grand Circuit pacer, Carl Frisco 2:03 (Walker) 2, Follow Up Jr., 2:08 1/5 (Daniels) 3. Still another record was lowered in the 5th race which was won by the trotter Clipper Dale by Playdale, owned by H. Wisener of Pictou, and driven by H. Harrison, time, 2:15 4/5, Winnie's Last (O'Meara) 2, Norman Frisco (Conroy) 3, Lusty's Queen (L. Walker) 4. The 6th race was won by Postman, owned by A. D. Napke, Newcastle, and driven by Johnny Conroy, in 2:14 4/5. John Clegg (Cruikshank) 2, Miss Cherry Valley 2:13 (McLeod) 3. The 9th race was won by the trotter Clipper Dale in 2:17 2/5, Winnie's Last 2, Lusty's Queen 3, Bud Kalmuck 4, time, 3:33 3/5. In the Free For All Pace F. J. Cadegan, the owner of Lucky Chief, got up behind his pacer and to the delight of the crowd and amid many cheers, finished in number one spot with June Bee 2:10 (MacDonald) 2, Argot Pointer 2:07 2/5 (Kennedy) 3, Vella La Vella 4, time, 2:10. In the 9th race with the same field with the distance one and one-half miles, Rannie McDonald was out in front at the wire with Jane Bee, Lucky Chief 2, Argot Pointer 3, Shining Hour 4, Ohio Hal 5, Vella La Vella 6, time, 3:28 4/5.

In the 2nd and 7th races with the same fields the summary was, Cyclicone (J. McDonald) 1-7, Sandy Budlong (W. Carroll) 2-1, Jacob Withrow 3-3, Texas Girl 4-5, Carl Aubrey 5-6, Reed's Cardinal 6-4, Gabagen (E. Shaw) 7-2, time, 2:15, 2:14 3/5. Cyclicone is owned by the Battle Todd Driving Club and Budlong by the Vel Stables, Sydney. The Summary for the 3rd and 8th races was, Volon (D. Ratchford) 1-4h, Johnnie Lee (E. Haley) 2-dh, George Direct 3-3, Captain Missouri (Kennedy) 4-5, time, 2:15, 2:15. Volon is owned by Richard Jabaley, North Sydney. The 5th race was won by Jenny Lynn owned by D. Cadegan, Glace Bay, and driven by Worrall Lewis, May Harvester 2, Dan McElwain (E. Shaw) 3, time, 2:17 4/5.

Woodstock races on Monday, Thanksgiving Day, resulted as follows:—1st and 5th races—Riot Junior (Robbins), owned by Claude McKay, Easton, Me., 1-1, Connie Clegg (Britton) 2-3, Eula F. (Condon) 3-2, Hollyrood Anna (Harper) 4-4, time, 2:20 2/5, 2:19 1/5. 2nd and 6th races—Great Council, owned and driven by F. M. Robbins, Easton, Me., 1-1, Betty Ellis (Harper) 2-4, Laurel Lee (Britton) 3-5, Jack Direct (Condon) 4-2, Lucky Spencer (MacArthur) 5-3, Times, 2:20 2/5, 2:19 3/5. 3rd and 7th races—Guy Song, owned and driven by Lewis J. Cole, Caribou, Me., 1-1, Dominion D. (MacArthur) 2-6, Chris McElwain (Troy) 3-4, Cedric Hanover (Chase) 4-3, Tyndall Semple (Woodside) 5-7, time, 2:18 1/5, 2:18. 4th and 8th races—Free Spirit (MacArthur), owned by F. Violette, Edmundston, 1-2, Just Lucky (DeWitt) 3-3, Card Shark (Hamilton) 4-5, Heine Strong (Morey) 5-4, time, 2:15 4/5, 2:15 2/5.

Last week a farmer from New London told me that last season (1951) at least five Huns nests along a high bank that bordered a narrow sandy road near his farm. One morning he observed some feathers on the road below the spot where he knew a nest was located. Investigation showed that the nesting Hun had vanished and 22 eggs were either broken or scattered from the nest. Following a trail of blood drops he found the tracks of a fox in some soft sand and some yards farther on the spot where Brer Fox had lain on his (or her) belly and left nothing but the feet and wing tips. What grieved this farmer greatly was the fact that the remaining four nesting Huns left their eggs. They remained there for weeks as mute testimony as to what had happened in the night, until the crows found them. The surviving birds had evidently heard the commotion when one of their number was killed and deemed

The Week at S.D.U.

Last weekend was one of holidays for most of the students. The Thanksgiving holidays extended from Saturday at noon to Tuesday at noon. Some students, whose homes are not on the Island, remained here for the holidays. We may presume that students from the rural communities on the Island weren't home very long before they were introduced to the potato field. There would be little objection raised, since picking potatoes, or any other task connected with the potato industry, is much more fruitful this year than a few years ago. The prospects seem to indicate that some of us will be able to return to college for another year!

It has been said that scratching the head is indicative of mental exertion; by way of parallel, it may be said that rubbing one's hands is indicative of physical exertion. At any rate, it was the latter operation in which the writer was occupied after coming from the potato field last Saturday evening when someone posed the question: "Did you know that the Saints defeated St. F. X. in the game this afternoon?" Immediately I queried: "What are the details of the game?" The game was broadcast, Saints won 5-0. Some fellow by the name of Reardon made a kick and another fellow, Coyle I believe was his name, went over for a try" came the reply. It wasn't a very detailed answer but it was a sufficient summary of the game. One could presume that each player on the team must have turned in the best performance of which he was capable. A brief examination of the circumstances would point to such a conclusion. The name of St. F. X. among Maritime universities is spoken of with much respect in athletes, debating or any other college activity. To defeat St. F. X. in a football game on their own territory by the score of 5-0 is a feat, the distinction of which we as students of S. D. U. are proud to share with the members of the team. When the team plays Acadia at Wolfville this afternoon we feel assured that the boys can and will bring home another victory. Congratulations and continued success to the coach and members of our team!

There were other activities in football during the past week. On Thanksgiving Day the second team Saints defeated an aggressive Airforce squad by the score of 6-5. It is not often that the second team comes into the limelight or receives much publicity but the members of this team can justly feel that they

have contributed in some measure to the success of the campaign of this year's first team. This measure we speak about refers to the opposition which second team furnishes for first team in the daily practices here on the campus. The members of second team work hard to provide this opposition which moulds the first team into football form. Their team has had a lot of trim and indeed some evenings former team members end up on the top of the scoring. Keep up the good work, second team!

To leave the field of athletics for this week, we think our readers may be interested in a brief glimpse of a student's life at St. Dunstan's. No doubt you have asked yourself the question: "Just what is a day around St. Dunstan's like?" We shall now attempt to answer this question. The ringing of bells in all buildings and on each corridor divide the routine of the day into its various parts. At 7 a.m. the students arise and attend mass. Breakfast follows immediately after Mass and the time for it varies each morning but is approximately 8 a.m. After breakfast the student returns to his room and has a few minutes in which to tidy his room before beginning classes for the day. The forenoon is divided into four class periods, each of fifty minutes duration and each separated by three minute intervals in order to allow students to move from one classroom to another. The first class begins at 8:40 a.m. and the last one ends at 12:09 p.m. Dinner follows, immediately thereafter which there is recreation until classes begin in the afternoon at 1-25 p.m.

In the afternoon there are three class periods which are similar to those of the forenoon and which terminate at 4:00 p.m. From then until 5:00 p.m. there is recreation which consists of the playing of the various college sports which correspond to the particular time of the college year. There is a study period from 5 p.m. to 6 p.m. Before supper the students assemble in chapel for the rosary except during the months of October and May and the season of Lent when there is Benediction and rosary at 7:20 p.m. After supper there is another recreation period before the night study begins which extends to 10:45. While considering this routine of a day at S. D. U., one can readily see that it is important to be on time on all occasions. Consequently the practice of punctuality goes a long way in the student's better adaptation to college life.

Our thought for the week: There are two ways of knowing how good God is: One is never to lose Him, and the other is to lose Him and then to find Him—Fulton Sheen.

hunters. The red fox is no saint but he's an opportunist and takes what comes his way in the line of something for dinner. Consequently he kills a share of nesting game birds and also stalks the ground roosting Huns in the winter nights when the trees crack with the frost and blinding snow drifts sweep across the countryside. Farmers have reported seeing foxes carrying hen pheasants toward the woods or hillside where their dens were located, and they also pick up the odd nesting Hun.

Sport Echoes From Prince County

Our athletes abroad—Charlie Simpson, son of Dr. and Mrs. Simpson of Summerside, made the only try in a football game between P. W. C. and Mount Allison Intermediates recently. Charlie has been attending Mount A for the past two years. He was one of our best junior basketball players while he attended Summerside High.

Fans in this part of the Island are rearing to attend the first non-key match of the Maritime League. They haven't forgotten what a swashbuckling outfit Chamberlain assembled two years ago, and they expect the same quality from the new boys the Harrock has collected this year.

Hip, hip for the Kinsmen! They're going to carry on, in the discretion the better part of valor.

A few days ago a farmer living in an ideal Hun and pheasant country commented on the birds not multiplying like they should. He blamed a pack of five dogs that had combed the area all spring and summer for disturbing the birds and destroying nests and young chicks. The increased use of high speed tractors for mowing purposes doesn't give nesting Huns and pheasants much chance. The easy mowing farm team plugging along with barely enough momentum to keep the knife blades from jamming will soon be a memory of the past. Reports of house cats lugging young Huns, and even full grown ones, home to their kittens are becoming quite common. Last spring an observant farm lad told me he saw a big tomcat kill a hen pheasant and drag it into the woods.

It is not the hunters with guns that give the Huns and pheasants the biggest headache. They only have to contend with this factor less than a month and a half out of the 12... or supposedly so. The fox, coon, skunk, hunting dog, cat, hawks, owls, crows, etc., are on their trail morning, noon and night year in and year out. Maybe I'm wrong in my conclusions but I am convinced that we are losing 10 Huns from predation and that this is the real bottleneck that is retarding the increase of our upland game birds... plus a seasoning of poaching.

Three Men Most Colorful At U. N. Sessions

UNITED NATIONS, N. Y., Oct. 17.—(AP)—Women, delegates and first-day guests of delegations dotted the floor of the United Nations Assembly at its opening Tuesday, but the most colorful characters were three men—delegates from Yemen in turbans, rich brocaded gowns and striking shawls. Mrs. Louis Berger of Quebec City, executive secretary of the Canadian Cancer Society's Quebec Section, is a member of the Canadian delegation. Mrs. Franklin D. Roosevelt and Mrs. Edith S. face of a discouraging situation, and do what they can to keep the youngsters of Summerside skating, and playing hockey. If they could just elect Old Man Weather as their managing director, maybe he'd co-operate a little better than he did last year.

In the Capitol Bowling Alleys in Summerside, if you step over the foul line, a red light comes on and a bell rings and the ball you roll doesn't count. Now why doesn't someone invent a contraption which would turn on a red light every time a baseball passed over the plate between the armpits and the knees of a batter, no matter how tall or short he happened to be? That would take some figuring, wouldn't it? Maybe we ought to get Einstein working on it. Can you just see the red faces of our local umpires?

Outside of bowling, badminton is the only sport being carried on in Summerside at the present time. Personally, we think this pastime is for the birds, but a lot of athletes really get a lot of fun out of it. Earl Smith, Island tennis champion, is one of the leading spirits in this sport, and a town league is being organized, games to be played at the High School.

Let me see—there's a crap game going on at—but that wouldn't interest you, would it? Perhaps we'd better stick to the orthodox sports. But, hank it all, there's not many orthodox sports to stick to these days.

Negro lawyer, are members of the U. S. delegation. Mrs. T. A. Emmet, a British justice of the peace and cattle breeder, is the first woman ever named full member to the British delegation who was not a crown minister. Her public service in Britain has been chiefly in welfare and hospital work. Mrs. Ana Figueroa, first woman ever to sit as a delegate in the U. N. Security Council, was with the Chilean delegation. The U. S. S. R. designated a woman Red Cross official, Mrs. M. Pseranskaya, to their delegation, but she did not appear at today's session.
