**WHY TREE ROOTS**  
**PREFER SEWERS**

Like metal to a magnet, sewer or moisture has an irresistible drawing power to the roots of trees. Finding the tiniest opening, a hair-thin tender creeps its way in and often causes clogged sewers which cause an unsanitary nuisance which can prove costly.

To overcome this, Johns-Manville developed Transite House Connection Pipe. Built up of asbestos and cement it cannot rot or rust. The inside finish of the pipe is of polished smoothness to permit high flow capacity. And each joint is sealed with a "Taper-Tite" coupling that stubbornly resists root growth or other infiltration.

For complete details on Transite House Connection Pipe, write Canadian Johns-Manville, Sun Life Bldg., Montreal, or see your nearest J-M dealer.

**Expect Saurel To Leave Here Today**

The Government owned ice breaker Saurel is expected to return to buoy laying operations this afternoon as she pulls out of the Marine Wharf for the Magdalen's and the Newfoundland area. The Saurel has been in port since last Friday.

The Brant arrived at the Marine Wharf yesterday afternoon from Miramichi Bay where she had engaged in laying buoys. There is a possibility that she may remain here about 10 days to have her boilers blown down and her tubes cleaned.

The Saurel is working under a new Captain this year as Captain G. H. Arsenault has taken over the duties held by the former Captain Chouinard. This latter is the master of the new ice breaker, the C. D. Howe. The Brant is commanded by Capt. Kilbride.

**IN MEMORIAM**  
In loving memory of Mrs. Daniel Smith, who died May 31, 1946.

One year has passed, our hearts are sore  
As time goes on we miss her more;  
The blow was hard, the shock severe  
To part with one we loved so dear.

So quick, so quiet was the call  
Her sudden death surprised us all,  
Though her smile is gone forever,  
And her hands we cannot touch,  
We shall never lose sweet memories  
Of the one we loved so much.

Always remembered by Husband and family.

**Mr. W. G. Hogg Retiring After 33 Years Of Service**

W. G. Hogg, C. L. U.

After a third of a century's service with the Confederation Life Association on Prince Edward Island, Mr. W. G. Hogg, C.L.U., of Charlottetown, retires as Divisional manager on June 1st.

Toward the end of the Great War the Confederation Life Association, whose business since its establishment in 1871 had made phenomenal progress throughout Canada and the Empire, decided to extend its activities to Prince Edward Island. To introduce their Company and launch its activities they chose Mr. Hogg, who, although barely out of his twenties, possessed a wide business experience, having started his career with the Royal Bank of Canada and prior to his association with the Confederation Life had successfully carried on the Life Insurance business in the United States with the John Hancock Mutual Life.

The vigorous growth of the Confederation Life's business on the Island is ample proof that the Company made a wise and happy choice. From its first year of business of less than \$100,000 it has steadily grown until today it is among the leading Companies doing business in this Province.

In the early days Mr. Hogg was the sole staff in a one-room office with a desk and two chairs, while today the Branch occupies a well-appointed suite in the Bank of Nova Scotia Building, with a clerical staff of four and sixteen full and part-time agents. "Bill," as he is known to his friends, is looked upon as the Dean of Life Insurance men on the Island. He holds the degree of Chartered Life Underwriter, and, due to the experience and knowledge gained in the more than thirty years devoted solely to the Life Insurance business, his counsel in Life Insurance matters is widely sought and acted upon with confidence.

Mr. Hogg has made many friends, with the high and lowly, the rich and the poor, and hundreds of policyholders have found him to be a friend indeed when he was able to assist them in solving some personal problem through the medium of Life Insurance. A good personal producer, he holds the distinction of having more than ten years' continuous production and also being a member, since its inception, of the Company's highest Production Club.

Over the years Mr. Hogg has made an outstanding contribution to the work of the Provincial Life Underwriters Association, having been serving as Secretary and President. For many years he has supervised the writing of the Chartered Life Underwriter examinations on behalf of the Dominion Association. He has been deeply interested in Community work, particularly the Y.M.C.A., of which body he was a Director for many years and was one of the moving forces in the erection of the new "Y" several years ago. He has been active in the various branches of Masonry and is Past Master of Victoria Lodge No. 2, Charlottetown.

For the past five years he has been the Provincial President of the British and Foreign Bible Society, during which time he saw the Society's work in the Province grow and also saw fulfilled the ambition to have a Bible House opened in Charlottetown. His special love is his work in connection with the Church, being a devout member and worker of St. Peter's Cathedral. In this connection he has become more widely known during the past few years in his conducting of the Sunday School of the Air for the Diocese of Nova Scotia. Being a Layreader of the Church, he has on many occasions taken services in the absence of the Rector, and it is believed that much of his retirement time will be devoted to work of this nature, which is close to his heart.

Although Mr. Hogg's active duty with the Company terminates at the end of May, he will immediately go on vacation leave and will represent the Island Branch at the Company's 79th anniversary Convention which will be held at Banff Springs Hotel from June 19th to 23rd. Accompanying Mr. Hogg to the Banff Convention will be two well-known senior Representatives, Mr. D. H. Gallant, C.L.U., and Mr. R. J. Rupert, C. L. U.

A host of friends join in wishing Mr. Hogg many happy and healthy years of well-earned retirement.

Mr. S. W. Willis, at present Assistant Manager of the Island branch, will succeed Mr. Hogg as Divisional Manager and will take over his duties on June 1st. Mr. Willis is a young man, an islander, born at Kingston, P.E.I. The son of Mr. May and the late Hubert Willis. He served for three years with the Canadian Army overseas, and has been successfully engaged in the Life Insurance business for a number of years. All join in congratulating Mr. Willis on his promotion and wish him every success.

**Warmly Appreciative Of P. E. Island Sympathy**

The following appreciative letter from the Hon. R. F. MacWilliams, Lieutenant Governor of Manitoba, has been received by His Honour Lieutenant Governor Bernard:

Government House, Winnipeg, May 25, 1950.

"My dear Lieutenant Governor — I am just in receipt of your letter of the 22nd instant and wish to express my great appreciation of your sympathy with us in Manitoba on account of the disaster suffered by the flooding of the Red River. I know our people will greatly appreciate your personal interest and also the interest of your citizens in raising a fund in aid of the Manitoba Relief Fund. The amount already contributed by your people is most generous. "I am glad to be able to assure you that the worst seems to be over. The water stopped rising last Friday the 19th, and remained stationary for three days and now is steadily falling. We were, however, still in danger of the breaking of a dyke from the rushing of the water at its crest or from heavy rains, but, fortunately, we have escaped both of these evils. "The water at its highest spread over an area of flatlands at one point extending over twenty-five miles wide, but this operated to prevent a more serious flood in the city. It will, however, take a considerable time for the lake, which extends from here to the American border sixty miles to the south, to empty itself through the rather narrow outlet of the Red River below Winnipeg. "Now that it has become possible to survey the damage, our officials estimate that 8,500 houses have been flooded to the extent of being completely surrounded by water and that of these 2,500 have been flooded above the main floors of the houses. It is impossible, as yet, to tell how much the interiors have been damaged. "There will doubtless have been a great deal of destruction and damage to the chattels in the houses and it is to help in replacing such damage that the Mani-

**Second Evening Of Drama Festival**

Two entries from Queen's County and one from Prince were the plays seen during the second evening of the Provincial Drama Festival, at the Empire Theatre last evening.

One of the Queen's County plays was a junior entry, "Tom Sawyer Whitewashes the Fence", by the Clyde River School. The play adheres very closely to Mark Twain's book, and has been dramatized by Marvin G. Robinson. The cast of children was directed very capably by Phoebe MacKinnon, who added a little business to the end of the script which suited the play, and brought a last hearty laugh from the audience.

Standouts in the small cast, were Elmer MacKinnon as Ben, and Ethel Gillespie as Aunt Polly, and their work was commended very highly by adjudicator Mr. J. L. Robertson. He stated that one of the major faults in the entire evening was the inability of some members of the casts to feel their parts deeply enough to get their characterizations across to the audience. He referred to Ben as an excellent example of an actor's losing himself in his part, and living it all the time he was on the stage.

Mr. Robertson told the cast of "Tom" that their play had been a little slow, due to their inability to pick up their cues fast enough. The Kinkora Sodally presented "The Dummy" by Arthur L. Kaser as their bid in the rural section of the festival, and received many laughs from the audience. Mr. Robertson, in his adjudication, stated that if it were possible to award acting prizes to inanimate objects, he would undoubtedly award one to the dummy in this comedy. He also commended the stage crew of this play on the set, used, and the cast on their audibility, but stated that he found the tempo of the play rather slow.

With "The Dear Departed" by Stanley Houghton entered by three different rural groups in the play-offs, it was the Hunter River Women's Institute presentation which won its way into the finals. Although this play had been speeded since presented in the play-offs, Mr. Robertson still thought the pace a little slow in spots, and the climax not brought out enough. The play was well cast, he said, and the set, costumes, and make-up, very good.

The evening was opened by Mrs. Harold Laird of Kelvin, President of the Provincial Drama Festival, who spoke for a few minutes on the Scholarship Fund which the Festival Committee has started this year. "It is hoped", she said, "that it will be possible to use the money from this fund to enable the directors of winning plays to attend short courses in dramatics."

**U. S. Soldiers Stoned By Jap Reds At Rally**

By Russell Brines  
TOKYO, May 30 — (AP) — Four United States soldiers were stoned today at a Japanese Communist rally. American military police arrested eight demonstrators who provoked three other street noises.

It was the first Communist violence aimed at United States troops in Japan.

The Communists had boasted they would have 100,000 out for the anti-American rally. The turnout was only 5,000 or so.

First, the Communists tried to take over Imperial Plaza during the morning. Police stopped them. The plaza had been reserved by United States occupation forces for a Memorial Day ceremony.

The Communists in the plaza called the reservation of the plaza for American troops "an intentional obstruction and suppression."

But the Communists were back this afternoon and were allowed to mass in the downtown Plaza. Nozaka, one of Japan's leading Reds, stepped to the platform and shouted:

"This isn't a parade ground. It's the people's plaza, and we must keep it the people's plaza. We can only do that if the people take over the government."

The trouble began, said a reliable source, when members of a Communist youth group snatched a notebook from a Japanese plain clothesman. The four United States soldiers, there as observers, stepped in.

One soldier was struck when he tried to grab the notebook. He struck back. The crowd then threw stones. One soldier was knocked down. The four finally fought clear of the crowd.

**Appointed Marine Agent For Island**

Mr. Erskine K. MacNutt has been appointed Marine Agent for Prince Edward Island replacing Mr. E. E. Clawson who retired from office a little over one week ago. Mr. MacNutt has already commenced his new duties.

Employed with the Marine Department here for the past fifteen years, Mr. MacNutt, a district engineer, was Superintendent of Lights. Previous to his employment here he worked at engineering construction in Quebec for about ten years.

He holds a civil engineer's degree from McGill University which he obtained in 1924. During the First World War he served in the Canadian Army artillery and the Air Force overseas.

In succeeding Mr. Clawson, he is taking over the duties of a man who has filled the position for 25 years.

at Shoe Lake. Forests in the Province were closed to travellers yesterday.

**In New Brunswick**  
FREDERICTON, May 30 — (CP) — One major forest fire continued to burn tonight north of Allardville village, Gloucester County. Others were reported under control.

A huge area roughly 10 miles square has been burned near Allardville and nearly 10 square miles were blackened in the Upsalquitch district of Restigouche County.

Years, Mr. Clawson, a native of St. John, N.B., worked with the Ottawa Marine Agency for a time. There has been no appointment to Mr. MacNutt's former position.
