

Throat And Lung Troubles.

Boston is often abused without cause, as being the natural home of more cases of throat and lung troubles than any other part of the universe.

That disease was an epidemic of bronchitis, influenza or catarrhal cold, and, as everyone knows, tended to seriously affect every weak part of the patient's system.

Reports from all parts of our country show that the number of persons who have been left with a sort of chronic catarrh, laryngitis, catarrhal sore throat, and bronchial affections likely to cause serious throat and lung troubles if not checked, is in proportion to the population about the same the country over.

CAUTION.

HAVING heard that parties are hawking Spectacles through the country and charging exorbitant prices for ordinary Glasses, we beg to say that we guarantee to sell our Spectacles at from 25 to 100 per cent. cheaper than these peddlers. We sell a better Spectacle for \$1.50 than those for which \$2.50 has been paid in the country to peddlers.

Farmer and others! don't be cheated by any false representation of sharpeners, no matter what they call themselves. We buy direct from manufacturers, and take special care to give correct lenses required for each eye, so that in getting a pair of Spectacles from us you do not get a glass too strong for a good eye just because a weaker eye requires one, which you might do if you purchased in the ordinary way. Of course, there are some parties whom Spectacles will never benefit, but they are very few indeed; and we have successfully fitted many persons with the correct thing who had never been able to see properly before, and after they had tried and failed to get suited from so-called Oculist Opticians.

NOTE.—We employ no traveling agents, but our Glasses may be ordered, if preferred, through any of our resident agents in the country, who will be happy to give any information required. Pamphlets giving information sent free on application to
