The Premier and Mrs. Horton were both released from hospital later but Mrs. Shaw was detained with what was termed a severe cut on the forehead, possible concussion and a broken left wrist. Mrs. Horton also suffered a broken left wrist. The accident occurred about 4 p.m. Wednesday. The driver of the truck, Gordon Hoyle, Cornwall, escaped serious injury but was badly shaken up. Premier Shaw, 75, was resting at his room in the Charlottetown Hotel and will be absent from his office for two or three days "on doctor's orders". He was reported suffering from a severe shaking up and numerous bruises.
