In no case have Holloway's Pills failed to produce a cure. The Ointment exerts a peculiar and soothing influence over the nerves and muscles, relaxing spasms and subduing pain. The attack soon becomes milder and the intervals between the paroxysms longer, until they cease altogether. The Pills restore the body from a weak and debilitated condition to a state of health and strength. Persons stricken for months with rheumatic pains and swellings, after using the Ointment, have been cured in an incredibly short period.
