NEW YORK

NEW YORK (AP)—The stock market took in stride Thursday the final report of the Securities and Exchange Commission on its investigation of the securities industry.

Prices were mixed at the close after having been down mildly when the report came out. Trading was moderately active.

The SEC's recommendations and conclusions were taken by the investment community to be considerably less harsh than those in the second instalment three weeks ago.

The SEC proposed closer regulation of stock exchanges and the over-the-counter market and criticized some mutual fund activities. It found no evidence of manipulation or illegal conduct in connection with the May 1962 market break.

The market followed a narrow path with changes of key issues ranging from fractions to a point or so.

Mail-order retails, farm implements and aircrafts advanced. Steels, motors, rubbers, utilities, and nonferrous metals, chemicals, oils, airlines, building materials and drugs were mixed. Tobaccos declined.

The Associated Press average of 60 stocks dipped .2 to 271.0. The Dow Jones average of 30 industrials gained 0.26 at 704.18.

Volume dropped to 3,460,000 shares from 3,790,000 Wednesday.

Canadian issues were generally active in mixed trading. Aluminium Ltd. dropped ⅜, Canadian Pacific and International Nickel ¼ and Dome Mine and McIntyre Porcupine ⅛. Distillers Seagrams gained ¼. Granby Mining ⅛, Hudson Bay Mining ⅛ and Walker Gooderham ½.

Prices on the American Exchange were slightly higher. Among Canadian issues, Canadian Marconi and Brazilian Traction fell ⅛ and Molybdenite ⅜. Fargo Oil gained 1-16 and Scurry Rainbow Oil ⅜.

Amalgamation Is Announced Of Eastern, Chartered Trust

Donald McInnes, QC, president of the Eastern Trust Company announced that the directors of the company today approved of an agreement whereby the Eastern Trust Company and Chartered Trust Company would amalgamate their operations. He has been advised by H.E. Langford, president of Chartered Trust Company that similar action was taken by their directors today. The shareholders of both companies and the treasury board have to concur before the agreement becomes effective so that it will be some weeks before the new organization comes into being.

Commenting on the amalgamation, Mr. McInnis stated that the proposed amalgamation will bring together in one integrated organization two strong and growing institutions. Such a union will be expansive and not restrictive in results for it is the belief that the resources of the two trust companies can be developed more effectively and fruitfully in association than separately. Mr. McInnes pointed out that to a large extent the activities of the two companies are complementary. Eastern Trust Company was founded in the Maritimes in 1893 and following its expansion in that area in more recent years it has established a national branch system. The Eastern Trust now has 14 branch offices extending from St. John's, Newfoundland, to Vancouver, British Columbia. Chartered Trust Company, which was incorporated in 1905, has concentrated its activities in the metropolitan areas of Toronto and Montreal where it operates eight general offices and a corporate services department. The amalgamation will thus provide a very strong base from which to better serve the public interest and to expand activities into other areas in Canada.

Under the proposed agreement shares of Eastern Trust Company will be exchanged for shares in the Amalgamated Company on a share for share basis. Shares of chartered trust company will be exchanged for shares in the amalgamated company on the basis of 11 shares of the amalgamated company for each 10 shares of chartered trust held.

The amalgamated company will be known as 'Eastern and Chartered Trust Company'. The head office will be in Toronto and a general office in Halifax will be responsible for the Atlantic area.

The honorary chairmen will be Mr. R.R. Corson and Mr. A.S. Fraser. The amalgamation agreement further provides that Mr. McInnes, the president of Eastern Trust, will be chairman of the board of the amalgamated company and Mr. Langford, president of Chartered Trust, will be president and chief executive officer. Mr. K. Burn and Mr. R.P. Howard the respective general managers of Chartered and Eastern, will be joint general managers. The directors of both companies will continue in office which will provide a very strong and well qualified board of directors.

The amalgamated company will have total assets and assets under administration exceeding $600,000,000.00. Because it will provide more efficient operation, enhanced opportunities for personnel and increased opportunities for expansion into other areas in Canada, the executive and directors of the two companies are convinced that the proposed amalgamation is in the best interests of the shareholders and personnel and the nation generally.
