**Ends Long Hike And Forgets His Relatives Initials**

EDMONTON, May 19—(C.P.)—After hitch-hiking close to 3,000 miles from Woodstock, N.B., to Edmonton to live with his grandparents only to discover he had forgotten their initials and their address, 18-year-old Stanley E. Thornton took his troubles to police today.  
 Stanley, who left Woodstock Sept. 18 last, knows his grandparents' name is Crawford but a search failed to locate the right ones. His mother's name was Isabelle Crawford, who left Edmonton some 16 years ago.  
 Stanley's father died several years ago and his mother is now Mrs. Bell-Cummings. The boy worked on various farms on his way west; he held police, and worked in Regina for a time. He is awaiting word now from his grandparents, hoping the search is over.

**SOURIS**

Miss Tot Creamer, Boston, Mass., arrived home on Saturday to attend the funeral of her father, the late E. Creamer who died in the Charlottetown Hospital.

A shadow of gloom was cast over Souris when the news of the sudden death of Bert Paquet, in Summerside, reached here. The late Mr. Paquet was born and lived here up until a few years ago, when he with his wife and family, to whom much sympathy is extended, moved to Charlottetown.

Much sympathy is also extended to Mrs. V. McIsaac and Mrs. S. McIntyre on the death of their mother, the late Mrs. Ellen McKenzie.

The death occurred in Montreal of Sr. St. Mary Pauline last week. The late Sr. St. Mary was on the teaching staff of St. Mary's Convent for the past number of years.

**Duty Reduction Is Removed**

(C.P. By Guardian's Special Wire) OTTAWA, May 19—Finance Minister Dunning made a change in the tariff schedules of his budget today, removing one of the duty reductions for fear of its effect on Canada-West Indies trade. The budget reduced the tariff on dedicated coconut from five cents a pound under the British preference to three cents. He changed it back to five cents today. "I am a little concerned," said the Finance Minister, "lest the reduction proposed on budget day in favor of dedicated coconut imported under the British preference tariff work to the disadvantage of the trade in coconuts under the same tariff between the West Indies and Canada." Although the change was made today, the restored tariff cannot be collected until the budget bill passes both houses of parliament. One factor in the treasury's favor is that most dedicated coconuts

**Musicians Agree With Adjudicator**

LONDON, Ont., May 19—E. W. Goethe Quintz, director of music in London schools, today described as "perfectly correct" Sir Ernest MacMillan's statement much of the music in Canadian churches was "trash." Mr. Quintz had a poor opinion of churchgoers' taste.  
 "Many numbers used in churches have no place there," said Mr. Quintz. He pointed to Dvorak's "Humoresque" as entertaining but with no place in the realm of religious music.  
 "The taste of the average churchgoer is low," he continued. "People go to church to be entertained rather than for the purpose of worship. Worship should be of paramount importance."  
 There was a gradual return to medieval music which he considered desirable as the devotional side was stressed in this music.  
 Clarence E. Gilmour, prominent city organist, agreed with Sir Ernest MacMillan's statement, also claiming the entertainment aspect had been stressed rather than the devotional.  
 "The organist is often used as a means of covering up the bad work of the choir," he added.

**FOR OAKLAND, CALIFORNIA**

NEWARK, N. J., May 19—(A.P.)—Catcher Willard Hershberger of Newark Bears left by plane for Oakland, Cal., from Newark airport today with an expressed hope of being the first ballplayer to play on the east and west coasts within 48 hours.  
 Ray Kennedy, secretary of the Newark International League club, announced Hershberger's transfer to the Oakland Club of the Pacific Coast League to replace catcher Norman Kies, who was injured.

In the course of an address to a thousand representative Boy Scouts from all parts of Britain, gathered for the third National Scout Service at St. George's Chapel, Windsor, King Edward thus referred to the international importance of Scouting: "The Scout Movement in its best and widest form is international, and that in these days is a thing of very great importance. I would like you all to remember when you have grown up, when your Scouting days are behind you, this international aspect, because this country will always have to take a leading part in the affairs of the world."

A diary kept by Lord Baden-Powell during his recent tour of Africa records meeting Scouts and Girl Guides of many races and creeds and in many unexpected places. At Port Said he was welcomed by Maltese, Greek, French and English Scouts and Guides, "all smartly turned out and full of enthusiasm." On his way to the Sudan, some coming 1,000 miles. At Mombasa there were Arab, Indian, Muslim and British Scouts, and at Nairobi and Kikuyu native boys of many tribes numbering over a thousand. Budu, Uganda, brought out an assembly of 1,100 native Scouts and Guides and two troops of East Indian lads. And so on down the East African coast, with the addition of Portuguese Scouts at Lencoe Marquez.

**ENJOYABLE EVENING**

A very enjoyable evening was spent at the home of Mr. and Mrs. Boswell and Mr. Lorne Jenkins, McKenzie's Corner, when the three churches, Cross Road, Alexandria and Hazelbrook met together to welcome the bride and groom, Mr. and Mrs. Ernest McCabre to the community. Mr. James McCabre called the people to order and made a very fitting speech. The girl friends of the bride carried in a basket laden down with beautiful gifts. The bride and groom thanked the people for their kindness and the rest of the evening was spent in music. Lunch was served by the hostess and friends. All went home wishing Ernest and Lucille good wishes for their future happiness.

**ENJOYABLE PLAY**

McEachern sang "The Old Spinning Wheel" with Mrs. H. Prizell at the wheel. A reading by Alice Howard, a duet by Norma Shaw and Isabel Howard and accordion music by Bertie Miller. The accompanists were Mrs. Colin McPhail and Miss Eileen Shaw. The one act play "The Bargain Cure" was given by the following Cornwall ladies: Mrs. H. Howard, Mrs. H. Prizell, Mrs. G. Bain, Mrs. F. Howard, Mrs. J. McPhail, Mrs. E. McKinnon, Mrs. M. Vickerson, Miss J. McDougall and Miss Naomi Bain. The various ailments of these ladies were soon cured by the announcement of a bargain sale. The Annual Prize meeting was held on August 5th and 6th and the attendance was practically the same as the previous year. The arrangements were good and fine weather made it a very pleasant outing. A marquee was erected where the prizes were displayed on tables and made a very handsome appearance. The presentation of prizes was made at the completion of the shoot by Mr. W. Chester S. McLure, M.P. in the unavoidable absence of His Honour, Lt. Governor DeBols, who is one of the Association's principal contributors.

The Governor General's Silver Medal for the Grand Aggregate, and the D.C.R.A. Medal were won by Lieut. Percy Hooper of the F. E. I. Highlanders with high scores.

Sgt. A. F. Gormley of the Signals was winner of the Bronze Medal in both events. Other winners of matches will be found below.

We take this opportunity of returning thanks to the donors of cups, medals and cash, without which we could not make our shoot a success. We thank them most sincerely and assure them that their generosity is deeply appreciated by our riflemen.

The Ottawa team of ten men was selected from the highest scorers in the Ottawa Aggregate. They left on Saturday, August 10th, and took part in the D.C.R.A. matches at Ottawa from August 12th to 17th, and made a good showing in competition that was perhaps the stiffest in years.

Shooting activities on the range were cut off about the middle of September because the range had to be closed owing to the erection of a sea wall. This was secured largely through the efforts of Mr. W. Chester S. McLure, M.P., with the backing of Major-General A. G. MacNaughton, C.M.G., D.S.O.

Its completion means that our range will be protected from the erosion of the sea for many many years. Every year a toll of land was taken which if allowed to continue would have cut through the 200 yard range and made shooting impossible. The work which was not fully completed when the Bennett government went out of power, was discontinued, but through the efforts of Mr. Peter Sinclair, M.P., was finished before the end of the year. It is a fine job and reflects great credit on those responsible for it.

During the year we lost by death one of our most faithful members, Dr. A. W. Leard of Summerside, who has been connected with the Association as Vice President several times. He was present at our annual shoot and gave a good account of himself and at that time seemed in the best of health. We sincerely deplore his passing and wish to convey to the members of his family our deepest sympathy.

While the press at the time carried the winners of our various matches, cups, medals, etc., perhaps it would not be out of order for me to repeat them in this report. They are as follows:

Hutchison Cup, Lt. A. J. McCabe, Pickard Cup, Lt. P. T. Hooper, MacKinnon Cup, Sgt. A.O.F. Gill, R.C.N.V.R. Cup, Lt. P. T. Hooper.

Johnston Agg. Cup, Sgt. A. O. F. Gill.

 Governor-General's Bronze Medal, Q.M.S. A. F. Gormley.  
 D.C.R.A. Silver Medal, Lt. P. T. Hooper.

D. O. R. A. Bronze Medal, Q.M.S. A. F. Gormley.  
 F. R. A. Gold Medal, Lt. P. T. Hooper.  
 P. R. A. Silver Medal, Capt. James Coles, M.M.  
 Frowse Medal, Sig. J. S. McDonald.

The above brief chronicle of the happenings of 1935 show that our Association has pretty fully lived up to its reputation for the encouragement of rifle shooting. The number of rifles which were purchased with a greater interest is not taken in this mainly practice. With all the will in the world and all the ability to make built's eyes, one cannot do so without proper equipment. The new type of rifle which is in use at Blaisy, is, I understand, inexpensive and perhaps in the course of another year or so may be available for distribution here. If so I am confident our entries would increase by leaps and bounds.

In conclusion I hope the above report will be found satisfactory by our members tonight, and that each and every one will use his best energies towards improving our position in 1936. Before closing I would like to say that we are very proud tonight to see our President, Lt.-Colonel H. M. Davison, V.D., seated in his usual place and apparently in good health. During the winter he had a severe illness which he has, we trust, thoroughly got rid of. Having been associated with him through so many years I am in a position to realize his great worth and value to us, and I am sure I would be very remiss indeed if I did not tell you that several times during the past seven or eight months he has made strenuous efforts to get things for us which were necessary, and which were conceded largely through his influence.

Respectfully submitted,

 Lt.-Colonel,  
 Chairman of Council, P.R.A.

The financial report was submitted by the Secretary-treasurer, Capt. W. A. Smith, which showed a surplus of over \$200. Both reports were adopted. A sum sufficient for the entertainment of and conducting of the Inter-Maritime Shoot at Charlottetown, June 18, was voted.

Col. Davison asked that a vote of thanks be tendered to Col. W. C. S. McLure, Major-General A. G. MacNaughton, C.M.G., D.S.O., and Mr. Peter Sinclair, M.P., for the construction of the sea wall. Several motions were carried. Several matters in connection with the range were discussed and it was decided to ask permission to open the range on Saturday next.

**Activities Of Island Riflemen Reviewed In Report By Lt.-Colonel D. A. MacKinnon.**

The Prince Edward Island Rifle Association held its annual meeting in the Board of Trade Rooms last evening with the President, Lt.-Colonel H. M. Davison, V. D., in the chair. Lt.-Colonel D. A. MacKinnon, D. S. O., Chairman of Council, presented a comprehensive annual report which appears below, and Captain W. A. Smith presented the financial statement which showed a surplus. Both reports were unanimously adopted. The report of the Inter-Maritime team was submitted by Major W. J. McDonald, who captained the Island team.

**REPORT OF CHAIRMAN OF COUNCIL**

Gentlemen:—

It is my pleasure to present to you tonight a short report regarding the activities of our Association during the year 1935.

Unlike the previous year when Spring arrived we had an excellent range to practice on and that made it very convenient for our Inter-Maritime shoot. After a number of shoots a good team was selected and they competed with Nova Scotia and New Brunswick at Saint John, Thursday, June 20th. The Nova Scotians were much too good, winning off by themselves with New Brunswick second and our team third—four points behind New Brunswick. It was quite a change from the preceding year when competition was so keen and records were broken. Nova Scotia's excellent win was largely due to their superior selection of rifles which gave them very close shooting.

The Annual Prize meeting was held on August 5th and 6th and the attendance was practically the same as the previous year. The arrangements were good and fine weather made it a very pleasant outing. A marquee was erected where the prizes were displayed on tables and made a very handsome appearance. The presentation of prizes was made at the completion of the shoot by Mr. W. Chester S.
