

Will Not Abandon Berlin, U.S. President Reaffirms

AUGUSTA, Ga. (AP) — President Eisenhower has reaffirmed United States determination to refrain from any course which would abandon West Berlin to Russian domination.

The reaffirmation came on Sunday after Eisenhower and State Secretary Dulles had discussed the Berlin crisis at the president's vacation headquarters at the Augusta National Golf Club. In a statement afterward dealing with Soviet manoeuvres aimed at shoving the Western Allies out of divided Berlin, Dulles said:

"The president reiterated our government's firm purpose that the United States will not enter into any arrangement or embark on any course of conduct which would have the effect of abandoning the responsibilities which the United States, with Great Britain and France has formally assumed for the freedom and security of the people of West Berlin."

FRESH REJECTION

The statement added up in substance to fresh rejection of Russia's proposal to create a "free" demilitarized city of West Berlin. The Soviet proposal, made on Thursday, was coupled with a Kremlin declaration that the four-power occupation agreement for Berlin is void.

The same day the proposal was made the United States said it never will enter into any agreement with the Soviet Union "which, whatever the form, would have the end result of abandoning the people of West Berlin to hostile domination."

The Soviet plans gave the Western Allies six months to enter into negotiations to establish a free city. Dulles said he and Eisenhower also reviewed the status of the East-West conferences at Geneva where the Allies are seeking to reach agreement with Russia on ending nuclear weapons tests, and on safeguards against surprise attack.

Plan Lie Detector Test For Man Who Confessed Killings

MIAMI, Fla. (AP) — Francis Gilbert Thompson, the Canadian Mohawk Indian police said has confessed the killing of an American hunter five years ago for which another man was hanged, will undergo a lie detector test Monday.

Thompson said he and a companion, Johnny Greene, shot Eugene Lindsey, 47, and his son, Richard, 17, of Hollidaysburg, Pa., in the bush country 50 miles west of Gaspe, Que., in July 1953. Another body, that of Frederick Claar, 20, also of Hollidaysburg, was found, but Thompson made no mention of Claar.

Wilbert Coffin was executed two years ago for the murder of the younger Lindsey after his lawyers had exhausted every av-

enue of appeal. Coffin maintained his innocence to the last. Thompson, who was arrested on a prowling charge, told Miami police he killed Eugene Lindsey with a rifle and Greene shot the son. His reason was that he hated white men because of ill treatment he said he suffered in a New York State prison.

The Mohawk Indian said he and Greene cut up the victims' bodies and then split the \$600 they found. Coffin, although denying the crime, admitted he had stolen \$600 and other articles belonging to the hunters.

Greene escaped at the time Thompson was arrested last Wednesday night and is being sought. Montreal police prepared sev-

eral questions for Miami police to ask Thompson. Miami police polygraph expert Warren Holmes, who listened in on the questioning, said Thompson "doesn't seem like a crackpot."

"He wasn't crossed up on any of the questions," Holmes said. "The key point in the man's story is that he says he placed two rifles used in the stayings in a jeep, then hoisted the vehicle onto a scow and dumped it into the St. Lawrence River." Neither the jeep nor the weapons were found.

Miami detective Milton Chesser termed Thompson's story amazingly close to the information furnished by Quebec police, and added that on Thompson's story "we certainly cannot at this moment label him as just another crackpot."

Records at the Cliv' on prison in New York show Thompson was sentenced Sept. 21, 1947 to a 2 1/2 to 10-year term for theft of diamond rings at Hudson Falls, N.Y. He was paroled April 16, 1952.
