To Adjudicate P.E.I. Dramas

Adjudicator of the Drama Festival finals being held at the Empire Theatre next week will be Professor Alvin J. Shaw of the University of New Brunswick, (above) it has been announced by the Provincial Drama Festival Association.

Professor Shaw has had a wide experience in the dramatic field. During his public school and early high-school days he was an active participant in all dramatic productions of his school. While studying at Owen Sound Collegiate and Vocational Institute, he played various roles in theatre offerings there.

During the war years, he helped organize the Khaki University Dramatic Club at London, England, and again played outstanding roles in the different plays produced.

Returning to Canada, during the years 1946-50 he directed and produced many plays (in Toronto) of the University College Players' Guild of the University of Toronto. He also acted in university productions staged in Hart House Theatre, under the direction of Mr. Robert Gill, C.D.A.

Coming to the University of New Brunswick as a member of the Faculty of Arts, in the department of Romance Languages specializing in Spanish and also instructing in French and Italian —Professor Shaw continued his active participation in the promotion of Drama. He appeared in plays produced by community groups of Fredericton. He also found time to organize a series of weekly half-hour radio programs presented by U.N.B., and became first chairman of University Radio Productions.

During 1951-53 he became director of U.N.B., Drama Society, and continued to direct and produce plays for the University and other dramatic groups.

Not content with these many activities, he also found time to lecture in Drama for the two-week period of the New Brunswick Folk School for the past two years. He was chosen to represent U. N. B. at Regional and Dominion Drama Festival sessions, and has produced plays entered in Regional competition. In November, 1953, he was appointed a Governor of the Dominion Drama Festival.

Recently he has played the leading role of "Darkness at Noon," which was presented in March of this year in the New Brunswick Regional Festival, taking second-place honors.

It is a privilege and a pleasure to welcome Professor Shaw to this province. His expert advice and constructive criticisms should do much to improve the standard of play production. Professor Shaw will adjudicate four one-act plays and four three-act plays participating in the 1954 P. E. I. Drama Festival, May 25 - 29 inclusive.
