Gull Not To Tuna's Liking

YARMOUTH, N. S., Aug. 10.—(CP)—A partially mangled seagull with a broken wing was shown here tonight as evidence of the wrath of one of Nova Scotia's giant tuna fish.

Sportsmen fishing for the great horse mackerel claim the fish became angry at the gull which was diving for a school of herring the tuna was attacking.

Suddenly the great fish broke water and swallowed the bird. Apparently it did not like the gull's taste and spewed the bird up a minute later. The gull is still alive at the Wedgeport Tuna Club.

KING EDWARD'S HOLIDAY PLANS REMAIN SECRET

SIBENIK, Yugoslavia, Aug. 10.—(AP)—King Edward as the Duke of Lancaster cruised today among the beautiful islands off the Dalmatian coast as thousands of tourists thronged the coastline for a glimpse of His Majesty.

Off for a month's holiday aboard the yacht Nahlin, the King strolled about the deck, and to those on the shore with strong glasses he appeared to be enjoying himself.

The Nahlin was expected to return to Sibenik in the evening, and it was thought the King might visit the waterfalls on the River Krka, about a half hour away by motorboat, where trout abound.

Exact plans for the vacation cruise were contained in two sealed envelopes given to the captain of the Nahlin. They remained undisclosed.

It was expected however the King would proceed either tomorrow or Wednesday to Split, south of Sibenik on the coast, where the commander of the Yugoslav navy, Admiral Politich, waited to greet him.

From there, two days later, he was expected to go to Dubrovnik, still further south, where Regent Prince Paul, his wife, Princess Olga, and the Duke and Duchess of Kent are vacationing.

Besides benefiting the innkeepers, who have done an unprecedented business, the visit of the Duke of Lancaster has been a big event for the natives who plan many festivals, including peasant dances and a pageant in the best medieval tradition.

The only outward difference between the Nahlin's cruise and that of a private yacht carrying a commander was the watchful guard of two destroyers, the Grafton and the Oliver Campbell. L-5841

Forest Fires Spreading In South-western Alberta

CALGARY, Aug. 10.—(CP)—South-western Alberta was aflame today, forest fires burned fiercely at a score of points, with at least six major outbreaks fanned by strong winds, causing concern to forest rangers.

Large and valuable stands of timber and miles of some of Alberta's best grazing range were falling prey to the swift advance of the flames, it was reported here, as the fires, which last week seemed to be under control, flared anew.

Week-end reports that the E. P. Ranch near High River, owned by King Edward, was menaced by a blaze moving rapidly south-east were discounted today by J. P. Alexander, superintendent of the Crown's West forest reserve where the fire was burning.

SEA-SERPENT SIGHTED OFF NOVA SCOTIA

Hundreds Of Bathers Witness Antics Of Marine Reptile Near Liverpool.

LIVERPOOL, N. S., Aug. 10.—A huge elusive sea serpent was sighted tonight by hundreds of bathers who saw it sporking off Sumerville beach near here.

Thus those who credit stories of the monster of Loch Ness in Scotland, the sea serpent in British Columbia and others reported in various waters, gained a substantial number of supporters here.

Swimming with a comparatively small head held erect out of the water, Liverpool's marine reptile was described variously from 50 to 100 feet in length with the girth of a half-barrel. It progressed through the water with an undulating motion, up and down, showing several large vertebrae when they emerged from water, and making a wake in the sea like that of a motor boat.

Immediately after the monster was sighted Alben Roy took a party of men out in his 28 foot motor boat and attempted to drive it ashore. But the serpent eluded them for hours before it disappeared, diving under the boat as it approached and appearing hundreds of yards away.

Once the snake speeded swiftly directly across the bow of a large steam yacht owned by Dr. J. L. Brinkley of Del Rio, Texas.

Many of the people who witnessed the threatening monster were prominent Liverpool businessmen, willing to vouch for their eyesight and veracity.

Tomorrow evening at Victoria Park, the Rebekah's degree of chivalry, an honor conferred in recognition of signal service to the Order, will be conferred on four members of Lella Rebekah Lodge and on Mrs. Harry Laphorn of Alpha Lodge, Charlottetown. Recipients must be women who have rendered service to the order and also in their communities.

The members of Lella Lodge receiving the degree are Miss Jean Forrester, East Noble Grand, 1916, Mrs. Hallie Residen, 1918, Mrs. Ruby Smith 1921, and Mrs. Idella Bullivant, 1924.

FOUR RESCUED FROM DROWNING

Dramatic Rescue At Lake Williams, N.S.

LAKE WILLIAMS, N. S., Aug. 10.—The dramatic rescue of four persons from Lake Williams after their canoe capsized provided an unexpected thrill not on the program for thousands of sportsmen gathered here at the annual Nova Scotia Guides' tournament.

Screams attracted attention to the overturned canoe, to which the four—Warren Himmelman, Bridge-water; Mervyn Dunn, Middlefield; Miss Phyllis Whynot, 17, and her sister, Driscilla, 21, of Molegia Mines—were clinging while shouting for help. They were unable to swim.

Without waiting to doff clothing, Gordon O'Hara of New Ross, James Brooks of Bear River, Dan Ayer of Syracuse, N.Y., and Fred Matern, Buffalo, plunged into the lake and swam the 100 yards to the canoe.

O'Hara and Brooks saved Dunn and Himmelman. Ayer, first man in the water, rescued Phyllis Whynot, who was hysterical, while Matern was looking after Driscilla Whynot.

All four canoeists recovered quickly after they were brought to the shore.

Vice - Regal Party Welcomed At Regina

REGINA, Aug. 10.—(CP)—Lord Tweedsmuir received a quiet welcome to Saskatchewan's capital city today. With Lady Tweedsmuir, the Governor-General was driven in a horse-drawn carriage escorted by Royal Canadian Mounted Police through the city to government house.

He said flames still were 15 miles from the ranch. "The whole country exploded" when lightning struck the dry Kansas district and started a fire that tonight was raging amidst big timber, according to one ranger at the scene.

Twelve square miles of a timber block set aside by the Dominion Government as a forestry experimental station were burned over. The blaze, the most serious of all the outbreaks, was moving north and east along a seven-mile front.

Hundreds of men were battling fires throughout the foothills territory. Heavy smoke clouds shut out the sun at some points and in Calgary, 100 miles from the fires, smoke drifted over the city. Light wood shavings fell onto the streets.

Will Seek To Settle Taxi Strike Today

(C. P. by Guardian's Special Wire) MONTREAL, Aug. 10.—Montreal's taxi industry came under surveillance of the Dominion Government tonight, as more than 1,500 cab drivers prepared to meet with city officials tomorrow in an attempt to end the four-day strike that has kept Montreal without taxi service since Friday.

E. McG. Quirk, representing the labor department at Ottawa, will attend the meeting as an observer. Cab owners and officials of the Diamond Taxi Association, from whom the drivers are seeking reduction of their monthly fees for stand and telephone service from \$38.75 to \$25, will meet with the city council's taxi by-law committee to discuss the situation.

COALITION CONTESTS ALL CONSTITUENCIES

Quebec Nominations Yesterday Totalled 207, of Which 90 Represent Union Nationale.

QUEBEC, Aug. 10.—(CP)—Union Nationale coalition of Conservatives and former Action Libérale Nationale supporters today nominated a candidate for every one of the 90 Quebec legislative seats to be filled in the provincial election Aug. 17. As official nominations closed today the Liberal Government nominated 88 candidates.

Returning officers reported a total of 207 candidates for election to the legislative assembly next Monday filed qualification papers and made the required deposit of \$200.

Liberal nominees were missing in only two constituencies, where candidates opposing the Union Nationale men were considered friendly to Premier Adolphe Godbout's government.

In Jacques Cartier on the Island of Montreal, Fred Monk runs as an "Independent" against Anatole Carignan, Union Nationale. Monk sat in the last legislature as an Action Libérale Nationale member, but withdrew from Union Nationale when the Al leader Paul Gouin broke with Maurice Duplessis and abandoned the campaign.

A Liberal candidate is also lacking in Montreal St. George where C. E. Gault, veteran Conservative member who voted with the Liberal Government last session, is running again as a Conservative against Gilbert Layton, Union Nationale, and Lionel Bell, Independent Liberal.

In 60 seats the election has resulted into a straight party fight between Union Nationale and Liberal candidates. In this category fall seats of two leaders, Premier Godbout faces Joseph Bloudeau, Union Nationale, in L'Islet, and Union Nationale Leader Maurice Duplessis is opposed by Philippe Bluzet, K.C., in Three Rivers.

There were three or more candidates nominated in 23 seats, most of them in the cities of Montreal and Quebec.

A feature of the final contest as revealed by nomination papers was the number of Independent Liberals and Independent Union Nationale candidates complicating the issue for the official nominees of those two parties.

Independent Liberals numbered 13, Independent Union Nationale candidates four, and three plain "Independents." There are three Communists in the running, one C-operative Commonwealth Federation candidate, one representative of the Labor party and one candidate who describes himself as People's candidate.

CITY COUNCIL TO BEGIN PAVING PROJECT

Provincial Government To Contribute One-quarter of Cost Mayor Turner Announced.

A street paving program involving the expenditure of \$34,000 was decided on at the regular monthly meeting of the City Council last night. Mayor P. W. Turner announced that he had consulted the Provincial Government and that it had agreed to contribute one-quarter the cost of the project which is being undertaken principally as an unemployment project. No announcement as to what streets are to be paved was made by the council.

The council decided to have Capt. Lighthill, head of the traffic department of Montreal come to Charlottetown to instruct city police in traffic control and to advise the council as to what streets should be stop streets. The Montreal traffic expert will be here during exhibition week. The only cost to the city will be transportation and maintenance while in the province.

A resolution providing that tenders be called for repaving, the Pownall Street wharf and having it put in condition so that the Charlottetown Yacht Club can build a boat house to be used in the interest of boating was passed by the council. Provision was made that all work be done by Charlottetown workmen.

Provision was made for the laying of concrete sidewalks on McGill Ave. to the residence of Mr. Harry Jenkins and along Brighton Road from North River Road to the shore.

A letter was read at the meeting from ex-Councillor Roland L. Day asking what action the council intended taking in his request for damages. Ex-Councillor Day claimed remuneration because of expenses incurred at a trial arising out of something the Councillor had said at a City Council meeting. The matter was left to the Finance Committee and the Mayor to deal with and report later.

New Outbreak Of Infantile Paralysis

BOISEVAIN, Man., Aug. 10.—With six new cases of infantile paralysis reported in this southern Alberta town Friday after a quiet period of two weeks, strict quarantine restrictions were being enforced today. Since the middle of June, 18 cases have been reported and all but two occurred in an area of eight square miles. Of the first six persons stricken, three died in five days, but in later cases prompt use of serum brought recovery.

Lad Killed By Lightning Bolt

WHITBY, Ont., Aug. 10.—(CP)—J. H. Chulman of Whitby saw his 11-year-old son Herbert killed by lightning here today. The lad was returning home after shopping at a neighboring store and was passing a wire fence when the bolt struck.

United States Grain Yield Smallest In Half-Century

(A. P. by Guardian's Special Wire) WASHINGTON, Aug. 10.—An official forecast that this year's United States domestic corn crop will be the smallest in 50 years was coupled today with a prediction that much livestock will have to be marketed and grain rations reduced for stock kept over the winter.

Based on Aug. 1 conditions, the prospective 1936 corn harvest was estimated at 1,439,135,000 bushels by the crop reporting board of the department of agriculture. The July 1 estimate—before the drought took its heaviest toll—was 2,244,834,000 bushels. The 1935 production was 2,291,629,000.

"Irrespective of weather conditions during the remainder of the season," the Board reported, "there will be a shortage of grain that will necessitate rather heavy marketings of grain-consuming livestock and a reduction in the grain ration of livestock wintered."

"The shortage of feed grains will necessitate extensive readjustments of livestock numbers and of feeding practices. The greatest shortage of feed grains will be in corn, the total supply of which will be less than in 1934, and the greatest readjustment in numbers of livestock will be in hogs, which are almost dependent upon corn supplies."

The crop board forecast total wheat production at 632,745,000 bushels, compared with 623,444,000 bushels harvested last year.

Rebels Mass For New Offensive On San Sebastian

Besieged Loyalists Face Epidemics—Killing Of British Subject Causes Stern Protest.

(A. P. by Guardian's Special Wire) Rebel radio reports capture of Santander. San Sebastian, short of food, Renteria and Irun besieged by rebels.

Southern Fascists march on Badajoz. Loyalists report capture 13 rebel communities. Britain protests death of British subject. Former Spanish minister reported missing.

MADRID, Aug. 10.—Loyalist forces of the Republic claimed capture of 13 rebel towns tonight in the newest offensive of the 24-day civil war.

Capture of the 13 rebel communities, 10 of them in Teruel Province, two near Zaragoza and one close by Oviedo, inspired confident government predictions that the revolt will be crushed shortly.

Reinforced rebel troops massed for attack in the north on San Sebastian and Irun. San Sebastian was reported short of food, with citizens lining up to receive rations of bread and water. Milk was distributed for children only.

Capture of the town and province of Santander on the Bay of Biscay was claimed in a rebel radio broadcast, and there were indications the oppressed northern loyalists were in danger of defeat momentarily.

Loyalists continued to engage rebels in the Guadarrama Mountains. Government troops pressed their advance and were busy cutting the rebel radio lines.

Boque's rebel headquarters announced the southern troops of Gen. Francisco Franco had reached the outskirts of Hadajoz before resuming the northward march.

Fascists claimed a victory at Huesca in northeastern Spain, but Barcelona loyalists pressed their march toward the rebel headquarters at Zaragoza.

Great Britain forwarded a protest against the shelling of an English yacht in which the owner, Captain Rupert Saville, was killed and his American wife wounded. Mrs. Saville is the former Eloise Drake, of Norwich, Conn. This incident occurred during a rebel naval bombardment of Gijon.

A Paris newspaper asserted a special emissary of Premier Mussolini of Italy was enroute to the Burgo rebel headquarters; this was not confirmed at Burgos.

Paris dispatches also carried a Madrid correspondent's report that Miguel Gamazo Maura, former Spanish Minister of the Interior, had disappeared. Fears were expressed that he had been executed by Loyalists.

Lisbon, Portugal, heard that a Captain Conde was executed by Fascist soldiers on a charge of responsibility for the assassination of Jose Calvo Sotelo, monarchist, at Madrid July 13.

Third Protest Dispatched LONDON, Aug. 10.—An airmight blockade of Spain by neutral powers was described in authoritative quarters tonight as an immediate prospect.

This assertion followed in the wake of Great Britain's third protest to belligerents in the Spanish civil conflict.

Today's protest was against the shelling of a British yacht and the death of its owner, Captain Rupert Saville, during a rebel attack on Gijon.

British Soldiers Killed In Clash

JERUSALEM, Aug. 10.—Three British soldiers and one Jew were killed today as a result of the activities of Arab nationalists.

Lieutenant E. M. Pesting of the Seaforth Highlanders was killed and three other officers were injured when a land mine exploded under their car on the Nablius highway.

Two Royal Air Force privates were attacked by a band of Arabs as they were leaving the Garden of Gethsemane. One was killed outright and the other died of wounds later.

The Jew was slain in an anti-zionist riot in Jaffa.

Moderate winds; partly cloudy and moderately warm; probably a few scattered thundershowers.
