Scout News and Notices

Having offered their services to the Civil Defence authorities of Canada, the Boy Scouts in all ten provinces are concentrating on Scout tests directly related to emergency service.

They are being assisted by fire and police departments, "Ham" radio operators, the Red Cross Society, the St. John Ambulance Association and other interested groups.

On a 3,000-mile trip, Paul Kreuger, Boy Scout Field Commissioner for Alberta, recently visited Wolf Cub Packs and Scout Groups between Edmonton, Alberta and Tuktoyuktuk, which is 200 miles north of the Arctic Circle. Indian and Eskimo boys are members of several of the groups visited.

Blind King's Scout Clarence R. Morris of Belleville, Ontario, was a proud lad recently when he won his Scout Gold Cord for passing the tests for 18 proficiency badges. He qualified for the ambulance man, pathfinder, knoter, engineer, reader, airman, public healthman, basket worker, debater, citizen, handyman, fireman, aero engineer, missionary, carpenter, master at arms, friend to animals and bee keeper badges to win the award.

His Excellency Nicolas Anisias, Greek Ambassador to Canada, recently presented the Silver Phoenix, highest award of the Boy Scouts Association of Greece, to Jackson Dodds, C.B.E., Deputy Chief Scout for Canada, as a symbol of appreciation of the Greek Scouts for a gift of 5,000 staves sent them by the Boy Scouts of Canada.

Canada's first Part II Gilwell Training Course for Sea Scoutmasters is to be held at Lakefield, near Peterboro, Ont., from August 13 to 20. Executive Commissioner Leslie G. Punchedar, of the South Waterloo, Ont. district, formerly Master of R.S.S. Discovery, the British Sea Scout Training Ship, will head the course and will be assisted by Canadian Scout Headquarters staff members.

When fire swept the recreational hall of a synagogue in Moncton, N.B., recently, and deprived the Tiferes Israel Wolf Cub Pack of a meeting place, the Cubs of St. Bernard's Pack offered to help. Until the synagogue hall is renovated the Hebrew Cubs are meeting with the St. Bernard's Pack and using the facilities of St. Bernard's gymnasium.

The wee lad in London—a Wolf Cub of the Boy Scouts—wasn't missing a single chance to do a good turn every day. And his turn was rather out of the ordinary. Imagine the surprise and gratitude of the guardsman of His Majesty's Brigade of Guards, who was staking his beat outside Buckingham Palace, when the little boy scampered up and tied the guardsman's bootlace which had become undone.

Having offered their services to the Civil Defence authorities of Canada, the Boy Scouts in all ten provinces are concentrating on Scout tests directly related to emergency service.

They are being assisted by fire and police departments, "Ham" radio operators, the Red Cross Society, the St. John Ambulance Association and other interested groups.

BABY CHICKS
 Can take orders for MIXED CHICKS and PULLETS from June 14th to end of Season. MacDONALD HATCHERY, Covehead

Tourists Concerned Over Fire Hazards

"Fire hazards are the chief concern of many of our U.S. visitors when they come to Canada," said Provincial Fire Marshall T. A. Campbell yesterday in commenting on Tourist Service Week. "The serious loss of life in major fire disasters of the past few years has made our American friends particularly fire-conscious."

A regular check-up of all fire fighting equipment, stirrup pumps, hand extinguishers and fire hose should be undertaken now, he recommended, and at regular intervals during the summer months. "Folks on vacation are often a little more careless than they would be in their own homes. Its playtime for many of them, and the fire hazard is sometimes greater when people are enjoying their hard-earned summer recreation."

"One good way to instil confidence in the hotel, resort and tourist camp guests, is to see to it that fire instructions are carefully posted in every guest room, and in all public places," he suggested. "There is no better psychology than to provide full information to the guest, with the occasional fire drill, to impress upon them your realization of the fire hazard, and your effort to protect their interests." Mr. Campbell pointed out.

The local hotel inspection staff and the resort inspectors are co-operating with the local fire department in checking all fire control equipment in local hotels and resorts.

Paul Kreuger, Boy Scout Field Commissioner for Alberta, recently visited Wolf Cub Packs and Scout Groups between Edmonton, Alberta and Tuktoyuktuk, which is 200 miles north of the Arctic Circle. Indian and Eskimo boys are members of several of the groups visited.

Girl Guide News

NEWS AT LAST

Parkdale Brownie Pack, which is one of our "crack" ones, held their final meeting for the season on Monday. It was such an important one that Brown Owl, Mrs. Ivan Vessey, came to the hospital to tell me all about it. Why was it so important? Well, they had a "Flying Up Ceremony." The Guides were all there and many parents and friends. The Fairy Ring started things off and Brenda McKay, Jocelyn Stewart and Diane Dixon had large wings to help them fly, and Commissioner Mrs. R. Dumont presented them with their official wings that they will proudly wear on their new Guide uniforms. Guides formed a Horseshoe and a Tunnel through from the Fairy Ring and the Brownies flew through to Guidingland. Guide Eva Bertram received them into Guiding. The Women's Institute of Parkdale who always support our Guides and Brownies so well, provided and served a lovely lunch. And so Parkdale Brownie Pack lost three good little Brownies, but I am quite sure that their Guiding will be equally as good as the splendid work they have already done.

Brownies of Trinity entertained their parents, the Prov. Commissioner Mrs. J. F. Hutcheson, and Comm. Mrs. R. Dumont last week, and reported a wonderful time. (My! All the parties I am missing!) The Fairy Ring and collection of Fairy Gold started off the meeting and Golden Bars were presented to Myrna Caswell, Diane McNeill, Ann Smith, Lois Smith, Ann Forsythe, Ann Phillips and Susan Parker. One Golden Hand was presented to Pauline Johnson. Congratulations, Brownies, and an extra special cheer for Pauline. Mrs. Hutcheson poured tea and the Brownies served all the visitors. Brown Owl Mrs. F. Pierce and Tawny Owl Mrs. Moore were as usual helping everywhere. Taps closed the meeting and many volunteers remained to clean up.

Our Guides at St. Vincent's Orphanage have taken a new lease on Guiding this year with Kristine Moysiaka (hope I've spelled that correctly Kristine) as leader. To everyone's surprise the Guides turned up with their leader at Raisin Day Headquarters to sell raisins and collected \$22.00 between them and were so happy to be able to help us. We all thought it was splendid of you, Guides, so a big "thank you" from us.

FINAL WINNERS IN MIRACLE FEEDS 3 CAR CONTEST

The Ogilvie Flour Mills Company Limited announces the winners in the third and last part of the Miracle Feeds 3 Car Contest. A new Chevrolet Sedan was won by D. A. Dykstra of Stettler, Alta. Other prize winners are:

- Ernest Barbeau, St. Vianney, Que. Co. Matapedia
- GURNEY STOVE
- Sarto Bousseau, Princeville, Que.
- CONSOLE RADIO
- Harold Allen, Tusket, N.S.
- TOPPER RADIO
- Mrs. Gus Wolney, Lumby, B.C.
- J. Greschner, Millardale, Sask.
- Rene Marquis, Sawyerville, Que.
- Albert Mathieu, St. Victor, Que. Co. Beauce.
- Edward Farr, Odessa, Ont.
- Norman Truax, Box 235, Matheson, Ont.
- BABY CHAMP
- Mrs. Levjay, Mt. Stewart, P. E. I.
- Mrs. Robert Seward, Corner Brook, Nfld.
- James Muckart, Langley Prairie, B. C.
- Hubert Kopp, Humboldt, Sask.
- Arthur Mattson, Devlin, Ont.
- Germain Baril, St. Prosper, Que. Co. Champlain.
- Andre Nantel, St. Jerome, Que.
- Maitland Scott, Maxville, Ont.
- Alphonse Bety, Verner, Ont.
- THE OGILVIE FLOUR MILLS COMPANY LIMITED

That's all for now Guides and Brownies! I expect many of you are planning final meetings, but plan to have some summer hikes, you do not have to leave it all to your leader. Get the "Campract" Book from "Island Book Store." That tells you all you want to know.

NEW YORK, May 29 — (AP)— Singer Frank Sinatra will get a divorce so he may marry actress Ava Gardner, the New York Post's columnist Earl Wilson reported today. In a copyrighted story in the Post, Wilson said Nancy Sinatra decided to give him his freedom. The couple were legally separated last September after 11 years of marriage.

ATTENTION SHEEP BREEDERS

We would warn wool producers against statements that are being circulated regarding the price of wool to be paid through the P. E. I. Sheep Breeders' Association. The country is at present full of itinerant buyers, some of whom at least are using very unfair tactics regarding market prices. It has been stated that the advance price on wool will be all that the patrons of the Association will receive, and further that the additional rebate of five cents (5c) per pound announced on wool marketed through the Association last year will never be received. We wish to emphatically state that such statements are misleading and untrue and are advanced only to induce the wool grower to sell his clip at less than its market value.

The Canadian Co-operative Wool Growers, which is your Marketing Association, is possibly the finest and most efficient co-operative marketing organization in Canada. Every year since its organization wool has been bought on the principle of a substantial advance payment, plus a final payment when wool has been graded, and in every year a substantial final payment has been received by the wool grower. We have no reason to feel that the same result will not be secured this year. The advance payment of eighty cents (80c) per pound is quite substantial and it is rather interesting to note that this figure is the approximate full price usually offered for wool in the country by buyers.

We would like to furthermore state to those who shipped wool last year that the five cent (5c) rebate on last year's clip will be forwarded to you when the final settlement is made on the 1951 clip. This was done in order to save expense and the issuing of small cheques to growers.

We would further point out that a great deal of the wool last year was commonly purchased at from 34c to 36c or 37c per pound. It might be interesting to note that the wool marketed through the Wool Growers Organization here brought an average of fifty cents (50c) per pound, the bulk bringing 53c to 54c per pound. Even much of the "Reject" wool brought as high a market price as that which was being paid outside our Association for "Choice" wool.

The Association is now receiving wool at Charlottetown. Ship your wool and we will pay the freight. You will promptly receive your eighty cents (80c) and you will then be in line for the final payment which will come after grading and delivery has been made. The Wool Growers Association is a highly efficient Marketing Organization, working in your interests. Patronize your own Association and do not let your wool go for less than its market value. Ship to the

P. E. I. SHEEP BREEDERS' ASSOCIATION, CHARLOTTETOWN.

ATTENTION CREAMERY PATRONS IN PRINCE EDWARD ISLAND

The season of greatest production is now here and the necessity of good quality cream is greater than ever. All butter in print form must be graded for our three Maritime markets and the Dairy Products Board will buy, in solids, first grade butter only. In order to comply with the Maritime Print Market regulations, to sell only first grade prints, and to meet the demands of the Dairy Products Board relative to grade in solids, cream of highest quality only will be accepted by our creamery managers.

The provisions of the Cream Grading Act, by which second grade cream may be rejected, will again be enforced. Creamery Managers are notified to reject all cream in second grade which has over .35% acidity and is bitter, stale, musty, metallic, fermented and otherwise unclean in flavour.

Creamery patrons are requested to ship only good flavoured sweet cream.

H. J. MacDONALD, Dairy Superintendent.

Ship more top-grade potatoes!

Protect your crop against insects and blights with dependable C-I-L Potato Pesticides. Widely used by successful growers, C-I-L Potato Dusts and Sprays are thoroughly field-tested and made to rigid manufacturing standards.

C-I-L Potato Pesticides assure effective, low-cost protection. For the most recent proven products and methods for controlling insect pests and plant diseases, you can rely on C-I-L.

C-I-L Potato Dusts and Spray Materials

DEECOP Spray
 Contains 15% DDT and 30% Copper. Like DEECOP Dust, it gives exceptional control of both blight and potato insects. Although developed especially for potato growers, DEECOP Spray is also an excellent insecticide-fungicide for many other crops.

DEECOP Dust (Formerly "Deetox 3-7") FOR BLIGHT, LEAPHOPPERS AND BEETLES
 A combined insecticide-fungicide containing 3% DDT and 7% Copper with a special carrier-sticker. DEECOP Dust does an outstanding job in controlling early and late blight, Colorado potato beetles, flea beetles and leafhoppers. For best result, use DEECOP Dust at the first sign of leafhopper injury. Not dependent upon dew for its action, it may be used at any time except, of course, when raining or windy. For seed-potato crops or where aphid infestation is heavy, use DEECOP Dust 5-7 (5% DDT and 7% Copper).

OTHER C-I-L POTATO FUNGICIDES
 TROX. A 7% Fixed Copper dust, with a special carrier-sticker for blight control. May be applied at any time except during wind or rain.
 TRI-COP. (Tri-Basic Copper Sulphate) is a water-dispersible powder containing 52% Copper, recommended for control of early and late blight. Compatible with C-I-L 50% DDT, Lead or Calcium Arsenate.

C-I-L 50% Wettable DDT
 A jet-polymerized wettable powder containing 50% DDT. Especially effective against leafhoppers, as well as beetles and many other insects. By adding "Tri-Cop", it may be used as a combined insecticide-fungicide. Because of its fine particle size, C-I-L 50% Wettable DDT gives exceptional uniform coverage, and has superior suspension and adhesive properties.

C-I-L Pesticides
 AGRICULTURAL CHEMICALS DIVISION
 HALIFAX
 Montreal Toronto Chatham, Ont. Winnipeg

POTATOES

We are not advising but will say that if you do not sow you will not reap. The acreage being planted is much less than last year. Seed is cheap. Fall prices may be excellent.

The **Island Fertilizer Co. Ltd.**
