For entertainment only

Aries (21 Mar-19 April): You will have some minor frustrations this week. Travel plans seem elusive. Be wary of advice from friends.

Taurus (20 April-20 May): Let go of harbouring resentments. Keep fantasy in check to make room for a new love interest.

Gemini (21 May-21 June): Watch wishful thinking and don't let confusion cloud your judgement progress will be made personally and professionally.

Cancer (22 June-22 July): Emotional conflicts early in the week. Watch you don't say things you may regret. Don't daydream. Put your energies into something creative.

Leo (23 July-22 August): It is time for you to do what is best for you. It would be wise not to talk too much to your friends. If they wish to follow, fine, but don't let anything hold you back.

Virgo (23 August-22 September): Visits with friends bring luck as long as money is not involved. Be sure not to let them drain you emotionally.

Libra (23 September-22 October): Avoid gossip this week as people are not really hearing what you are saying; this could bring trouble.

Scorpio (23 October-21 November): Friends and money don't mix. You can't carry around other people's responsibility. Don't let deception ruin a good relationship.

Sagittarius (22 November-21 December): Luck is

knocking on your door. You should re-evaluate plans for the immediate future.

Capricorn (22 December-19 January): Settle down. Your concentration is not up to it's usual capacity. Too much play makes more work later.

Aquarius (20 January-18 Feb): Your imaginative wheel will be turning thanks to a remark by a friend. It could prove profitable.

Pisces (19 Feb-20 March): Things are not first handed out. You deserve the best but you have to ask for it first.
