S'ide Town Council Considers Parking Area

The Summerside Town Council last evening gave consideration to a resolution from the council of the Board of Trade requesting that in view of the presence of a suction dredge in Summerside harbor that arrangements be made to secure the services of this dredge for filling in a portion of the waterfront to provide parking facilities in the town of Summerside.

The resolution pointed out that parking is becoming more and more congested and that additional parking space is urgently needed in the town. While admitting that this project would involve considerable financial outlay, it also pointed out that it would be more than justified if the position of the town, as a trading center is to be maintained. Mayor Wedge said that the property committee had been requested to look into the matter and requested Councillor Lidstone to submit a report on his findings to date.

Councillor Lidstone stated that before any definite action could be taken it would be necessary to ascertain just how far the bed rock lies beneath the mud surface. This, he said, would have to be investigated and reported by the engineers. He estimated that the cost, roughly, would be in the vicinity of \$20,000 for the cost of gravel and other fill extra.
An application from the Horne Auto Parts to erect a building on the north west corner of Sprung and Foundry Streets, to be used as a wholesale and retail auto parts store, was granted. Permission was given in view of the assurance that no service station would be operated in conjunction with the store and any gas tanks erected. Further assurance was given that the building would be of pleasing design and an asset to the community. The special permit will be granted only after the plans and specifications have been approved by the council.

A letter of appreciation was read from the Board of Trade on the splendid manner in which the Corporation Day ceremonies were carried out under the chairmanship of Councillor H. E. Clarke.
Electrification Considered
Consideration was given to applications from various rural communities for electrification and Mayor Wedge stated that an application had been made to the Provincial Government for a long-term loan of \$75,000 to aid and assist the town in carrying out these extensions to its lines. Mayor Wedge said that up to the present no official reply had been received from the government but that he had received verbal assurance that the application was being given serious and favorable consideration.

Mayor Wedge also said that had some plan of this kind been laid down before this present debt on the town would be much less than it is. He stated that a great deal of the present debt was caused by expending taxpayers money to extend rural lines.
Upon being asked by Councillor Perry if additional motors would be needed for this extra load, Mayor Wedge said that the present facilities were adequate for the next two years.

Permission was granted by the Department of Agriculture at Ottawa to have the hedge on the west side of the Experimental Farm removed.
The Mayor pointed out the advantages of this removal and said that the hedge had always constituted a snow hazard in the winter months.

Financial Report
Councillor Jenkins of the finance committee in commenting on the comparative financial statement as follows:
Reports 10,000 Labor Unionists Still In Jail In East Berlin
LONDON (AP)—The jails of East Berlin still hold 10,000 labor unionists arrested in the anti-Communist uprising of June 17, chairman Tom O'Brien of the British Trades Union Congress said Monday.
O'Brien visited Berlin last week as head of delegation sent by the International Confederation of Free Trade Unions to report on the East zone situation.

"I got a shock," he said. "He explained he met East German Communists who had fled to the West to escape punishment from their own Communist bosses. "Some of them," he said, "had the sentence of death on their shoulders because they led strikes; not for the purpose of overthrowing the government but to fight against harsh economic conditions and tyranny."

SEOUL (AP)—Despite United States assurances that South Korea's President Syngman Rhee has put down in writing his consent to abide by a truce, the skeptical Reds showed every sign today of wanting more iron-clad guarantees before they accept.
A broadcast Monday night by North Korea's Pyongyang radio said "agreement on the Korean truce appears to be in for a delay because of lack of sincerity on the part of the American side."

The full-dress truce teams meet in another secret session at Panmunjom today at 11 a. m. (10 p. m. EDT Monday).
Outside the conference, but it appeared that the Reds were probing for more information and at the same time declaring that so far the UN command has not come up with anything acceptable.
Red sources criticized as "vague" and unsatisfactory a joint statement issued Sunday by Rhee and President Eisenhower's special truce envoy, Walter S. Robertson. The statement had announced an understanding between the two after prolonged talks.

To Move Telephone Wires, Poles From Water St., S'ide

A start will be made in the course of a few days which means the project of removing all telephone poles and wires from Water Street, Summerside, between the two railway crossings, Mr. E. G. Cameron, superintendent of the Island Telephone Co., Ltd. said yesterday. The job will take approximately two years and the actual removal of the poles will be the last part of the operation.
What will be done this year is the erection of cables behind the building on the south side of the street. Next year the same thing will be done on the north side, and only after this is completed can a start be made on the removal of poles. At present the telephone lines run along the south side of the street but they feed the buildings on both sides which means that a lot of wires are strung across the street, these will all come down when the job is completed.
Mr. Cameron explained that this project is being undertaken to fulfill a promise made to the Town Council some time ago. It is understood that it is the intention of the town to remove all overhead electric light lines and when both these jobs are completed, a big improvement will have taken place in the appearance of the business section.

Mr. Cameron said it had been planned to run the lines underground but this had turned out to be too costly. The plan now proposed will do the job just as well, he said. In some cases, an attachment will be made to the buildings to hold the cable and in other places poles will be erected. Representatives of the company have been interviewing property holders during the past week securing permission to attach lines to the buildings. Mr. Cameron explained that at the same time larger cables are being installed to give better service.

Official Opening

The value of such a collection as was here on display, in achieving that purpose. He explained that the Society was originally incorporated in 1882 with the following officers and directors: Hon. Heath Wood, Hon. Edward Palmer, Right Rev. Peter McIntyre, Rev. G. W. Hodgson, Mr. Charles Palmer, Mr. George Alley and Mr. Donald Ferguson. A later Historical Society was incorporated called The Antiquarian and Natural History Society of P. E. Island of which Mr. W. E. Bentley was Secretary.

Interesting Display
After the display had been declared officially opened by Governor Prowse, the exhibits which were shown to excellent advantage in cases and about the walls of the spacious gymnasium were examined in detail by the many visitors present. All the exhibits are carefully tagged and their history recorded. An item of special interest is the original anti-friction roller-bearing block and supporting patent papers dated 1827, the invention of the Grandfather of Messrs. Ernest and Alfred Duchemin, both of whom reside in Charlottetown.

A melodeon, the property of St. Peter's Cathedral, brought to the island in 1872, also caused considerable interest when played upon by one of the ladies present.
Arrowheads, duelling pistols and flintlocks; maps, pictures and rare books; primitive household necessities and ladies fans are among the few items in well over a hundred which invite scrutiny and a leisurely hour among rare souvenirs of an all-but forgotten era in the history of the Province. The whole set-up reflects great credit on the officers and executive of the Society, especially the Secretary, Mrs. Mary Brehaut, assisted by Mr. P. F. McMurrer on loan from Prince of Wales College, in arranging the cases and work of a similar nature.

The officers of the Society are: Hon. President, Justice A. E. Arsenault; President, Dr. Lloyd Shaw; Vice President, J. E. Harris; Secretary, Mrs. Mary Brehaut; Treasurer, Walthen Gaudet; Directors, Earl Taylor, Bramwell Chandler, R. L. Cotton, Victor Purdy, T. Edgar McNutt, Dr. J. H. Blanchard, Dr. Frank MacKinnon, J. L. Curran, J. T. Davies, Mrs. K. S. Rogers and Miss Mary Haszard.
Members of the Government accompanying the Premier at the official opening were Hon. W. E. Darby, Attorney General, Hon. C. Baker, Minister of Agriculture, Hon. Dougald MacKinnon, Minister of Public Works, and Hon. Eugene Cullen, Minister of Natural Resources.

The display will be open for inspection daily from 10 a. m. to noon and from 2 p. m. to 5 p. m., except on Saturday when the hours will be 10 a. m. to noon only.

SPAIN TOO STRICT
LONDON (CP)—The French tourist bureau here commented that at least half the French tourists will cancel their visits to Spain in view of severe bathing-suit restrictions are enforced.

JOHANNESBURG, South Africa (CP)—South Africans are eating and drinking more than in pre-war days, according to an investigating team of Witwatersrand University. Consumption of foodstuffs, beverages and tobacco showed sharp increases in the last 15 years.

Holmans Edge Royals 3-2 In Game At S'ide

Donnie Simmons pitched the Holman aggregation to their second win of the season at the Airport last night, defeating the Royals in a thrilling baseball contest by the score of 3-2. Simmons gave up nine hits, striking out 16, and Gaudet, on the mound for Royals, was touched for only seven. Home runs played a vital part in the contest. Holman's got all their runs in the sixth inning. Gord MacKay led off with a triple, and Callow was on on fielders' choice, as Richard, R.C.A.F. second sacker, kept his eye on MacKay threatening to break for the plate, and Callow reached first without a throw. Simmons went down swinging, but Jimmie Grady hit a ball to the fence in right centre field, and circled the bases with MacKay and Callow crossing the plate in front of him. Gaudet propelled a ball to about the same locality for a circuit clout in the seventh frame, and hits by MacKenzie and Petty in the eighth accounted for the other Royal rally.

The game went right to the wire with the outcome in doubt. With two out, Kilby in scoring position at second, and the ever dangerous MacKenzie waving his bludgeon at the plate, the R. C. A. F. board of strategy apparently elected to have Kilby try to steal third, and he was cut down by a rifle throw from Bernard, Holman catcher. This play ended the game.
The R.C.A.F. threat was nipped in the eighth by a clever play by Johnny Carroll, Holman centre-fielder. With MacKenzie racing for the plate, and no possible play on him, Carroll faked a throw home. The ruse caught Petty off the initial sack, and Johnny's throw had him cold.

BERLIN (AP)—East Germans boiled with anger today at the Kremlin's refusal of free American food for the hungry Soviet zone.
The Russian action stirred anti-Communist fury throughout the zone, for it meant that the Russians would play politics with hunger.
Refugees crossing to West Berlin said hatred of communism in East Germany had never been at whiter heat than now.
Thousands of tons of flour and fats are available in West Berlin warehouses for delivery behind the Iron Curtain, if the Communists agree.

Offer Still Stands
American and West German officials meanwhile studied plans to get a \$15,000,000 U.S. gift of food into East Germany despite the rejection by Soviet Foreign Minister Vyacheslav Molotov last Saturday night of the American offer.
In Washington, the White House said American food is being delivered to the East German frontier and that the offer still stands.

Plans Being Discussed
Plans being discussed here for distributing food included:
1. Sending food through the East German Red Cross, the Catholic Caritas organization, and the Protestant welfare agency. For this Communist consent is necessary.
2. Increased shipments of individual gift packages through the interzonal mails.
3. Insurance of five-mark (\$1.19) coupons to East Germans redeemable in food at special centres to be set up in West Berlin near the Soviet sector border.

East German reports confirmed that flour, sugar, fats and potatoes are in critical shortage in virtually all Soviet-occupied cities. Even heavy workers in leading industries are on abnormally short rations. Milk distribution for children has broken down.

Bloomfield and Vicinity

Miss Ida MacDougall, Waltham, Mass., arrived July 8, on her first visit to the island for years.

Those attending the P. E. I. W. I. convention in Charlottetown were as follows: Mrs. Thomas Hardy, Mrs. Mike Doyle, Mrs. Robert Shaw, Mrs. Jack Foley, Mrs. Delaney, Mrs. Mrs. Patricia McDougall and Mrs. Roy Smith.
Mrs. Harold Doyle, Donnie and Paul Campbell, visited Freetown recently.

Mr. and Mrs. Frank Dunn and family were visiting Mr. and Mrs. Kenneth Kendrick, Campbellton, July 5.
Mr. A. F. Falke, Somerville, is visiting Mr. Wm. Monaghan.

Mrs. Margaret Walsh is visiting in Cape Wolf.
Mr. Vance McKay was a business visitor to Summerside on July 2.
Mr. Ray Smith was a business visitor to Summerside.

Mrs. Lucinda McMillan and Mrs. Maude Pratt visited Summerside on business recently.
Mr. and Mrs. Elmer Adams, Elmsdale, were visiting Mr. and Mrs. Mike Doyle, Bloomfield.

Mr. Lorne Johnson, O'Leary, was in Bloomfield on business. —B.B.

K. of C. Boys Pass Tests

Desmond Gallant, swimming and water safety instructor of North Rustico tested the swimming skills of a large number of campers last Friday at the Knights of Columbus camp.
Mr. James Gallant, the camp waterfront director carried out an excellent aquatic program and did a fine job of instruction.

Paul Cudmore, Red Cross field supervisor, presented the awards on Saturday and gave the boys a talk on water safety. The following campers received Red Cross certificates and buttons:
Elementary—Roland Perry, Kenry Bisso, Johnny Larter, Bobby King, Ross Morris, Gerald Bolger, Leonard Stull, Ronald Gallant, Peter Grant, Reggie Trainor, Gary MacDonald, Kevin Cuckey, Ralph McInnis, George Dunn, Herbert Morris.

Junior—Maurice Larter, Fred Dunn, Johnny Arsenault, Intermediate—Richard Gauthier, Joseph Arsenault, Jackie Phillips, Morris Larter.
Senior—John Dunn, Dunstan Griffin.
