AN INTERESTING SIGHT.—This morning about ten o'clock, the crew of H. M. S. Pylades had sail drill. It was most interesting to see with what alacrity the blue jackets scrambled up the ratlines and out on the yards. The time taken in making and taking in sail was incredibly short. We understand the crew will have a cricket match with the Park club at the Park this afternoon.

THE JACQUES CARTIER.—The steamer Jacques Cartier, lately purchased by the Inland Steam Navigation Co., arrived at this port on Sunday morning, having experienced a severe gale on the passage from Quebec, which caused delay. The steamer is something after the style of the Heather Belle, but is more commodious. Her dimensions are: Length of keel, 117 1/2 feet; beam, 23 feet; hold, 7 1/2 feet; and her tonnage is 239 net and 379 gross. She is certified to carry three hundred passengers, and is equipped with all the necessary life boats, life preservers, fire hose, etc., prescribed by law. She is now undergoing some improvements, but will likely sail for Orwell on Wednesday next.

TELEGRAPHIC NEWS.

SPECIAL DESPATCHES TO THE EXAMINER.

President Van Horne.

His Opinion About the Inter-colonial Railway.

MONTREAL, Aug. 1. President Van Horne, on being interviewed, would say very little about the result of his mission to the seaboard. But when his opinion was asked concerning Intercolonial management, he spoke as follows: "Possibly and probably a good deal can be done by cutting down expenses. This, in fact, is always possible for a time on any railway that has been well maintained. But my opinion is that the success of the Intercolonial Railway, as of any other road, must come from the building up of its traffic rather than by cutting down expenses. I may also say that the extent to which expenses can be reduced is very limited; yet the extent to which traffic can be developed is practically unlimited. My experience goes to show that reduction in the number of employees and reduction of wages renders good management scarcely possible, as such policy tends to inefficient if not disloyal service."

In fifteen years the value of the foreign commerce of Canada has increased nearly \$80,000,000, or more than 50 per cent., and this in a period of declining prices.

A Vienna correspondent says it is reported foreign representatives at Sofia unsuccessfully interceded in behalf of the conspirators executed on Wednesday at Varna. Berlin papers uphold the necessity of the execution. French papers almost unanimously condemn the execution as acts of murder.

Great excitement and alarm have been created in Tangier, Morocco, by a report which has been circulated that the insurgents are advancing on the city with the purpose of attacking the Sultan's troops stationed there. The Europeans living along the shore adjacent to the city are flocking into the town for refuge.

In 1875 under the Cartwright tariff, the Canadian Customs tax was \$3.95 per head. In 1892, under the Foster tariff, the Canadian Customs tax is only \$3.70 per head. Yet the Grit followers of Cartwright sigh for the good old days when the taxes were high and people could earn no money to pay them.

FOR OVER FIFTY YEARS Mrs. Winsloe's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winsloe's Soothing Syrup," and take no other kind. 17r

The Star

THE BEAUTIFUL STAR

Has vindicated her right to be called Beautiful from the universal admiration of our patrons for the Beautiful in Art. This is evidenced by the good taste they display in patronizing the Star Tailoring Establishment when they want something particularly nice and artistic. Our success in filling the bill has passed into a proverb, namely, when you fail to get suited at the Star Tailoring Establishment you are too fastidious for this yere world.
