

Faculty Fun Page

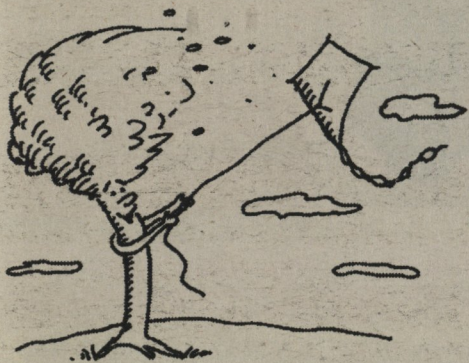

Word Find

Hey economics professors! Try and find as many words relating to residual wage inequality during the Taft presidency. It's fun!

Did you Know...

Paper is made from trees! Exam booklets, textbooks, late assignments and The Cadre are all made from trees. Even the comics posted on your office doors are made from paper - paper made from trees!

Faculty Colouring Contest Still Open!

It's not too late! The UPEI Faculty Colouring Contest closes Monday, October 8th at 5:00 p.m. Stop by *The Cadre* (basement of Main, room 06) to drop off entries, or to pick up a picture Eggman to colour. We have already received over nine entries, so your chances are still good. Note that we do not accept bribes (Lesley) or submissions from students (Jeremy). Thank-you for your time.
