

# Marian Hall Joke of the Week

# HALL HAPPENINGS

Three Marian Hallers and three Engineers were looking for summer jobs in Nova Scotia. They went down to the Telephone company and the Foreman said that they needed some labourers to put poles in the ground. So they were hired and were driven out to the job site. The Foreman told the Engineers to start to put poles in the ground along one power line and the Marian Hallers on another. Four o'clock came around and in came the Marian Hallers.

The Foreman asked, "How did you fellows get along?"

The Marian Hallers said, "Fine sir. We got 18 poles in the ground."

The Foreman replied, "That's real good for your first day out."

Then in came the Engineers all covered in mud.

The Foreman asked, "How did you get along boys? How many poles did you guys get in the ground?"

The Engineers replied, "Two".

The Foreman said, "How come you guys only got two in and these other fellows were able to get 18 in?"

One engineer goes to the window and looks out and says, "Yes, but look how much they left sticking out of the ground!"

COME ONE COME ALL  
FRIDAY MARCH 18  
TO THE  
ST. PATRICK'S DAY  
PUB

To anyone with a bit of the Irish in ya! The Freshmen and Sophomore Classes in Conjunction With the Residence be putting on the St. Patrick's Day Pub. It is sponsored by Labatt's Breweries and there will be door prizes. Come along and have a glass of "Green Draught" with us (even you engineers)!! We hope to see you out to kiss the Blarney stone - we had it brought is especially for the pub. Make sure to wear something green 'cause there will be a prize for the best dressed Irishman. Its going to be a "Rockin' Good Time"!!!

To those girls who "attempted" to raid Marian Hall Tuesday night... try a little harder next time, maybe you might get one of us just slightly damp!! And remember 'ladies', revenge is sweet!!

A special note to all students out there...

MAKE SURE TO VOTE!!

...for the candidate of your choice.

A NOTE OF THANKS

To the higher power who had the emergency lights in Marian Hall fixed... we appreciate it!! Now if you could do something about that bathroom toilet?

by Sean MacIntosh

WELL, TO ALL those Marian Hallers who have been wondering if I was ever going to write another article, here it is (and boy have I got some stuff to catch up on).

Last weekend was the annual Bernadine Hall Scavenger Hunt. A total of five teams were entered with the team from Marian Hall coming out on top. The winning Hallers were Kerry Avery, Andrew Selig, and Mike Redpath. Some interesting items needed for the hunt were; a pink flamingo, a dead goldfish, plastic "V" from a flashing sign and a size 34 AA bra (kinda hard to find!!).

This is an exciting week for Marian Hall. First of all, we have our Marian VS Marian hockey game where the freshmen play off against the upperclassmen. Hopefully the fan turn out will be high as that is also "Fan Appreciation Night." There will be a treat for all the fans who turn out.

This Friday will be a tri-residence ski trip to Brookevale and everyone is welcome. It is put on by the Residence Life Committee and is sure to be a blast. For further information contact Dave Valley (Rm 318 Marian) or Janice Smith (Rm 302 Bernadine). And after you finish skiing...

## GENERAL MEETING

YES! THERE is another general meeting of the student union body. This meeting is to introduce the candidates running for the newly created Student Council position of Vice-President Communications.

The meeting is scheduled for:

**April 5th**  
**11:30 am**

in the Robertson Library Lounge (The Pit).

The agenda is:

1. Call to order
2. Approval of agenda
3. Executive reports
  - i) VP Finance
  - ii) VP Operations
  - iii) VP Academic
  - iv) President

4. Introduction of candidates

5. Candidates speeches and question/answer period

6. New business

7. Adjournment

The UPEI Student Union is counting on your efforts to inform yourself about the candidates for VPO at this meeting and vote in the second set of elections to be held April 6th and 7th. Only by making an informed choice can you help make this new position a success.

## VIEW FROM THE TOP

## THE ENGINEERS STRIKE BACK!

As an added service to the University community, we have been asked to run the following ad.

Wanted:

One 5 1/2 inch floppy di\*k, round, double density, soft sector.

Has the following in-

structions inscribed: Keep in sleeve. Do not bend,stroke, or expose to magnetic fields. Do not touch exposed area.

Keep between 10 degrees Celcius and 52 degrees Celcius. CAUTION: insert carefully. Intentional misuse

by deliberately concentrating and ingesting the contents can be harmful.

Non-hazardous if used as directed.

Please return to Marian Hall as it is one of their best.
