ANNANDALE HAS 19-POUND TURNIP

A 19-pound turnip, 36 inches around and nine inches deep is quite a load for a young lad. However, George Banks, two-year-old son of Mr. and Mrs. William Banks, Annandale was able to balance it between his legs. Worthy of note is that it was grown on the sight of the first forge and store in Annandale built in 1840. Someone remarked "Let's hope the young lad does not grow in proportion to the turnip." A one-foot ruler may be seen sitting on top of the turnip.

Rural Changes Seen In 1963 UF Campaign

One of the major changes anticipated for next year's United Fund campaign will be the canvassing of rural points at the outset of the drive, Brig. W.W. Reid, campaign chairman, said yesterday.

"We hope to get the rural areas cleaned up in the first two weeks of campaigning," he explained.

United Fund officials also plan to divide rural areas into smaller sections, and to make use of facilities or organizations in the Fund during the campaign.

Better public relations will result through the use of films and speakers on behalf of the Fund. Brig. Reid said he hoped local organizations such as the Women's Institute, Catholic Women's League and Royal Canadian Legion would utilize publicity programs offered. "Many people still don't understand what its all about," he said.

Organization this year began August 1, only two months before the campaign began. This year, he said, it would begin in November current campaign details are cleared up.

Brig. Reid said the campaign had, on the whole, been successful, and those connected with it were pleased with the method of combining agencies into a single effort.

Although the campaign is officially closed, returns are pouring in steadily to headquarters in the Dominion Building on Queen Street, he stated.

To date, 86 per cent of the objective, or $195,800.82 has been collected.

Negotiating For Visit Of Cruise Ship

By DON MACLEOD
Guardian-Patriot Staff Writer

Tourist development minister J. David Stewart said yesterday morning that negotiations "are almost complete" with a Detroit travel agency for the calling of a cruise ship at Charlottetown, bringing employees of the Ford Motor company and General Motors on vacation trips.

He said the motor companies have an incentive plan in which employees can qualify for the expense - paid vacations. In former years, the ship has been calling at Caribbean ports, but this year will call at Maritime and St. Lawrence ports.

500 PERSONS

About 500 persons would take each cruise.

"This is something," said Mr. Stewart, "that we have been working on for a number of years. The beauty of the idea is that the vacationers bring their own hotel with them so accommodation will not be a problem."

He said the government would "go all out to entertain the vacationers. We will provide transportation for them so they can tour the province, and among other things, have bands at the waterfront to greet them."

The cruise ship would sail from Boston or New York.

Mr. Stewart last week attended the annual federal-provincial tourist meeting in Ottawa. He said that some progress was made in the establishment of a joint Maritime Provinces travel bureau in one of Canada's larger cities.

"Two or three tentative sites are available," he said.

Former Ch'town CNR Super. Dies

Charles F. Montgomery, former Canadian National Railway superintendent in Charlottetown, died at Hotel Dieu Hospital in Moncton Saturday, Dec. 1. He was 69 years old.

The late Mr. Montgomery retired from the railway in 1955 and lived in Moncton since that time. Previous to his stay in Charlottetown he was CNR superintendent in New Glasgow, N.S. He was a member of the 4th degree Knights of Columbus in Charlottetown, and a charter member of the BPO Elks.

He is survived by his wife, Mrs. Myrtle Young Montgomery, a brother, Walter, in Campbellton, N.B., a sister, Mrs. William Byrne, in Moncton, and several nieces and nephews.

The funeral will be held from St. Bernard's Church, Moncton, today at 10.00 p.m. Interment will be in the Roman Catholic cemetery, Shediac.

Grain Growers Claims Checked By Fieldmen

Eight department of agriculture fieldmen Monday morning began to check growers' claims that they have been unable to harvest grain this season because of weather conditions.

Up to noon yesterday, 289 growers had notified the department that they have been unable to harvest 8,235 acres of grain. Deadline for mailing applications to the department was Friday, midnight, so this is as high as the total may go.

Routes for the fieldmen to check were laid out by Deputy Minister of Agriculture S. C. Wright. It will take a week or more to complete the inspection, he thought.

Agriculture Minister Andrew MacRae said he thought the total of unharvested grain would be much less than the 8,235 acres, as during the past week good weather permitted harvesting.

Mr. MacRae said the fieldmen will meet tomorrow to see what percentage of grain had been harvested.

He said compensation payments would not go over $15 an acre, and growers will be required to certify their true losses.

When all information on losses has been gathered, Mr. MacRae will seek approval of the Executive Council for compensation payments.

Matheson Announces Guarantee For Spuds

By JEAN MacISAAC
Guardian-Patriot Staff Writer

A three month guarantee for a minimum potato price is the latest plank in the Liberal platform.

A.W. Matheson, party leader, announced Monday morning that the Liberal party, if elected Dec. 10, will assure farmers a minimum price of one dollar per 75-pound bag bulk, effective Dec. 15, 1962. They will guarantee this price for a period of three months, thereafter.

The announcement stated a seven-man board will be appointed to carry out this plan. Four farmers and three dealers will comprise this board.

"I believe that bold, imaginative action is required or the part of the government to provide the necessary spur to potato prices," the Liberal leader asserted.

"Growing concern with the present state of the economy of the province, and the fact that potatoes, which will be the single largest cash crop, are selling below the cost of production, are the reasons for this guarantee by the party," he said.

NO ACTION TAKEN

"The minister of Agriculture and Mr. Sangster have been talking about farmers not selling under a certain price, but they haven't done anything about it. This is positive action. This is the most satisfactory way to cure a situation that should have been looked after long ago by the government."

Although the minimum price is guaranteed for three months, it will be continued longer than that, if required, and subsidies will be given, if necessary, he added.

The seven-man board would be picked by the elected representatives immediately after the election. "The plan will work itself out, and the board is there only to iron out any difficulties that may arise."

"I believe that a dollar spent now can be returned manifold," the Liberal Leader concluded. "Why wait for summer; do it now."

The present price for potatoes runs about 25 cents less per 75 pound bag than the Liberal guarantee.
