FINE BOOK DISPLAY—A fine exhibition of British book design is now on display at the Charlottetown Public Library. The exhibit comprises a selection of 50 British books of 1952, including poetry, fiction, history, geography and biography, beautifully printed and illustrated, and was arranged by the National Book League of Great Britain in cooperation with the Canadian Library Association.

NEWS FOR POULTRYMEN—Word has been received by Mr. Ralph Raynor, of Mt. Hebert, president of the P. E. Island Approved Flock Association from Mr. Tom Katamoto, Toronto, Ont., that he has agreed to return to the Island as provincial chick rearing officer. He has an outstanding rearing record and will be welcomed by all flock owners and hatcherymen.

PREMIER DUE ON TUESDAY—Premier A. W. Matheson, who has been absent for the past several weeks on a holiday which took him across Canada, is expected to return to the Province Tuesday. This will permit his attendance at the special session of the Legislature which opens Wednesday afternoon. During his absence Hon. Walter E. Darby, Attorney General and Provincial Treasurer, has been Acting Premier.

FUNERAL AT WINSLOE SOUTH—The funeral of the late Mrs. George Auld was held yesterday afternoon from Winsloe South United Church. Services were conducted by Mr. Heber Hardy, assisted by the Rev. T. A. Wilson. A duet, "Will The Circle Be Unbroken", was sung by Mrs. Heber Hardy and Mrs. Abbie Weeks. The pall-bearers were Herbert Hughes, Rowe Hughes, Kenneth Moreside, Athol Sellar, Harry Cole and Harold Diamond. The interment was in the church cemetery.

DIED AT MORELL—The death occurred on October 10 of Mr. Francis Cunningham, who passed away at the home of his sister, Mrs. Clara Kenny, Morell, at the age of 64 years. He was a native of Kinkora, a son of the late Mr. and Mrs. John Cunningham, who removed from Kinkora to Morell several years ago. The deceased was a well known and highly esteemed resident of the community. Interment was in the Roman Catholic cemetery at Morell, Rev. Phalan McKenna officiating at the church and grave. Mr. Cunningham, who was unmarried, is survived by a brother, James, and sister Margaret, both of New York City, as well by Mrs. Kenny.

CHRISTIAN FELLOWSHIP MEETING—Mrs. J. Gordon MacDonald, Superintendent of Christian Education and family life in Trinity Church, was the guest speaker at the Irwin Christian Fellowship Group on Thursday night. Using audio visual film strips, Mrs. MacDonald, showed a picture which dealt with many of the problems facing the every day family and by means of discussion groups brought to light many points of interest to those present. The meeting opened with games and a singing.

Science Service Laboratory Greenhouse Contract Awarded

The contract for the construction of the new greenhouse at the Science Service Laboratory has been awarded to the firm of Lord and Burnham, St. Catharines, Ont., builders of greenhouses and distributors of greenhouse supplies throughout Canada according to word received by Mr. R. R. Hurst, Chief Plant Pathologist at the laboratory. The date of commencement of the work has not as yet been announced but when completed, it will be the most up to date in the country. Construction will be of concrete foundation and walls, with an entire metal framework. There will be nine compartments with a separate heat temperature for each compartment, thermostatically controlled. Central heating will be supplied from the main science building. A corridor four feet six inches wide will run the entire length of the building on one side, making all compartments easily available. Nine screened roof ventilators, also thermostatically controlled will ensure a proper flow of air and at the same time select the proper temperature. While plans have not yet been completed, it is understood that another greenhouse of similar size and design will be built as soon as the first has been constructed. Meanwhile work is proceeding on the foundation of the header house which will be used in conjunction with the greenhouses. This part of the work is being carried out by M. F. Schurman Co. Ltd.

Employment Problem Grows More Serious In Ch'town

There has been no improvement in the local employment situation in the past few weeks, according to figures available at the Charlottetown office of the National Employment Service. The figures released by the office cover Charlottetown, and the two counties of King's and Queen's. Upwards of 700 men and women are registered at the office as being out-of-work, a little more than half of whom reside in or near Charlottetown and the remainder scattered throughout the country districts. Of the approximately seven hundred unemployed well over five hundred are drawing unemployment insurance benefits, and this total is increasing every day. Not all of the unemployed can qualify for benefits, and the number of applicants for work is therefore always somewhat higher than the number of people drawing weekly benefits. One year ago the total number of claimants was about fifty per cent of present figures, and the employment picture was correspondingly brighter. Working Numbers Higher The working force in the area is probably higher than ever before, according to the local Employment Office. More residents in rural districts, are applying for non-farming jobs every year, and are prepared to move to Charlottetown whenever work is available, to the mainland or to such places as Labrador. When these rural residents lose their employment they swell the total of registered unemployed applicants. Until the advent of Unemployment Insurance, no figures were available as to the extent of unemployment in the country districts. More than two hundred of those without work are women, and these too reside in all sections of King's and Queen's Counties. Continued on page 8

Change In Borden Ferry Schedules

The fall months ferry service schedules between Borden and Tormentine went into effect yesterday. From June 16th up to October 15th both ferries were operating but from now until next spring one boat is expected to be able to handle the traffic. The schedule from now to December 31st will be: Daily, including Sunday, leave Borden at 9:10 a.m., 1:00 p.m., 4:30 p.m., 7:30 p.m. and from Cape Tormentine the regular schedule will be 10:55 a.m., 2:40 p.m., 6:00 p.m., 9:00 p.m. Freight traffic is usually very heavy during the fall months and there is always the possibility that extra freight trips will be made during the night but these of course do not run on any regular schedule. This year for the summer months an early trip of the ferry was scheduled leaving Borden at 6:30 a.m. and Cape Tormentine at 7:40 a.m. and proved quite popular and the amount of traffic was very good considering that it was the first year for a long time such a trip was in effect. This trip is now cancelled for this year but it is hoped that it will be resumed again next spring. Vehicle traffic figures for the Borden-Tormentine service this year are reported to show a very substantial increase over last year. Last winter was particularly clear of snow and vehicle traffic was very heavy with the result there was an increase of over ten thousand vehicles between January 1st and June 30th and an increase of approximately four thousand vehicles from June 30th to October 15th. These figures are for the traffic both ways and include trucks. "At the rate traffic is increasing it is felt in a great many quarters that very serious consideration must soon be given to providing a proper vehicle ferry for the Borden-Tormentine service," states Mr. B. Graham Rogers, Director of Transport. "It is only since both present ferries were made capable of carrying more vehicles and more frequent badly needed schedules were provided that this Province has had a chance to partially catch up with normal vehicle transportation and we are still far behind most of the other Provinces in this respect. The same thought in respect to ferries applies with equal force to the Wood Islands-Caribou service where additional facilities are urgently needed. No one can gainsay the fact that the Federal business tax offers the island is increasing and if we are to take our place efficiently in the economy of the nation we must have the transportation which will give us the opportunity to do so and the opportunity also to contribute to the Federal business tax offers the amounts which we could pay through expanded business operations."

Recruits To Signal Regiment

The growth of the Signal Regiment is indicated by the large number of recruits who have joined the 5th Signal Regiment since the fall training began. The following is the list of recruits: Leo Earl Shepherd, Philip Cyrene Kelly, Hector Joseph Arsenault, Theodor Achzehtner, Earl Robert MacKenzie, John William Kelly, Delmar Earl Atiker, Hinson Edison Myers, Edwin John McCabe, Donald Alvin Sudbury, Ward Beacher Thompson, Charles Culbron McTague, Harvey Merrill Ford, Roland Archibald Livingstone, Louis Alfred Montingy, Francis Louis Dunn, George Robert Bevins, Alfred James Sherrin, Patrick Leslie Cannon, Victor LeRoy Flynn. YARMOUTH, N. S. (CP)—The body of Clyde Cann, 55, Nova Scotia's first fatality of the deer hunting season, was recovered Friday from a nearby lake. Mr. Cann started out hunting Thursday, the opening day of the season, and was not heard from after that.

B. I. S. Honours Veteran Member

Brother Harry Corcoran was signally honored by the Benevolent Irish Society last night at its annual meeting. Brother Corcoran was presented with the life membership medal and read an appropriate address by acting secretary Brother Preston Curley. President J. W. Hogan was chairman for the occasion and extended his sincere congratulations to the newly honored member. Other members expressed their happiness in Brother Corcoran's well deserved honor. Half yearly reports were given by the various committee chairmen and all showed the society to be making splendid progress. The meeting again decided to hold their annual St. Patrick's day with the various committee chairmen and all showed the society to be making splendid progress. It was decided to invite members of the Emerald Branch of the Irish Society to attend a special meeting of the local Society sometime in November. A Halloween party for members and their children was set for Friday, Oct. 30. A social hour followed the general meeting. Text of Address The following is the address to Brother Harry Corcoran: "Fifty - seven years ago, dear Brother, you became a member of this Society, and it is with pride and pleasure that your fellow members and friends are gathered here tonight to honour you and to pay you tribute for your long years of service to this organization. This Society is now one hundred and twenty-seven years old and you have served it well for nearly half that time. You can indeed, dear Brother, be very proud of such a record, and we all join in congratulating you on such a splendid record. "Your generous contribution of time and advice to all members of this Society on such matters as you are so well qualified, especially with your long years of service, will always be gratefully remembered. "The facts on record show, dear Brother, that you have always been a loyal member and faithful follower of the aims and endeavours of this Society. "We are sure that it is the sincere desire of all members here present to attempt an approach of your good record, although it is doubtful if such a record may ever be surpassed. "Your genial and modest manner for which you have always been noted, and your foresight on all important matters would make you a valuable member of any organization. "On presenting you with this Life Membership Medal let us assure you on this happy occasion that we hope you will spend many more pleasant years in our midst, and from grateful hearts let us wish you in the name of the great St. Patrick, a real Irish "God Bless You."

Working Numbers Higher

The working force in the area is probably higher than ever before, according to the local Employment Office. More residents in rural districts, are applying for non-farming jobs every year, and are prepared to move to Charlottetown whenever work is available, to the mainland or to such places as Labrador. When these rural residents lose their employment they swell the total of registered unemployed applicants. Until the advent of Unemployment Insurance, no figures were available as to the extent of unemployment in the country districts. More than two hundred of those without work are women, and these too reside in all sections of King's and Queen's Counties.

FIRST FATALITY

YARMOUTH, N. S. (CP)—The body of Clyde Cann, 55, Nova Scotia's first fatality of the deer hunting season, was recovered Friday from a nearby lake. Mr. Cann started out hunting Thursday, the opening day of the season, and was not heard from after that.

New Equipment For Chapel Services At McLean Funeral Home

The installation of a system of highly fidelity equipment at the MacLean Funeral Home to be used in connection with the chapel services, brings to this establishment a conservative and modern addition such as is in operation in the larger centres. The main equipment cabinet containing the relay equipment switching and amplifying devices is located in the office where one set of controls govern all the mechanism, with dual controls of a like nature also located inside the chapel door. These controls deal with music speakers, and main speaker cabinet for music reproductions and control of the service as heard through loud speaker in the privacy of the family room. The main speaker cabinet which is concealed in a recess is four feet high by thirty inches wide and contains a special design in coaxial speaker in which dual cones are used to convey low notes without distortion. The broadcast type of cartridge needles is used on the automatic record changing equipment which will continue in operation for four hours without changing of records. The church organ music used in the reproductions originates in the studios of the Columbia Broadcasting System with the noted New York organist William H. Melder at the console. A microphone fitted on the portable lectern is also connected with the system, permitting the officiating clergyman to be heard in the family room. The equipment assembly and design lay-out was planned and installed by Mr. W. S. Smith while the woodwork on the speaker cabinets, equipment boxes, etc., which follow the design of the room finish where located, is the work of Chandler Brothers. The design and installation of this equipment reflects much credit on all concerned.

FAMED SINGERS

The famous Don Cossack Chorus was founded in a refugee camp near Constantinople after the First World War. This will be the first special session called since the Government of Premier A. W. Matheson took office. The last such session in 1951 was called when the Government headed by the present Senator J. Walter Jones was in power. When the House opens there will be one new member present. That will be Mr. Harold Smith, Pownall, sitting for the first time, who won the recent by-election in Fourth Queens to fill the vacancy caused by the appointment of then Premier Jones to the Canadian Senate. That is the only change expected, with Legislature officials expected to be the same as were present at the last regular session. At that time Mr. Thomas R. Cullen was Clerk of the House, Mr. Allison Gillis, Law Clerk; Mr. Charles McInnis, Sergeant-at-Arms. The chief messengers were Messrs Joseph Livingston, Allan Hicks and Fred Gaudet.

WHERE they go for all types of MUSICAL INSTRUMENTS is the Furniture Department of either Holman's in Charlottetown or Summerside, because there is always a complete stock of Musical Supplies. . . And now, I'm to tell you that there is new and complete array of Musical Instruments, only just arrived! Included are Guitars of different type and design.
