During the afternoon and evening the well attended meeting heard short speeches by the following: Hon. C. C. Baker, Minister of Agriculture; Dr. George Fisher, Messrs. W. R. Shaw, Deputy Minister, Leo McIsaac, Roland MacDonald, Southport; R. A. Profit, J. J. MacDonald, Glenfinnan; Leslie Hunter, Dundas; Edwin Darby, Abrams' Village; and R. Howatt, Winsloe.

of Agriculture and Mr. H. J. MacDonald, Dairy Superintendent gave comprehensive reports on the dairy industry. At the evening session Mr. Leo McIsaac gave an interesting report on an ensilage survey.

Mr. Roland MacDonald of Southport stated he was in favor of advertising Canadian cheese at the expense of New Zealand products. He reminded the meeting, however, that they should be thankful that the biggest problem they had to worry about was the 11,000,000 pounds of cheese in storage.

Mr. Leslie Hunter stated that the greatest threat to the industry was the importation of butter and cheese from New Zealand. Mr. Darby suggested that the necessity of getting clear of the Canadian cheese before any outside cheese was purchased should be pressed upon the Government.

Among the resolutions proposed was one asking that the importation of cheese be restricted during the present emergency. Another insisted upon an increase on dairy product import duties and a third one asked for protection against synthetic dairy spread.

President's Report
Mr. Profit in giving his president's report stated that there were a number of uncertainties facing the dairy industry. These include the competition with higher wages in other branches of work; the consumer resistance to higher prices for dairy products; and lack of government support during the war.

Speaking about dairy substitutes he stated that a lot has been said about the foot-and-mouth disease in Western Canada but that it could be remedied. "A greater disaster," he said, "was the importation of vegetable oils for the manufacture of butter substitutes."

During the afternoon meeting Mr. W. R. Shaw, Deputy Minister Departments of Education, not to the educational institutions themselves. The Federal Government should have no right to interfere with education.

Hold Successful Radio Auction At Summerside

A lively and successful radio auction, coupled with a financial drive for funds for the Boy Scouts was held by the Summerside Y's Men yesterday afternoon and evening.

Approximately 1000 articles were sold before the auction ended late last night, and before midnight the contributions to the Boy Scout Fund had exceeded the \$1,000.00 mark.

The items were conspicuously displayed for public inspection in the old post office building, and headquarters for the auction was the banquet room of the Canadian Legion Home on Water Street, where telephones were installed, radio facilities, and the elaborate system of control of bidding and selling was set up.

Co-chairmen of this 13th annual Y's Men's auction were Charles Linkletter and Ralph MacFarlane, who in January began preparatory work for this auction and whose untiring work since that time contributed much to its success.

Song and music by Y's Men at the auction rooms was, for a fee, cheerfully rendered by individual members at the request of the listening audience, and the proceeds were, of course, added to the funds raised by the auction.

Y's Men taking an active part in the days work were: Announcers - Tony Williams, David Cornish, Jim Murphy, Ross MacKenzie, Keith Dibble.

Second Batch Of Tickets Seized
OTTAWA, March 19 - (CP) - Police today announced the seizure of a second batch of lottery tickets and said Ottawa may be the Canadian headquarters of a country-wide lottery ring.

Seven parcels containing 75 books of tickets and stubs and money orders amounting to almost \$1,000 were confiscated by police yesterday.

Police said the parcels contained ticket books for the Irish Sweepstakes, the Army and Navy draw and the "Brookville Playgrounds Drawing."

Mr. Roland MacDonald of Southport stated he was in favor of advertising Canadian cheese at the expense of New Zealand products. He reminded the meeting, however, that they should be thankful that the biggest problem they had to worry about was the 11,000,000 pounds of cheese in storage.

Horsemen Attend Enjoyable Banquet At Summerside

The Summerside Harness Racing Club held an enjoyable and largely attended banquet at Andy's Sea Foods restaurant last night to conclude successfully their two-day international race meet on Summerside harbor ice, and the winter racing season generally.

R. B. Dewar, president of the club, acted as master of ceremonies, and after a highly satisfying repast, called on the veteran reinsmen and horse lovers to make a few remarks. Councillor G. B. Sheen, representing Mayor Wedge, extended greetings to the visiting reinsmen and congratulated the winners. To those who did not win, Councillor Sheen said there would be another chance for victory next year.

Charles Willis of Covehead paid tribute to the veteran Kensington driver, Tyndall Semple, a hard driver "to get around."

Other speakers were: Andrew Perry, vice-president of the club and proprietor of the restaurant in which the banquet was being held; Cyril Smith of Hunter River; Bob Phillips, chairman of the ice committee; Edgar Reeves, Freetown; Dr. A. Delaney; Frank McAlduff of Maine, U.S.A., who expressed the hope that the interprovincial meet of the Maritime would be held next winter in Summerside as he was particularly pleased with racing conditions here; Claude Harkness, secretary of the club.

Tyndall Semple sang a song to the ladies who were waiting on the tables. The title was "I Feel As Young As I Used To Be" and it was received with vociferous applause. Mr. Semple then joined Oliver Campbell in a duet: "Will The Circle Be Unbroken?"

A vote of thanks was moved by Dr. Delaney to Messrs. Dewar and Phillips for the work they did to make the race meet here the success it undoubtedly was.

Board Cleaners - Lloyd Gorrill, Willard Hogg, Roy Boates, Bill Harper, Bill Meggison, Murray Willet, Jim Connell.

Entertainment - A. H. Hopkins, Fred Bingham, Jack Hopkirik, Boy Scout Campaign - Bill Currie, Horace MacFarlane.

Post Office Guardian - Arthur Rogers, Ken Calbeck.

Reds Step Up Charges Of Germ Warfare By UN

LONDON, March 19 - (Reuters) The Communist press and radio today stepped up its charges that the United Nations has resorted to germ warfare in Korea.

The Communist Daily Worker today splashed on the front page a cable allegedly from "The international commission of lawyers which is in Korea investigating American germ warfare."

The Communist press has reported that a group of "non-Communist" lawyers from Britain, Austria, Belgium, China, France, Italy and Poland is in Korea investigating the charges.)

The Daily Worker quoted the lawyers as saying: "We have obtained evidence, which in our opinion is corroborated, that flies and other insects hitherto unknown in Korea have been found. . . many of these insects have been found to be infected by cholera, typhus, plague and other diseases."

It said evidence had been found to point to the fact that the insects had been dropped from the air. They were reported to have been found after aircraft had circled overhead and remains of containers had been found.

A Foreign Office spokesman said today the charges were "fantastic and disgraceful."

The Daily Worker's diplomatic correspondent said the Foreign Office "could not produce" anything to support its flat denial of the charges.

Meanwhile in China the Communist People's Daily produced a long editorial discounting the United States proposal to have the International Red Cross investigate the charges. The paper described the Red Cross as a "tool of American imperialism."

Says Britons Face Reduction In Health Scheme
LONDON, March 19 - (Reuters) A British doctor said today the state-run health service may have to reduce treatment of the sick because there is not enough money to pay for Britons' needs.

If the financial crisis continues, the average Briton will be forced to "deny himself" some part of the medical treatment which may be desirable.

The warning was given by Dr. Pfrangon Roberts, 64-year-old Welsh radiologist who retired from the state health service before publishing a book analyzing its faults.

In his survey, "The Cost Of Health," he expresses doubt whether Britain still can afford the comprehensive cradle-to-the-grave medical plan started by the former Labor Government in 1948.

The service under which hospitals were taken over and doctors became government servants, was "an adventure into uncharted territory," Roberts said.

"The idea that the full resources of medicine can be put to the service of the nation in perpetuity without any regard to economic limitations must be modified," he said.

Faced by lack of money, manpower and raw materials, Britain will have to decide what proportion of its resources it can afford for health and how these are to be allocated, he said.

Dr. Roberts a well-known writer on medical problems, said priority should be given to treating "curable" sufferers who would be unable to work if neglected. Among ailments in this class he listed hay fever, rheumatism, varicose veins, gallstones and some heart diseases.

"Curable" sufferers deserve priority over those who were incurable and for whom treatment meant only a prolongation of life.

Ship's Poker Game Touches Off Rumors

PARIS, March 19 - (CP) - The United States Navy said today that a \$3000 poker jackpot disappeared after the game was broken up by officers aboard the aircraft carrier Midway, and that the three seamen in the game ran for cover.

As the story leaked out it got twisted and the Riviera was buzzing with reports that the ship's paymaster was robbed of hundreds of thousands of dollars.

Another version said three armed sailors raided a crap game and made off with about \$4,000. The Midway, part of the U. S. Sixth Fleet, is anchored at Golfe Juan, France.

Sullie said the game was raided Saturday night. The sailors disappeared, and so did the kitty.

JACKSONVILLE, Fla., March 19 - (AP) - Two women golfers were killed today by a navy plane which crash-landed on Timuquana Golf Course. An eyewitness said he didn't hear the plane coming down because the engine was dead. He said a caddy standing about 10 yards from the women was unhurt. The pilot also escaped injury.
