Corset Flushing

No wonder corset steels slip out when "Flushing" is mere sham. Genuine flushing is done by hand and the silk stitches show both out and inside.

Examine any ordinary corset and you find silk "flushing" on the outside and cotton stitches on the inside. Of course, such work is only imitation of the real hand work that tells in the durability of a corset. The celebrated French, tailor cut hand-sewed, light spring steel boned corset, the

is a hand-"flushing" corset. It is the lightest, strongest, most comfortable, most fashionable and best corset made. In all sizes and for all figures. $1.00 to $30.00 per pair.

Ch'town Engineering School.

Young men who wish assistance along Engineering lines will have an opportunity of obtaining it during the coming winter months as the undersigned propose opening a school for the study of Mathematics, Surveying, Mechanical and Marine Engineering, etc.

This school will be of great advantage to those who are desirous of increasing their knowledge in these subjects, but who are unable to take a college course.

Special attention will be given to mechanics taking mechanical drawing and to Marine Engineers going up for examination.

For further particulars as to hours, terms etc, early enquiries—either in person or by letter, are solicited. Signed

APPLE EXPORTS.

What to Export and How to Export.

The following letter to Hon. Senator Ferguson is full of practical information for those who have apples to ship:

Wolfville, Oct 8, 1898.

SENATOR D FERGUSON,
Charlottetown, P E I,

Dear Sir,—My brother, R W Starr, has handed me your letter of the 5th inst., with a request to make what comments I thought necessary to assist you in making your shipment of apples successful.

I presume your Gravenstein, Alexander, and Wealthys are later than ours of the same varieties and might do to ship after the first of November in cold storage or a well ventilated ship. But these sorts, grown here, would under ordinary conditions be too ripe for shipment at that date—even in cold storage.

Ribstons, Blenheims, and King of Tomkins would be in season for shipping during October and November, with Baldwins, Spys, Golden Russets, Nonpariel, Ben Davies, later on as they are in season for use. Shipping apples in cold storage is in the experimental stage yet. Cable reports of the first shipment in cold storage, which was sold in London this week intimate the stock was in good condition. But we do not expect it will be advantageous to ship winter fruit in cold storage.

We consider the screw press the best for packing apples. Care is necessary in settling the apples well together by rocking the barrel on a solid floor, at the same time holding the apples firm, and for this purpose we use a padded head. After the barrell is thoroughly settled it should be level full or a little more if the apples are early sorts. Apply the screw and force the head into place shaking the barrel once or twice during the pressing. Use the best barrel obtainable—made regulation size—neatly stenciled with packer's name, the name of variety and quality, No 1 or No 2. The latter should be as good and perfect as No 1, but of smaller size only.

Trusting these hurried lines may be of use to you and that your shipment may be very successful, I am yours truly,

C. R. H. STARR.

PERSONAL

Miss Bertie McCallum has returned from from her visit to Boston. She came by the Halifax.

Conductor John McDonald, of the P E I Railway, spent Sunday in the city.—Moncton Times.

Mr T Abbott, of Union Road, who has been visiting Boston, was a passenger by the steamer Halifax today.

Miss Howison's quotations from The Bonnie Briar Bush, in St. James' Hall last evening, were splendid.

Rev Thomas Crosby, from British Columbia, is about to visit the Maritime Methodist conference in the interest of missions.

Mrs Hensley, who has been visiting Boston during the past month, returned to Charlottetown today. She came by the Halifax.

Mrs Malcolm, who has been spending the summer months in Charlottetown, left this afternoon on return to Boston. She was a passenger by the Halifax.

Mrs. Sherman, wife of former Secretary of State John Sherman, has suffered a stroke of paralysis and now lies at her home in a very critical condition.

The Prince of Wales is now able to walk with comparative ease, but he limps perceptibly. His royal highness will shortly commence a round of the country houses.

Messrs McGowan and Gillis, the Boston wheelmen who have been visiting in this province during the past two months, left this afternoon on return to the Hub. They enjoyed their visit very much and talk of coming again next year.

The death of the Marquis of Anglesey on Thursday, is another blow to English social gaiety this season, as it sends half the peerage into mourning. The new Marquis of Anglesey, only son of the deceased marquis, was born in 1875, is of bovish appearance, unmarried and inherits $300,000 a year.

Dr. Busch's book indicates that the late Prince Bismarck was the most extensive "special correspondent" the world has yet seen. He was continually sending 'pieces' to the German papers. Whether he went outside of Germany is not known, but it would not be surprising if he appeared in our opposition press as "Disgusted Reformer."

Mr John Cantwell, of Souris West, was in town today on his way home from Broad Cove, C B, where he has been superintending the building of the breakwater for the Broad Cove Coal Co., Ltd. Mr Cantwell has been away since last April. A good deal of progress has already been made in the work and two hundred men have been employed during a great part of the summer. A large number of schooners received coal at the works this summer.

50 Mens Waterproof Coats 50 Granby Rubbers Coats we bought cheap and will sell cheap Came to us for your rainproof Coats.—J. B. Macdonald & Co.

VALUABLE DISCOVERY.—A valuable mineral discovery has been made near Wolfville, N. S. It is known as Tungstein and its supply is very limited, being found only in Cornwall, England. A little is also mined in Germany. It is said to be worth $6 per ounce, and it is particularly valuable in certain industrial arts, such as setting colors and tempering steel. The ore (known as Wolfram) exists in large quantities in the immediate vicinity of the town.

FIRE AT GIBSON.—According to a Fredericton despatch a fire broke out in the Canada Eastern round house at Gibson about midnight on Sunday, and despite all efforts the building was destroyed. A big effort was made to get some of the locomotives out but it was of no avail. The flames were in possession and six engines were destroyed. The origion of the fire is not known.

Belts—The latest novelty. The Roosevelt silk belt; we have them.—F Perkins & Co.

Local and Other Items.

LOOT S. SOLD.—The mare Loot S., belonging to Mr. H, B. Clarke, was sold at auction in Halifax on Saturday. Mr. W. H. McRoberts was the purchaser, and $147 was the price.

BEARS PLENTIFUL.—It is said that bears are very plentiful in some parts of Nova Scotia. At Upper Musquodoboit they are said to be doing much damage among the sheep.

CHILD BURNED.—A young child of Mr. Daniel McKinnon of Orangedale, C. B., was burned almost to death last week by the accidental combustion of some shavings left near the stove.

THEATRICAL.—The "Trip to Coontown" Company have just closed a very successful season in St John. From St John the company go to Calais, Me, and will gradually work their way to the Pabific coast. By this time next season they expect to be playing 'Coontown" in Australia.

OIL WORKS—It is said that the oilworks at Lake Ainslie, C. B., are being pushed on vigorously, and that good hopes for ultimate success are entertained. The depth of 2,200 feet has been attained. The operators expect to drill to 3,000 feet before they will give up hope.

PROSPECTS NOT BRIGHT.—A Boston correspondent of the St. John Sun thinks the building trade will not be very active in that city in the spring because it is reported that 17,000 houses and apartments in Boston proper are unoccupied, and as large a proportion in the suburban cities and towns.

TROUBLE SERVING THEM.—The carrier who serves the Klondike Nugget to subscribers in Dawson has considerable trouble in finding their residences. A few of the dwellings are thus described in the subscription book: "The cabin with the screen door," "the slab house facing the river," "the big tent with two stovepipes," and "the cabin three doors south of where all the dogs are."

STRAWBERRY BLOSSOMS.—The Summerside correspondent of the Guardian says: Mr P Hamill of this town picked up a number of strawberry blossoms on the farm of Peter Doyle, Lot 7, yesterday, the 17th, and is exhibiting them to his friends. The blossoms are fully formed and healthy looking, and are another evidence of the mildness of P. E. Island's autumn weather.

MAN OVERBOARD.—This morning, whilst the steamer Jacques Cartier was on her way from Orwell to Charlottetown, one of the crew, a man named Myers fell into the water. It is is said that while passing ashes or coal Myers, stepped upona hatch that was not properly secured and fell through into the water. It was some time before he was rescued, and had he not been a good swimmer it is probable that his life would have been lost.

CHEAP EXCURSION TO MONTREAL AND POINTS IN ONTARIO.—Cheap fall excursions have been arranged from Charlottetown to Montreal and return at rate of $10.95 to go October 19th to 31st, and 26th to 28th, tickets to be good for return passage within fifteen days from date of sale; also to points beyond Montreal October 26th to 28th, tickets good for return within twenty-one days from date of sale at the following rates, viz, Cornwall $13.10; Ottawa, $14 45; Prescott $ 14.65; Brockville $15.05; Kingston $16.60; Belleville $18.00; Peterboro $19 00; Lindsay $19 80; St. Catherine $21.95; Niagara Falls $22.35. Toronto, Hamilton, Guelph, Galt, Brantford, Woodstock, London, Ingersoll, St. Thomas, Stratford, Glencoe, Chatham, Windsor and Sarnia, $20 95 each. Ask for your tickets for, and be sure they read via the Canadian Pacific Railway from St. John, N. B. Train leaves Charlottetown at 6.30 a.m.

THE BOSTON BOAT.—The steamer Halifax arrived from Boston this morning about seven o'clock and left on return this afternoon at the usual hour. Her inward passengers were: T Abbott, Mrs Hensley, Mrs G McDonald, C C Dunbar, A L Gadwar, Miss B McCallum, A McLeod, Jas H Dingwell, J Lannigan and wife, Miss McManus, Miss K McDonald, Mrs Jno Fogarty, Mrs W Murphy.
