

The Residence Rap...

Behind the Scene at Bernardine

This week we had our usual garbage bag full of nasty rumors and gossip along with an informational column about the happenings at Bernardine. Unfortunately due to a conflict of interest and time, we will be unable to provide gossip in this week's column, possibly never again. Oh, well, we never meant to hurt anybody, just have a little fun. We apologize if we went too far and insulted or offended anyone.

We would like to remind all students at UPEI of the upcoming Marian/Bernardine Hall

House Party on February 17. The theme of the party will be a Country Hodown, so get out there to Froggies and find some get-up to wear. Please bear in mind that this will be the second last house party of the semester, the last being sometime towards April. Therefore, we would like to extend our hospitality to non-residents. Check out a great party!! We hope to beat our last house party record of selling all liquor by 11:30 pm! Just a reminder that social reps will be around to collect orders and money for the floor pictures sometime next week. Til next week ...

To the female referred to in last weeks article,

We are not going to apologize for the statement itself, only for the way in which it was presented. In no way did we mean to offend or insult you, only to let you know how we, of Marian Hall, felt about the comment you made towards us. The article was our way of expressing our resentment to that comment as we believed it was uncalled for.
