# Strange But True

By F. H. MacArthur

Don't think that every sad-eyed woman you meet has loved and lost. She may have married him. Do the little things today and the larger ones will come walking to you, asking to be done.

In Norway there's one set of twins for every single birth, but the Canadian Arctic can only boast two sets of Eskimo twins. Most twins are born to women over thirty, or those who have had other babies.

Twin statistics show that boy twins outnumber girl twins, but the reverse is true for triplets and quadruplets.

It is a fact, too, that most twins are born at seven or eight months instead of going through the entire nine month period prescribed by nature.

It is a fact that hunted animals get smaller with the passing of time, while those that live in captivity increase in stature. For example, the wild ox of Europe that survived in the Baltic countries until the middle ages, was twice as big as an American Bison, and the storied Irish Elk had an antler spread of eleven feet! So you see, the work of evolution never ceases. What has happened to the beast has also happened to man. The average Canadian is stouter and taller than were the knights of old.

Women's feet have grown larger by two sizes in the past 500 years, and bald-headed men are so numerous that we never give them a second look.

What did people look like when written history began? That's the \$64 question that remains unanswered and is likely to remain unanswered for all time, because mankind knows little of its own past. True, many crude weapons and tools and silent skeletons of prehistoric humans have been unearthed by archaeologists but these finds shed little light on the human families that first inhabited the earth.

The ruins of structures, carving and sculpture, tell us something of the people that wrought them, but it is an incomplete story.

**YORK W.M.S.**  
 Mrs. J. M. Sproule entertained the members of the York Auxiliary of the W.M.S. for their monthly meeting. The theme for the meeting was "A Nation Before God." The programme as outlined in the Missionary Monthly was carried out with Mrs. Sproule acting as leader. Mrs. W. D. Cooke, represented a member from India, and Mrs. Elmer Brown, one from Canada.

The hymn, "Once To Every Man and Nation" was sung, followed by prayer by leader and Lord's Prayer in unison.

Mrs. Sproule read some extracts from articles in the United Churchman, written by Miss Annetta Ross in Korea, and Mrs. Cooke read from the Report Book on conditions there. The benediction brought the worship service to a close.

Fifty-four sick calls were reported. It was decided to pack used clothing on hand and send to Dr. Florence Murray in Korea. Several other items of business were attended to and subscriptions to Missionary Monthly were solicited. Refreshments were served and a social time enjoyed.

**ZION MISSION GUILD**  
 Zion Mission Guild held their regular meeting on October 18th at the Ladies' Parlor of the Church and had as their guests members of the Evening Circle of Summerdale Presbyterian Church. The guests were welcomed by the President. After the call to worship the meeting opened by singing "What a Friend We Have in Jesus."

Elia Currie read the Scripture Matt. 6 verses 1-8, followed by prayer led by Elmer Boswell and Kay Reynolds. Beatrice Cameron then read "Christ for the World" which was followed by discussion and prayers. The Lord's Prayer was repeated in unison and hymn, "From Ocean Unto Ocean" was sung. The roll call was answered by a verse containing the word "Prayer."

Marion Hardy dedicated the offering. Two letters were read from missionaries, one from Mrs. Dickson in Formosa and one from Miss Brown in India.

In the social hour that followed Norma Dalziel rendered a piano solo "Chopin's Waltz in A Flat" and also sang a solo "In the Garden." This was followed by several games, then the members and guests went to the Church Hall, where a delicious salad supper was provided by the W. M. S. of Zion Church.

**Celebrate Golden Wedding Anniversary**  
 Many relatives and friends gathered to honor Mr. and Mrs. James Stevenson on the occasion of their golden wedding at their residence in Rustico on the evening of October 5.

A very fine dinner party, which thirty of the immediate family and relatives heartily enjoyed, was held in the early evening at LaVeque Lodge, Cavendish. Grace was said by Mr. Elbert Stevenson of Sydney, Nova Scotia, a nephew, who was present with his mother, Mrs. R. P. Stevenson and a cousin, Mrs. George W. MacMillan, a niece of the groom. The toast to the honored couple was proposed by Mr. Willbur Starratt of Toronto, whose wife is a daughter of the late Rev. R. W. Stevenson, who performed the marriage ceremony.

The groom excelled in his reply to the toast. He paid tribute to his eldest child, Lorne, who passed away in 1928. He extended a personal compliment to Mrs. Charles Waugh of Summerside, an aunt of the bride, who is in her ninetieth year, and who was a guest at their marriage.

On return to their home Mr. and Mrs. Stevenson received approximately one hundred guests. The family, Bessie, Eva and her husband, Gerald, and his wife, Read and his wife and children, presented their parents with a beautiful radio. Other relatives and friends of the family remembered them with acceptable presents as a token of the esteem in which they are held. Many cards and telegrams were received. Mrs. Stevenson expressed in a few well-chosen words sincere thanks to all.

The only grandchild not present was Gloria Bell, who is in training at the Ottawa Civic Hospital and who remembered her grand parents in a suitable manner.

The table was decorated with many beautiful flowers, gold and bronze mums, yellow roses, dahlias, marigolds and gladioli. The table was centred with the wedding cake which was made by the bride. Tea was poured by Mrs. Willmot Read and Mrs. R. P. Stevenson. Those assisting in serving were Mrs. George N. MacMillan, Mrs. Bishop Read, Mrs. Lorne Read, Mrs. Fred Waite, Mrs. Willbur Starratt, members of the immediate family, and friends in the community.

Teacher, Mrs. Buchanan, for a treat received.

It was moved and seconded that a floor furnace be installed in the school. It was also moved and seconded that all bills be paid.

The next meeting is to be held at the home of Mrs. Judson MacPhee. Roll call is to be answered with the membership fee and an article for the orphanage.

Collection for the evening. Each member received a copy of the Institute News. The meeting closed with "The Queen." A delicious lunch was served by the hostess.

**CLERMONT CELEBRATES SCHOOL SUCCESS**  
 The Clermont W. I. and district were entertained at the home of Mr. and Mrs. Cecil Mill to a social evening Friday, Oct. 22, to celebrate the Institute's recent success in the 1954 Rural Beautification Contests for Schools.

The Clermont School has been awarded the R. T. Holman Trophy for the best improved school in Prince Co. and has placed second for a prize of \$50.00 in 23 schools in the province. This is a creditable achievement to the Institute whose President is Mrs. Edison Rayner and Sec'y-Treas. Mrs. William T. Mill and to their 11 members, also to those men of the district who assisted them in this project.

Some of the improvements to the school property included a complete new painting and redecorating job of both the interior and exterior of school. Also out buildings and fence were attractively painted in cream and green. Many new additions and repairs were added. A cement step with railing, new flag-pole and flag, three new gates and arch window boxes, trellis, gate markers, lattice work.

The play-grounds were improved by moving out buildings and making a new white shell walk. Additional color was added to the grounds by clipping the lawn, planting trees and flowers on grounds completing their job with a "Welcome to Clermont" sign arranged in white shells on the road side.

The enjoyable evening was spent with games cards, bingo, and music followed by a delicious lunch of ice cream and cake served by the ladies. The chairman, Mr. Edison Rayner highly commended the present teacher, Miss Marion MacArthur and her pupils for the special care and interest they take in the school property. He also thanked Mr. and Mrs. Mill for their kind hospitality and extended his congratulations to the Institute and wished them continued success in the future.

# Toronto Police Push Search For Murderer

**TORONTO (CP)** - Police searched downtown Toronto Thursday for a gun-carrying hitch-hiker they believe may be connected with the rape-slaying last Tuesday of Mrs. Alga Zacharko, 29.

A pickup order was also issued for another man with a sex-crime record whose description is similar to that of a man reported to have left blood-stained clothes at a laundry, police said.

Mrs. Zacharko was found strangled and raped with most of her clothes torn off in a west-end alley. Police said it was probably the same man who strangled Mrs. Mary (Lizky) Jany left her strangled body in the same general area Sept. 24.

**OPERATED FROM CAR**  
 Police speculated the man operated from his own car which they believe is in the area. He is believed to be European born, to have a steady job and never to have been arrested.

Police said they are convinced he picks the spot for the murder ahead of time and perhaps follows his victim for days.

Dr. Smirle Lawson, supervising coroner for Ontario, warned that the killer may strike again at any moment. He designated the western section of the city a "murder area."

**REIGN OF TERROR**  
 "If the same man killed both women... he'll go on killing," the coroner said. "But no one knows when. He's a crazy, sadistic fiend."

Police began piecing together a description from phone calls which poured into headquarters. Numerous women called to say they had been followed or chased.

Police said the man seemed to indicate a miniature reign of terror including acts of immorality on the streets. They said several perverts may be loose. All known ones are being checked.

# OTTAWA ARCHAEOLOGIST STUDYING ARCTIC MIGRATIONS TO N. AMERICA

**OTTAWA (CP)** - An Ottawa archaeologist is seeking to fill some gaps in an ancient trail marking the Arctic migrations of a race which may have fathered the natives of North America.

Dr. Richard MacNeish will leave next May on an expedition which may strengthen the widely-held theory that Canada's Indian ancestors came from central Asia through Siberia and Alaska about 6,000 years ago.

Dr. MacNeish knows exactly where to look: a hilltop 20 miles from where the Yukon's Fifth river empties into the Arctic ocean near the Alaskan border.

The next find was at Trail creek, in the Yukon valley, and the third discovery was at further inland at Anaktuvuk pass.

The next step is scientific sleuthing was to find whether those early people crossed the Rockies. The easiest passage in the area leads into the Fifth river valley.

The age of the Fifth river relics will make or break the migration theory. Dr. MacNeish says the age of relics he hopes to bring back next year can be established through tests of their radioactivity. He believes they will be found to be more recent than the 6,000-year-old Denbigh flints.

**ACCIDENTAL FIND**  
 On his travels there last year, an accidental kick into the ground unearthed a few ancient flint and bone implements, apparently thousands of years old. Next year he hopes to bring some back home.

If they are similar to flint relics found earlier in Alaska, the discovery will add weight to scientific attempts to prove that the wandering people from Siberia crossed the Rocky mountains into the continental plain.

Ancient Eskimo tales are of little help.

Dr. MacNeish said that last year his native guide informed him

**Outcome of U. S. Election Campaign May Have Sharp Effect On Many Countries**  
**WASHINGTON (CP)** - Foreign missions resident in Washington's diplomatic circle are watching the current congressional election campaign with subdued and polite interest.

The outcome may have a sharp, practical effect on many countries. With Canadians the interest largely centres about the trade policies which may be formulated or supported by the 84th Congress.

Wise diplomats - and Canadians are wise in this respect - naturally keep out of the politics of the country to which they are accredited. But it is known that Canada's representatives here are not greatly concerned at the moment.

**SOME TRADE SETBACKS**  
 Canada has had to swallow certain unpleasant facts such as curtailment of imports of some Canadian cereal and mineral products and the grudging measure of power the 83rd Congress gave President Eisenhower to make reciprocal trade arrangements.

Historically it would seem that Democratic control of Congress would bring an atmosphere more favorable to enlarged trade with Canada at least for more balanced trade with Canada badly needs. Much of the opposition to Eisenhower's more liberal trade proposals came from Republicans in the Middle West farm areas.

A Democratic victory would remove Republican committee chairmen from their positions of great power and change the committee majorities to those more favorable to international trade agreements and reciprocity.

But a Republican win would not necessarily prove a handicap to achievement of the kind of reciprocal trade arrangements the administration has supported but not managed to push through Congress.

**CARD OF THANKS**  
 For 25 years I have been doing business with the people of Prince, Edward Island, and now, on the eve of my departure for Newfoundland, I wish to thank each and every one of my many friends and customers for the many favors and courtesies they have extended to me, over the years.

Those 25 years have been happy years for my family and myself, and it is with regret that we leave this city. May all those friends and customers of mine enjoy peace and prosperity in the years to come.

# Toronto Police Push Search For Murderer

**TORONTO (CP)** - Police searched downtown Toronto Thursday for a gun-carrying hitch-hiker they believe may be connected with the rape-slaying last Tuesday of Mrs. Alga Zacharko, 29.

A pickup order was also issued for another man with a sex-crime record whose description is similar to that of a man reported to have left blood-stained clothes at a laundry, police said.

Mrs. Zacharko was found strangled and raped with most of her clothes torn off in a west-end alley. Police said it was probably the same man who strangled Mrs. Mary (Lizky) Jany left her strangled body in the same general area Sept. 24.

**OPERATED FROM CAR**  
 Police speculated the man operated from his own car which they believe is in the area. He is believed to be European born, to have a steady job and never to have been arrested.

Police said they are convinced he picks the spot for the murder ahead of time and perhaps follows his victim for days.

Dr. Smirle Lawson, supervising coroner for Ontario, warned that the killer may strike again at any moment. He designated the western section of the city a "murder area."

**REIGN OF TERROR**  
 "If the same man killed both women... he'll go on killing," the coroner said. "But no one knows when. He's a crazy, sadistic fiend."

Police began piecing together a description from phone calls which poured into headquarters. Numerous women called to say they had been followed or chased.

Police said the man seemed to indicate a miniature reign of terror including acts of immorality on the streets. They said several perverts may be loose. All known ones are being checked.

**Celebrate Golden Wedding Anniversary**  
 Many relatives and friends gathered to honor Mr. and Mrs. James Stevenson on the occasion of their golden wedding at their residence in Rustico on the evening of October 5.

A very fine dinner party, which thirty of the immediate family and relatives heartily enjoyed, was held in the early evening at LaVeque Lodge, Cavendish. Grace was said by Mr. Elbert Stevenson of Sydney, Nova Scotia, a nephew, who was present with his mother, Mrs. R. P. Stevenson and a cousin, Mrs. George W. MacMillan, a niece of the groom. The toast to the honored couple was proposed by Mr. Willbur Starratt of Toronto, whose wife is a daughter of the late Rev. R. W. Stevenson, who performed the marriage ceremony.

The groom excelled in his reply to the toast. He paid tribute to his eldest child, Lorne, who passed away in 1928. He extended a personal compliment to Mrs. Charles Waugh of Summerside, an aunt of the bride, who is in her ninetieth year, and who was a guest at their marriage.

On return to their home Mr. and Mrs. Stevenson received approximately one hundred guests. The family, Bessie, Eva and her husband, Gerald, and his wife, Read and his wife and children, presented their parents with a beautiful radio. Other relatives and friends of the family remembered them with acceptable presents as a token of the esteem in which they are held. Many cards and telegrams were received. Mrs. Stevenson expressed in a few well-chosen words sincere thanks to all.

The only grandchild not present was Gloria Bell, who is in training at the Ottawa Civic Hospital and who remembered her grand parents in a suitable manner.

The table was decorated with many beautiful flowers, gold and bronze mums, yellow roses, dahlias, marigolds and gladioli. The table was centred with the wedding cake which was made by the bride. Tea was poured by Mrs. Willmot Read and Mrs. R. P. Stevenson. Those assisting in serving were Mrs. George N. MacMillan, Mrs. Bishop Read, Mrs. Lorne Read, Mrs. Fred Waite, Mrs. Willbur Starratt, members of the immediate family, and friends in the community.

Teacher, Mrs. Buchanan, for a treat received.

It was moved and seconded that a floor furnace be installed in the school. It was also moved and seconded that all bills be paid.

The next meeting is to be held at the home of Mrs. Judson MacPhee. Roll call is to be answered with the membership fee and an article for the orphanage.

Collection for the evening. Each member received a copy of the Institute News. The meeting closed with "The Queen." A delicious lunch was served by the hostess.
