### THE BOYS BRIGADE

Manhood, Patriotism, Religion.

This is the synthesis of "The Boys Brigade." The Rev. Mr. Smith preached an excellent discourse in the First Methodist Church yesterday. When addressing the Sunday School he adverted to the lecture of this evening, spoke very flatteringly of the lecture and most highly of his work in and for "The Boys Brigade." The reverend gentleman heartily endorses the scheme and urges the citizens of Charlottetown to adopt it. The lecture will have a musical setting as the orchestra will be present. A capital song, "The Boys of the Old Brigade" is promised. Mr. Tom McLean will give an interesting reading. Two of the Summerside "Boys Brigade" will be present in uniform. The general public are urged to be present. Adults 10 cents, children 5 cents. Basement of the First Methodist Church, Orchestra at 8 p. m.

### A STURDY PROGRESSIVE POLICY

Canada wants a sturdy, progressive, and Canadian policy.

Our interests must be adequately conserved.

Our rich latent resources must be developed.

Our raw material, so varied and so valuable, must be worked up on our own soil by our own people.

Our fruitful lands must be occupied by the best colonists that the science of immigration can secure.

From the attitude of supplants for the good will of foreigners we must withdraw.

And we must build up Canada on Canadian and British lines, securing the British preference that the advanced men in Britain are prepared to give.—Mail and Empire.

### W. C. T. U

### Disappointed With the Dominion Government—Urges Prohibition as a Great Moral Issue.

At an executive meeting lately held in the Prince Edward Island W. C. T. U. the following resolution was unanimously passed:

Whereas, the P. E. I-land Women's Christian Temperance Union has learned with deep regret and disappointment that it is not the intention of the Dominion Government to comply with the expressed wish of a majority of the electors, who in the Plebiscite declared for Prohibition and:

Whereas, this organization, from a study of temperance legislation, has formed the opinion that the political parties cannot be relied on in this fight for home and native land, and that the only hope for this reform is to make it a question outside party—a great moral issue, rising above all party questions, and giving the good men of all parties the opportunity to rise to the height of a great occasion and join hand in hand to a righteous cause,—

Therefore Resolved, that the Dominion Alliance be assured of the loyal and active support of the P. E. I-land Women's Christian Temperance Union in the adoption of such measures and in the use of all legitimate means, in co-operation with kindred organizations, as shall secure the introduction of prohibitory resolutions into Parliament, as a great moral issue upon which men of the two parties can unite, without disturbing their relation to questions of a party or political character, to guarantee the Government the support of both parties in the House in the adoption of Prohibition in Canada, as the only remedy for the drunkenness that is burning out the manhood of the nation, corrupting the fountains of life, and by evil heredity, handicapping future generations with the physical and moral disabilities entailed by drunken parents upon their children and their children's children.

Further Resolved, that this Union strongly urge the electors of this Province to advise their party leaders that after careful and deliberate consideration they have reached the decision to vote in the future only for candidates pledged to Prohibition, and that if the issue shall be pressed upon them they will vote against party rather than violate conscience in this regard; and

Further Resolved, that the P. E. I-land Women's Christian Temperance Union again assure the churches, temperance societies and workers of its readiness to enter heartily into all movements for the defeat of license enactments and the extermination of the saloon.

### International Copyright.

LONDON, Thursday, April 8.—The morning papers comment with sympathy and approval upon a long letter which Mr. Alfred Austin, the poet laureate, addressed to Col. John Hay, the American Secretary of State, from Florence, Italy, on March 25, appealing on the ground of the unity of the English-speaking peoples for equal copyright in all English-speaking countries for all books written in English.

The Standard, in an editorial note, urges that copyright, between Great Britain and the United States, should be absolutely reciprocal, and suggests that the moment is propitious for an international convention with the United States. The Times commenting upon the "ingenious and genial manner in which Mr. Austin introduces the question by pointing to the demonstrating occasioned by Mr. Kipling's illness as a proof of the literary sympathy between the two countries," says:

"It will be interesting to hear Mr. Hay's reply, for he is a man of letters with an audience on both sides of the Atlantic. We rather suspect that an attempt to disturb the existing arrangement might only disturb a hornet's nest. Perhaps Mr. Hay's reply will throw light upon this important point."

### Bad Week.

HAVANA, April 8.—Four thousand one hundred cans of beef have been destroyed at the Regla warehouse during the last three months without action on the parts of boards of survey—one lot of nine hundred cans, another of fifteen hundred and a third of seventeen hundred—under the direction of Chief Commissary Smith, and in accordance with the regulations allowing such action when the public health is menaced. Some additional thousands of cans have been destroyed after official survey, besides the ten thousand eight hundred cans that were condemned when Inspector General Breckenridge was here. About two per cent. of all the meat handled has been soiled, and about ten per cent of the canned tomatoes.

### Another Fatal Fire.

NEW YORK, April 8.—Fire yesterday morning destroyed the residence of Wallace C. Andrews, the president of the New York Steam Heating Co., at No. 2 East 67th street, and twelve persons, almost the entire household, were burned or suffocated to death. The residence of Albert J. Adams, at No. 3 East 69th street, caught fire from sparks from the Andrews house and one perished in the flames, and a number of persons were injured.
