Christmas Concert At Montague

The annual Christmas concert and tree was held at Montague United Church Monday night. There was a large turnout of parents and children. Highlight of the evening was a visit from Santa Claus who remembered all the kiddies in a fitting manner. Immediately following the Christmas party the regular monthly meeting of the Men's Association was held under the chairmanship of Mr. Lorne Wigginton who introduced the guest speaker of the evening, Brig. Bill Reid, Director of Physical Fitness, who gave an interesting, short address on "Leadership" and the satisfaction derived therefrom. The speaker was thanked on behalf of the Association by Dr. D. MacKenzie, pastor of the United Church, after which refreshments were served by the ladies of the Association.

Santa Has Stormy Trip From Montague

Santa Claus usually looks for plenty of snow for his Christmas visit, but this past severe storm has really played havoc with a few special pre-Christmas visits of old Saint Nick. On Monday night at the height of the storm, he was making a special visit at the Christmas party at the Trinity United Church in Montague. When the program started just after 7 P.M. there was hardly a trace of snow. But at the end of the concert at 8.30 P.M. the storm was at its peak in Montague. So Santa had to tear back to Charlottetown to make arrangements for his trip back to the North Pole by Paul's sound car, all the trip being made through the fierce storm. Then he had planned on a visit to Morell and to Souris on Tuesday, but had to cancel this trip because of the storm and new plans on visiting the kiddies in those communities on Friday. Probably even Rudolph's red nose couldn't light the way through the storm.

frightened by a dog and bolted east along Water Street. One of the shafts broke and the animal ran in a wide arc. With great presence of mind, Mr. LeLaucheur manoeuvred the horses against a building at the corner of Kent and Water Streets. The horse became entangled and fell upsetting the wagon and throwing both occupants to the ground. Fortunately no injury was sustained by either of the occupants. It now appears definite that an ocean freighter will arrive in Georgetown around the 25th or 26th of December to load a cargo of potatoes for Cuba. It is also understood that negotiations are proceeding to obtain a second boat for a later date. A considerable quantity of potatoes are stored in the Government shed here.
