

This sensational race in Prince Edward Island nearly ended in one of the first triple winners in Canadian racing history. But as the photograph shows, the centre horse won . . . by a nose!

an outstanding tourist spot for those  
who love the sport of kings!

PRINCE EDWARD ISLAND . . . .

# THE KENTUCKY OF CANADA!

Year after year harness racing in Prince Edward Island attracts tens of thousands of spectators . . . Islanders and tourists alike. The major racing attractions are held in August, during the traditional summer holiday event of "Old Home Week". This year's racing program will be highlighted by a visit to the racetrack of Her Majesty, Queen Elizabeth, who will be visiting Charlottetown during July. The 1959 racing program is considered by racing authorities on the Island to be the finest in the long history of the sport in this province.
