

Sewer Project Loan Is Granted

Hon. J. Angus MacLean and Heath Macquarrie, Queens County members in the 24th Parliament, announced Friday that the federal government has approved a loan of \$2,336 to the City of Charlottetown to assist in the construction of a sewage treatment project.

The information was received from the Hon. David J. Walker, minister responsible for the operation of the federal housing agency, Central Mortgage and Housing Corporation.

Made under Part 6.8 of the National Housing Act, the loan is for a term of 10 years, with interest at 5 1/2 per cent per annum. The loan is based on an estimated cost of \$5,880.

The City of Charlottetown is constructing an interceptor sewer along the North River from York Lane to the northern limits of the city. The final phase of the interceptor, from Kirkwood Drive West to the northern limits of the City, remains to be built, and the NHA loan will assist in the construction of approximately 2,335 feet of sewer pipe.

Under Part 6.8 of the National Housing Act, Central Mortgage and Housing Corporation may make a loan to a municipality or to a municipal sewerage corporation for the purpose of assisting in the construction or expansion of a sewerage treatment project. A project must be part of an overall plan for the elimination or prevention of water and soil pollution.

For work completed on or before March 31, 1963, CMHC may forgive payment of 25 per cent of the principal amount of the NHA loan and 25 per cent of the interest that has accrued in respect to the loan as of the date of completion of the project.

Teachers Federation To Meet Here In July

The annual meetings of the Canadian Teachers' Federation, and the Canadian College of Teachers, will be held this year in Charlottetown at Prince of Wales College.

The federation meeting is scheduled for July 17 to 20, while the college of teachers meeting will be on July 16 and 17.

The federation now has a membership of 116,000 teachers across Canada, and this is the only annual conference which brings teacher representatives together at the same time. The college is a learned society within the teaching profession.

On Monday, July 16, two prominent figures in provincial education will play a leading part in the college conference. At the afternoon session, Dr. Kenneth Parker, superintendent of city schools, will speak on "Liaison in the Educational Hierarchy." At the college's annual dinner that evening, Dr. Frank MacKinnon, principal of Prince of Wales College, will speak on "The Teaching Profession, the Public and the Canadian College of Teachers."

Other speakers for the two-day conference include Prof. C.W. Hall, institute of education of McGill University; MacDonald College, Que.; F.G. Robinson, research director, Canadian Teachers' Federation; Prof. D.C. Munroe, MacDonald College; Miss Gene Morrison, Queen Elizabeth High School,

Halifax, and F.E. Whitworth, director of the education division of the Dominion Bureau of Statistics.

The two-day Brussels meeting starting Tuesday is expected to concentrate on the problem of food exports from Canada, Australia and New Zealand.

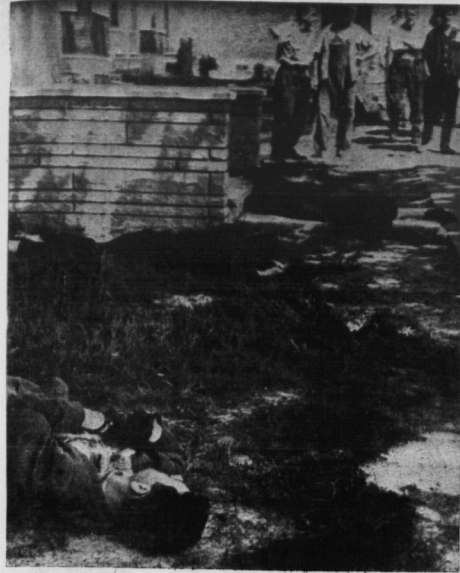

The six-France, West Germany, Italy, Belgium, The Netherlands and Luxembourg—are now toward British proposals for giving Commonwealth farm exporters transitional outlets in an enlarged market equivalent to those they now have in Britain.

In connection with transitional arrangements, Sunday night's congress report said it "views with concern the possibility of irrevocable commitments and a rigid timetable with regard to any transitional arrangements that might result in those arrangements being inadequate in actual practice to safeguard vulnerable economies."

The report also referred to "imponderables and dangers" in trading with the Sino-Soviet bloc but added that in view of possible advantages the matter should receive continued investigation.

Concern Seen Over Impact ECM On Commonwealth

LONDON (Reuters) — Some 800 businessmen from Canada and other Commonwealth countries Sunday night expressed concern that British membership in the European Common Market might lead to a Commonwealth split.

The anxiety was voiced in a final report issued by the 21st Congress of Commonwealth and British Chambers of Commerce after a week-long closed meeting here. Canada, Australia and New Zealand were strongly represented at the sessions.

The report said the congress would be "concerned" if the outcome of the current negotiations for British market membership

were to lead to a split between the Commonwealth countries and the impairment of the strength of the Commonwealth.

Meanwhile, the British government issued a booklet, Britain and the European Communities, which painted an optimistic picture of the future for both Britain and the Commonwealth if Britain finally joins the west European trade bloc.

The booklet argued in effect that market membership would make Britain healthier economically and that this condition in turn would help the Commonwealth in terms of both trade and aid.

Both statements came on the eve of British Market negotiator Edward Heath's departure for Brussels. There the British deputy foreign secretary and ministers of the Common Market countries will hold talks on Commonwealth trade problems involved in the British membership bid.

Prime Minister Macmillan Sunday night invited Heath and Foreign Secretary Lord Home to dinner talks on the negotiations.

Matheson Returning To Politics

Provincial Liberal Leader A.W. Matheson was back in his office Saturday after a two-month rest which began when he was taken ill during the last session of the Legislature.

Mr. Matheson said he will bring himself up to date on election campaign activities in the province, and when this is done he will participate in the campaign.

The Liberal leader, pointing out that he was out of touch with provincial election activities, said he has studied the national picture and finds it "excellent."

"I don't think I have ever seen it better for the Liberals," he said.

Mr. Matheson said that Prime Minister Diefenbaker's recent rally at the Sports Arena in Charlottetown "has become a laughing stock across Canada when it comes to the controversy over the size of the crowd that attended."

"I was never so shocked in my life when I read about the Conservative officials and newspapers making a mockery of across-Canada as a result."

Further discussions on possible joint federal-provincial programs that can be carried out under the federal Agricultural Rehabilitation and Development Act will be held this week between provincial government officials and representatives of the federal government who discussed ARDA proposals.

Attending Friday's meeting were Premier Walter R. Shaw, Agriculture Minister Andrew MacRae, Industry and Natural Resources Minister Leo Bowser and federal representatives Cliff Betsan and Walter Packman.

Premier Shaw said subjects discussed were forestry, water conservation and recreational facilities.

"While discussions were very general," Premier Shaw said, "it looks like we are going to develop some very fine programs."

Rehabilitation Policy Discussion To Continue Here

Further discussions on possible joint federal-provincial programs that can be carried out under the federal Agricultural Rehabilitation and Development Act will be held this week between provincial government officials and representatives of the federal government who discussed ARDA proposals.

Attending Friday's meeting were Premier Walter R. Shaw, Agriculture Minister Andrew MacRae, Industry and Natural Resources Minister Leo Bowser and federal representatives Cliff Betsan and Walter Packman.

Premier Shaw said subjects discussed were forestry, water conservation and recreational facilities.

"While discussions were very general," Premier Shaw said, "it looks like we are going to develop some very fine programs."

HOUSING GAIN
In the four years 1962-65, 12,000,000 homes were built in Canada.

THEATRE WITH DINNER MOVE SPREADS

An American theatre-restaurant innovation has spread into Canada. This is the complete cast of 'The Pajama Game,' a musical comedy staged at Vancouver's Cove restaurant while the audience has dinner.

will tender a dinner to delegates on the evening of July 18. Dr. George Dewar, minister of education, will be dinner chairman.

ACTIVITIES PLANNED
A scenic tour, dinner and social evening is planned for the afternoon and evening of July 19.

Some of the speakers at the conference will be C.R. Ford, director of the technical and vocational training branch of the federal department of labor; Prof. R.J. Love, of the New Brunswick department of education; and J.A. MacDonaid, past president of the Alberta Teachers' Federation.

CANCELS ENGAGEMENT
WASHINGTON (CP) — Liberal Leader Lester B. Pearson has cancelled a May 17 speaking engagement here because of the Canadian election campaign.

He was billed to appear at the May 15-17 world food forum sponsored by the U.S. agriculture department and to speak on the trend of agriculture in the next 100 years.

METEOR — THE NEWEST MERCURY

Mercury Meteor Custom 2-door sedan...one of Ford of Canada's fine cars, built in Canada.

It's even nicer to drive! Look at those fast, classic lines. Individuality! That's Meteor—from front, to back, to profile. Step inside. It's even nicer to drive—there's room aplenty for you and five others. Nothing compact about Meteor—except its handling ease and its "low calorie" appetite for gas. Goes up to 25 miles per gallon on regular...with a choice of V-8 or Six power. Sound nice? It's even nicer in person. Even nicer when you size it up feature for feature against cars in the next price range. See the new Mercury Meteor. But don't just look. Drive it and size it up for yourself.

30,000 mile chassis lubrication • 30,000 mile anti-freeze • 6,000 mile oil change cycle • double wrapped, aluminum muffler • automatic self-adjusting brakes • super enamel finish • 145 hp V-8*, 160 hp V-8*, or 101 hp Economy Six engine • Meteor, Meteor Custom, or Meteor S-33 with bucket seats and special appointments* • 2 and 4-door sedans • dealer warranted for 12,000 miles or one full year, whichever comes first. Wheel covers, whitewall tires, and items marked (*) are optional at extra cost.

To get all the facts, ask your Mercury dealer for your free "Comparison Guide"
