Mrs. William Edmonds, Lower Montague, is a patient in the King's County Hospital. She is wished a speedy recovery.

The Misses Sally Johnston and Joyce Jenkins, Georgetown, were recent business visitors to Montague.

—SUCCESSFUL CARD PARTY—A very successful card party was held in the Legion Hall, Montague Wednesday evening sponsored by the Ladies Auxiliary of the Canadian Legion. There was a good attendance and everyone enjoyed a social evening. A beautifully decorated three-layer cake was won by Mrs. Leonard Gillis. Much credit is due to the president, Mrs. Harry Higginbotham, for the success of the weekly card parties.

Little Pond and Vicinity

Mr. and Mrs. Joseph MacKenzie were week-end visitors to St. Peter's.

Mr. George Saville, M. L. A., returned to his home in Annandale following closing of Legislature.

Mrs. Chas. Lutz, teacher, Home ment in Halifax. All her friends and neighbors wish her a speedy recovery.

The good wishes of all their friends in Little Pond and vicinity to Mr. and Mrs. George Christian who are moving to a new home in Morell where in future they will reside.

The C. W. L. sponsored a card party in Little Pond Hall Easter Monday night and was well patronized despite the bad condition of roads. A fruit cake was drawn for and won by Mr. Harold Roach Glenfanning.

Mr. Nelson Stewart and Mr. Lloyd Macdonald left by motor, Friday morning for Boston where they will visit friends and relatives for several weeks. Mrs. Stewart received a telephone announcing their safe arrival.

Friends will regret to learn that Mrs. Cecil Penny, Murray Harbour, is a patient in the King's County Hospital. Her friends wish her a speedy return to health.

—VISIT MONTAGUE—Visiting Montague yesterday were a number of the Sydney hockey players who are competing with the Charlottetown Islanders in the playoffs for the Maritime hockey championships. It is understood the boys are visiting points of interest in P.E.I. during their stay here.

—WATERFRONT ACTIVITIES—Activity on the Montague waterfront is increasing these days with the preparation for lobster fishing getting under way. Several boats are being repaired and painted, engines are being overhauled and multicoloured buoys stand ready for use. Mr. Allan Jamieson, who has already built two fishing boats, is at present putting the finishing touches to the third one which will be ready for work in another two weeks. Preparations for packing lobsters are also underway at the packing factories in Murray Harbour, Georgetown, Lower Montague and Montague. Although last year was more or less disappointing to the fishermen, they are hoping for better returns this year and always better prices for the product.

a period covering six years. Bridges would have to be built—Trans-Canada or not—and no one can predict what they will cost. Our guess is \$1,300,000 for the Province's share.

"If the Trans-Canada Agreement was not entered into the road we would build, of a lower standard, would cost more money and the bridges would probably cost twice as much.

"The high standard of the Trans-Canada does not permit crossing the Strathgartney Hills. But the traffic must go that way for several more years. It will be necessary to make this road dust free possibly with a light pavement, as far as New Haven at least, this year. Similar treatment towards Wood Islands will also be considered.

"If the average yearly payment on Trans-Canada, about \$300,000 yearly is spent in the East and West portions of the Province they will build up roads such as at Georgetown and at O'Leary this year. Those who criticize Trans-Canada may regret it later.

"One of the few planks in previous platforms which we could not fulfill has just been arranged. The people were promised veterinary services. The laboratory service was provided but veterinarians could not be obtained until the present year. By June, 1951, Dr. McRae will be stationed at Montague and Dr. Curry at O'Leary. These men are bonused by the Government and their services can be obtained for \$3.00 a visit.

M. V. Eskimo

"While the Opposition talks our Government acts. The Motor Vessel 'Eskimo' will sail for St. John's this week and before the election is over will probably have her third sailing loaded with Prince Edward Island produce. Last year she increased her tonnage around 60 per cent and carried around \$900,000 worth of Prince Edward Island goods. It is likely a profit can be shown in 1951 despite increasingly difficult trading conditions and a heavily subsidized railway and other trade routes. Our Government will do all possible to keep water routes open and new routes.

"The Industrial Corporation also functions with the Cold Storage Plant and the usefulness of that institution is not questioned. Farmers and fishermen benefit by its activities in many ways—in fact could not do without it.

"The extension of electricity was featured in previous election campaigns. In every way possible, except by giving grants in aid, extension has been encouraged. Dr. Hogg's advice, after making a government survey, has been followed. The Government built a line to O'Leary. They established a very competent Board of Public Utilities to control the program. A survey of existing plants was made and a valuation established for further control. The way was cleared for a high-tension line to St. Eleanor's now under construction. Installations are proceeding to the limit of man power and materials available, and soon, at the present rate, the rural dis-

Death Of Well Known World War 1 Veteran

The death occurred suddenly at his home in Georgetown on Monday, March 26th of James Hayter, M.M. and Bar, in his 74th year. The deceased had been in failing health for the past few months but his sudden passing came as a shock to his many friends. Born at High Bank, he had lived for many years at Lauching where he engaged in lobster fishing. Several years ago he moved to Georgetown, where he purchased the property formerly owned by the late Peter Ross. While here he made many friends among our citizens. The late Mr. Hayter enlisted on Nov. 11th, 1915, in the First World War, as a member of the 106th Battalion. He saw service in France as a member of the 78th Battalion, in which he rose to the rank of sergeant. A quiet, unassuming man who never mentioned his own particular part in his country's service, the deceased was the proud wearer of the Military Medal and Bar, won for distinguished gallantry in the field. Left to mourn in the immediate household are his adopted daughter, Betty Lou, his niece, Mrs. Edith Guick, both of whom made their home with the deceased and his grand-niece, Ruth Guick of Montreal.

The largely attended funeral was held on Wednesday, March 28th at 2:00 p.m. from the home of the deceased, where a short service was held and then to the Georgetown Baptist Church where service was conducted by Rev. S. J. Boyce, United Church Minister and Mr. Stanley Streight, Baptist Church. A very impressive duet was rendered by Mrs. A. E. Jenkins, Mrs. Myrtle Babineau and Mrs. Stanley Streight.

Veterans of both the First and Second World Wars paraded in a body under parade marshal Lawrence S. Batchelor. The religious service at the grave, the veterans dropped their poppies on the grave of their departed comrade and comrade president, J. W. Lavers of the Georgetown Branch of the Canadian Legion, B.E.S.L., read the Legion Burial Ritual and one minute's silence was observed in honor of their departed comrade. Pallbearers were: Andrew MacNeill, Daniel Burke, Daniel King, Sylvarius Yorston, Thomas Blackett and William Christian.

trials will be as well served as in any province.

Health and Welfare "The most striking advance has been made in Health and Public Welfare. The old folks home at Beach Grove Inn is now established as a necessary institution fully occupied. A new Health Centre second to none was begun with office and laboratory facilities for humans and animals. A Polio Clinic of modern design with a most efficient therapist in charge is now functioning and giving relief to the victims of the dread Poliomyelitis disease. There is help for most afflicted people and more help is being instituted. Health and Welfare is now the largest spending department of the Government but a portion of the heavy expenditure is borne by the Federal Government. The Minister in charge will speak more particularly on this subject.

"After the Dominion-Provincial Arrangement, was begun in 1947 teachers' salaries were raised approximately 60 per cent. Our Government pays a higher percentage of its income for Education than any Province in Canada. Teachers now average \$1,160 whereas in 1946 they averaged around \$754. A school building improvement plan is under way costing the Government \$80,000 last year. Also a Valuation Board is busy assessing properties to clear the way for amalgamation of districts. The most outstanding example to date is School Unit No. 1 near Charlottetown where a large area with about 765 pupils are brought to six modern schools under one Board of Trustees. Our Education Budget now exceeds one million dollars.

Road Improvements "As more modern roads are built it has become customary to clear snow from winter roads. About \$65,000 is spent yearly on this work and the demand is for more of it.

"In the past three years 450 miles of roads have been improved and 150 miles are projected for 1951. These are main roads and a network of roads will finally bring wide roads capable of being cleared of snow to within two miles of the most remote farm. In addition about 600 miles of heavy ditching was done. Twenty ton bridges are being built as rapidly as possible. This is a tremendous job as there are about 870 bridges and culverts in the Province.

"The only proper way to judge the future is to study history. The history of the Liberal Party is a good one. The election fore-

Farm Prices & Market Report

From the weekly report by Mr. W. R. Shaw, Deputy Minister of Agriculture:

Feed prices continue to be rather uncertain and today we have no quotations on No. 1 feed oats. No. 3CW is quoted at \$3.26 1-2; No. 1 feed barley \$3.35; and No. 5 tough wheat \$3.10. Oatcake continues to be scarce. In fact it is almost impossible to obtain this feed. Soybean meal is quoted at \$4.97 1-2; shorts \$5.60; bran \$5.00; and middlings \$5.90.

Livestock

The livestock market in Montreal on April 2nd continued steady with cows slightly easier. Good steers were quoted at \$33.50. Calves were in very poor demand and they were about \$6.00 lower than the previous week. Prices on our Maritime markets are as follows:

Hogs at Monton: Grade A 33.50; B1 33.10. No. 1 sows 27.50; No. 2 26.50 hot dressed weight delivered.

Hogs at Charlottetown: F.o.b. country points. Grade A 32.50; B1 32.10; No. 1 sows 26.50; No. 2 26.50.

casts have been carried out almost completely. Revenues are expanding yearly. Surpluses on ordinary account in the past three years exceed by far the sum of the surpluses since Confederation and the Sinking Fund are ample to take care of capital debts. The Government is still youthful and vigorous although the Premier is growing older and will have good sense enough to retire when necessary in the interests of the Party which is the country's interest. There is not a worry on Prince Edward Island except tomorrow night's hockey match and possibly the price of potatoes.

"Regarding the price of potatoes, a program has been worked out and the Potato Board will oversee the movement of about 400 cars to the starch factories. The price they will pay is about 22 cents a bushel. When the season's shipping is over the Prince Edward Island Government will pay a bonus of nearly as much more. It may be they will decide that a part of the bonus can be paid before the whole payment can be completed. This action will, I think, set a price for potatoes and the whole crop can be cleared. This is an example of the excellent work being accomplished by the Department of Agriculture, whose minister will talk on the radio later.

"The Department of Agriculture has expanded greatly. Whereas, fifteen years ago an annual expenditure of about \$40,000, was customary now around \$300,000 is spent yearly including Cold Storage, Forestry, Land Clearing and Drainage and a new up-to-date veterinary service to say nothing of educational courses in the Technical School.

"One has to consider in an election campaign, what would happen if another party came into power. It will be interesting to see who will nominate for the Conservatives; and what the candidates have got that the Liberal candidates have not got. In brief, you must decide if this beautiful little island can be trusted in these years for the next few years."
