THE DAILY EXAMINER.

JULY 7, 1892.

Contradictory Explanations.

It may not be out of place to give a summary of the contradictory stories told by the Government regarding the shortage in the accounts of the Public Lands Office.

The first plea was that the discrepancy arose from interest falling due at different dates within the year.

The answer to this was that interest on all accounts fell due at some date within the year, as in former years, and would of course be charged.

The second plea was that a similar shortage occurred in the year 1888.

The answer to this was that 1888 was one of the years of the Strong defalcations.

The third plea denied the shortage altogether, and the Patriot claimed that the Land Office had paid $489.00 into the Treasury in excess of money actually received by the Department.

The answer to this was that the Patriot blundered as usual, counting the same item, amounting to $4,903 00, twice.

The fourth plea was that the balance declared due on the 31st December, 1890, by Mr. Bentley, was wrong by several thousands of dollars, hence the shortage in 1891.

The answer to this was that the balance on the 31st December, 1889, was verified by the Commissioners, Messrs. Arnaud and Carvell, and no discrepancy occurred in 1890.

The fifth plea was that Messrs. Carvell and Arnaud had found errors in the Township Ledgers, and the shortage was due to these.

The answer to this was that these alleged errors being still uncorrected would not affect the balance in any way.

The sixth plea was that further defalcations of the late Assistant Commissioner, R. A. Strong, had cropped up and caused a shortage.

The answer to this plea was that any old defalcations discovered in 1891 would call for direct credit entries in the ledgers, but as no cash could be forthcoming for these transactions, there could be no corresponding entries made in the cash book.

If Mr. Balderston's report is any authority, these defalcations could not amount to more than "eleven cents." But, assuming that Mr. Balderston is all wrong, items of this nature would not amount at most to more than $250 or $300, and could not explain away a shortage of $4,500.

Is it any wonder that the public have become weary of these flimsy, evasive and contradictory explanations?

—The circulation, deposits, discounts and investments of the Merchants Bank of Canada, all increased during the past year; and the comparisons made in the following statement show that the progress of the Merchants' Bank has been rapid and continuous:

Deposits in 1880 were	.....	$7 296,000
" 1885 "	.....	6,574,000
" 1890 "	.....	9,310,000
" 1892 "	.....	10.644.000
Circulation in 1880 was	.....	2.127,000
" 1890 "	.....	2 563 000
" 1892 "	.....	2,731,000
Discounts and advances in 1880	...	10 822 000
" " 1890	...	16.349.000
" " 1892	...	16 766,000
Total earning power in 1880 was		12,861.000
" " 1890 "		18,478.000
" " 1892 "		20,117,000

This record, in the face of sharp competition, shows that the country has not been altogether ruined by the N. P. As the Montreal Gazette remarks: "Only by increased business has it been possible to maintain the rate of profit. This, last year, on a capital of $2,000,000 and rest of $1,600,000 amounted to $282,725, out of which was paid a dividend of 10 per cent., while there was added to the reserve a sum of $100,000, raising it to $1,700,000, $38,000 also being carried forward to credit of profit and loss."

Baptist Association.

The Prince Edward Island Baptist Association met with the church at Tryon on Friday morning, July 1st, 1892, Rev F D Davison presiding. The most important business transacted at the forenoon session was the election of the following officers: Moderator, Rev F D Davison; Clerk, Dea Arthur Simpson; Assistant Clerk, Dea Geo W Warren; Treas, Dea W B Howatt. The time of the afternoon and evening session was taken up principally with Sabbath School work. Some very interesting and instructive papers were read and addresses made.

Saturday's session was occupied with the reading of the digest of letters and several reports. At the evening session temperance was discussed.

On Monday reports on missions and education were up for consideration and disposed of. Standing committees on education, temperance, Sabbath Schools, etc., were appointed. Bro. Arthur Simpson and Dea. W. B. Howatt were appointed delegates to represent the Association at the Convention. At the evening session various reports were disposed of, and votes of thanks were tendered.

The next meeting of the Association will be held at Charlottetown, in the Baptist church, on Friday, July 1st, 1893.

East Wiltshire School.

An examination of the above mentioned school took place on Wednesday, 27th inst. Owing to the fact that a party left the community on a picnic excursion, and other causes, the visitors were not numerous, but being of the more intelligent class were able to appreciate the thoroughness of the work done in the school, as evidenced by the manner in which the various classes acquitted themselves. If the scholars excelled in any one thing it was in elocution, and the hand of an able and painstaking teacher was discernable in the strict punctuation and deliberation with which the fourth, fifth and sixth classes read and recited. Miss Stewart has proved herself a good teacher, and although not making so much bluster and show as some teachers. Her work is not surface but deep and abiding. We are sorry Miss Stewart has decided to leave our school. At the close congratulatory remarks were made by a few of the visitors.

Pointers from Ottawa.

Hansard of June 28th, will hand down to posterity a true record of the most severe speeches yet delivered in the Canadian Commons. It was one of Sir Richard's greatest efforts and well calculated to reduce the good name of Canada, its people and Government. The gallant knight, for one hour and a quarter, in scathing words, denounced the Government and the electorate as being hopelessly corrupt and purposely dishonest. The blue ruin cry with Canadian degeneracy, was copiously depicted in words of great earnestness, distinctly uttered in tones above G., whilst the temperature of the speaker was evidently above blood heat. The country, the Government, the people and even the bench, were severally made to bear the passionate invective, whilst the hoisting of black flags on Dominion Day was vigorously recommended as a fitting emblem of our fallen state. In fact this philippic embodied most of, and was a complete recapitulation of the speaker's many former speeches and predictions in this direction, but so condensed was it, and so heatedly spoken that the attention (reluctantly) of Sir John Thompson was for the time engaged, which brought forth a reply directly bearing on the words and personal attitude of Sir Richard. The reply was of such a kind as is likely to greatly lessen the value of Parliamentary invective for the future. It was the most incisive and telling yet heard or recorded in Hansard, where it must be seen and read over carefully to appreciate its applicability.

The special tourist car in charge of J. Heber Haslam, Esq., en route to the Pacific laid over here yesterday. The tourists greatly enjoyed the day, visiting as they did the Commons and Senate in session, the Library, the Chaudierre and Rideau Falls, lumber mills, &c., &c.

The Pontiac bye-election resulted in a gain for the Government. Mr. Murray, the unseated ex-M. P. P., is the man who secured the aid and advocacy of Mr. Perry recently in Parliament to have the Government pay the $170,000 railway indebtedness due by that spacious county, but no such wild effort on the part of Mr. Murray and foreign stratagem on the part of Mr. Perry could stay the hand of destruction that seems to be pointed at our would-be very honest men in the centre of Canada. It will be but fair for Mr Bryson to advocate something good for Prince County next session in order to recoup Mr. Perry for his far-fetched kindness to Pontiac County during this session. Log rolling, no doubt!

To-day's apparent enjoyment and general enthusiasm appears to be greatly centered in a champion match game of Lacrosse here between the Cornwall and City champion teams. Six thousand spectators are reported to be on the grounds, whilst the take at the gate and grand stand is equal to $2000

A great pilgrimage is being arranged for the 5th inst. to Ste. Anne de Beaupre from this city. Accommodation for 1200 tourists is provided.

The session will probably end next week unless the senate prolong matters with a view to air eloquence in reviewing the criminal and redistribution bills.

J. W. HUGHES

Ottawa, Dominion Day, 1892

Belfast.

Sacramental occasions are times of great refreshing and solemnity in the Christian church. That they are so in the Presbyterian Church was made amply manifest last Sabbath (first Sabbath in July) being the day for the observance of this solemn rite in that beautiful section known as Belfast. Truly the people here have united with nature to make the church grounds and surroundings beautiful. On the sloping riverside, overlooking a goodly land, stands the old Belfast Church, rich in many memories of the eventful past and alive today in its sacred mission to fallen man. Beautifully shaded by the maple, beech, birch, fir, spruce, pine, &c., verily the worshippers can look up from nature clad in its most beautiful apparel to nature's God. There rests from their labors in their quiet slumber—the aged pioneer of the forest—wearied with toil—the aged and young that have passed away here rest in quiet solitude. Nor has attention been forgotten to be bestowed on their last earthly resting place. Nature has made it beautiful and loving hands have supplemented it by erecting tablets and monuments to their departed, but not forgotten, dead. On those are truthfully recorded the characteristics and virtues of many a father, mother, sister and brother, including that of the pioneer missionary and servant of God—Rev. John MacLennan—to whom is erected a splendid monument of highly polished Aberdeen granite. As the evening rays of the sun play on this memorial of the dead, it reflects the most beautiful colors; and its starry sheen may in a sense be emblematical of the glory of this aged patriarch, and his flock that followed him—in heaven.

At present, under the earnest and unassuming direction of the Rev. Mr. McLean-Sinclair, the spiritual wants of the people of this interesting section are faithfully attended to. His trumpet gives no uncertain sound. In language the most chaste and temperate, he proclaims the Gospel message with fidelity and clearness. His discourse on this solemn occasion was appropriate. His hearers listened with the most devout attention—and it indeed appeared that God was in their midst. The service in the Church was conducted in Gælic, and that in the large large tent conducted by Rev. D. B. McLeod in English. There was a large attendance. One cannot but be struck with the many aged, though hale and hearty, people here. On the whole, this is a beautiful place to visit. At any time you can go there and be surrounded by many things that will contribute to your enjoyment. But if you are in serious mood you can pay Belfast a visit on a sacramental occasion, and cold are you indeed if you are not benefitted by the association. Long may it flourish a happy united and prosperous people.

GALLERY.

MYRTLE NAVY.—The success which the Myrtle Navy tobacco has with the public is because it is composed of the very finest Virginia leaf grown, and is manufactured with the most scrupulous care at every stage of the process. 0

WHO WAS HE?—The Pictou Standard says: A certain individual who hailed from West River, P. E. I., made his escape from the lock-up last Friday. By means of a nail he managed to cut away a board from the wall of the cell, and made his exit through a hole about 7x20 inches to the outer apartment of the lock-up, and from there effected his escape through the window.

LETTERS TO THE EDITOR.

Land Office and Other Matters.

SIR,—Your articles re the Land Office shortage and other shortcomings of the present Government have the right ring about them, and have awakened an interest in public matters that is truly wonderful.

Still not so much to be wondered at as the determined stand taken by the "Little Czar" to prevent an investigation into the matter. Of course $4,000 or $5,000 to Mr. Peters and his dummies may be a matter of small concern; but to the hard working farmer it means heavier taxes, and heavier taxes mean more hard work, more sweat lost. Verily, the "combine" is determined that "we shall earn our bread by the sweat of our brow," and more, they seem determined that they and a few of their boodle friends shall also earn *their* bread by the sweat of *our* brows.

Is it not a strange thing that a shortage should occur in the "Land Office" when it is known that had it not been for the shortage under the late administration (a shortage of which Mr. Peters made the most unscrupulous use in his canvass) the "Little Czar" would still be hunting for a constituency with as much prospect of finding one that would elect him as he has of being re-elected for the Fort Augustus district. But if report speaks true his prospects in "his own district" led to his celebrated still-born gerrymander bill.

Only $5,000 short in the Land Office; but that is not all. Is there not tens of thousands squandered in boodling on roads and bridges? Why, Sir, you can hardly point to a solitary contract under the Government but smells of corruption even more ill-flavored than the Provincial building drain job.

Just think how well we are used here. We were promised a circuit of the County Court, but the act was bungled either through design or stupidity; we always had a steamer call here, but now of course we have none. Has not the autocrat willed it so; and further, we thought that the Superindent of Education should have visited our school some time through the year, but he did not. But what could be expected from the Superintendent when his master says "So far shalt thou go and no farther."

MORE ANON.

Mt. Stewart, July 4th, 1892.

Information Wanted.

SIR,—Please inform me through the columns of your paper whether persons over sixty years of age are liable to poll tax. I am seventy-four, and have paid the last few years, but think I have no right to. Hoping to hear from you on the subject, I remain,

SUBSCRIBER.

Personal.

Mrs H. J. Williams and three children, of Providence, R. I., arrived here last evening on a visit to her parents and friends.

The Times reports that Mr T. C. Connor, one of the contractors for the erecting of the post-office building in Charlottetown, and who has been residing in Moncton for the past sixteen years, intends settling in Cambridge, Mass., where he purchased land some time ago, and will carry on building and real estate business.

Ambrose W. McLeod, of Dunstaffnage, and James C. Shaw, Stanhope, were among the Islanders who received the degree of Master of Arts at Harvard University recently. Their names were inadvertantly omitted in the list given in THE EXAMINER yesterday.

A GREAT DAY for the picnic at Westville.

HOW HE CELEBRATED.—The sheriff of Eastport, Me., celebrated the fourth of July by raiding all the rum shops in the town. He did not make large hauls, however, as the dealers received a quiet hint in advance of the raid.

WERE WELL TREATED.—The Amherst Press says: The firemen returned home from Charlottetown on Saturday evening by the C. P. R not having carried off any prizes. They speak in highest terms of the treatment they received in Charlottetown.

CONFIRMED.—The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers the California Fig Syrup Company.

AN EXTRA ATTRACTION.—At the annual gathering of the clans on the Charlottetown Driving Park on the 10th August, next,—two medals will be offered for a one mile bicycle race. One medal will be given for a race on the ordinary bicycle, the other for a race on the safety bicycle. As there are a great many bicyclists in the city at present, nearly all of whom are "flyers," we may expect a large number of entries and two lively races.

DIED ON THE TRAIN.—A St. John despatch says: A very sad death occurred on the Boston train which reached here yesterday morning at six o'clock. Just after leaving Portland, Me., a lady (Mrs. Mark Gallant, of Hyde Park, Mass.) accompanied by her husband and infant child who was on her way to Charlottetown to her home for the benefit of her health, was taken violently ill and in a very short time died, despite all efforts for her benefit. A telegram was sent ahead and at Bangor the body was placed in a coffin and brought to St. John; from where it was taken to Point du Chene.

SCHOOL OF SCIENCE.—The session of the Summer School of Science for the Atlantic Provinces of Canada, which opens in St. John on Monday evening, August 1st, will, from present appearances, be largely attended. Arrangements are being made to secure the comfort of those who attend. Intending visitors should make early application for boarding houses, stating what price they wish to pay. Arrangements have been made for reduced fares by rail and steamer. A large gathering from Nova Scotia is promised, and the New Brunswick teachers are expected to be present in considerable force.—Educational Review.

TENDERS.

TENDERS are invited, and will be received by the undersigned till the 13th inst., from parties willing to cater to the Scottish Gathering to be held at the Charlottetown Driving Park and Exhibition Grounds on the 10th of August. Please mark envelope "Tenders for Catering."

JOHN S. McDONALD.
