

LOCAL AND OTHER ITEMS.

MANTLES A SPECIALTY.—Beer Bros. Mrs. HARRISON will sing at the Opera House to-night. A. O. H.—Adjourned regular meeting this evening. IS THE MOONLIGHT.—When? Next Thursday. The Southport will leave Ferry Wharf at 8 o'clock. FOR DRILL.—No. 2 Company, G. A. drill to-night at 7.30 o'clock. MR. ARCHIBALD will again delight a Charlottemont audience by his selections on the violin. PROMENADE CONCERT.—The promenade concert in the Gardens last evening was enjoyed by a large audience. TELL YOUR FRIENDS about the excursion and come along yourself. Tickets only 15 cents. Refreshments on board. To-NIGHT.—The concert to-night, judging by the names of the performers, will be one of the very best that it has been the privilege of a Charlottemont audience to listen to. PREACHING.—The Rev. H. W. Stewart, of St. John, N. B., will (D. V.) preach at Cross Roads, Lot 48, next Lord's Day, July 15th, at 11 a. m. LEO BROKEN.—Mrs. Angus Walker, who lives on Bishop Street, had her leg broken this forenoon. She was coming out of a neighbor's house when she tripped and fell. BOAT ABREAST.—One of the lobster boats that succeeded in capturing a prize in Wednesday's regatta, that left from St. Peter's Island the night before last, and at latest advices has not been heard from. THE CIRQUE.—Cook and Whitty's English circus and menagerie is to visit the Maritime Provinces, opening at Halifax on the 10th of August. We have not heard that the circus will visit Charlottemont. A TRIFLE OFF.—The St. John Gazette says: "Charlottemont, P. E. I., is soon to be lighted with electricity." The Gazette probably means Summerside. Charlottemont has had the electric light for many years. GIVING SATISFACTION.—The New Rocky Point sailboat is giving satisfaction. She is longer than the old boat, sharp at both ends, and draws six feet of water. She is rigged with the spars and sails of her predecessor. THE CONCERT in connection with the Summer School of Science will be held in the Opera House this evening at 8 o'clock. A most excellent programme has been prepared for the occasion, and a rare treat is assured the public. HARRY LINDLEY COMING.—Harry Lindley, supported by a good company, opens for a week at the Opera House, Moncton, on Monday evening next. He will begin his season at Charlottemont at the Masonic Temple Opera House, on the 6th. FOR BOSTON.—The steamer Elliott left for Boston about ten o'clock this forenoon, with a cargo made up mainly of lobsters and eggs. She will call at Casco and Malaga en route. Captain McMillan is a passenger to Casco. POLICE COURT.—This forenoon an abusive language case was disposed of, each party having to pay his own costs. A countryman was fined \$2 or ten days for drunkenness. Another batch of dox-tax summonses are being made ready. A NECESSARY.—A number of boys who should know better are in the habit of loitering about the Park in the evenings, and closing the gate after them as they pass in and out, compelling the driver of the next team that comes along to get out of his carriage and open the gate for himself. Directly he passes the boys close the gate again. This may be fun for the boys, but the fun is of a kind that is not appreciated by those against whom it is directed, and some of the mischievous ones will probably be called upon by the police if they do not desist. PROF. LOISELLE'S COMING.—The famous memory educator, Prof. A. Loissette, who has recently made such a hit in St. John, has decided to visit this city, and will deliver a free lecture at the Opera House, on Tuesday, July 17th. As his advertisement in another column will show, the name of the endorser will be a sufficient guarantee as to the Professor's merits. Scientific people are very much in evidence in this city at present, and we have no doubt that the Summer School of Science will be glad of the opportunity to hear such a learned man as Prof. Loissette is reputed to be. They have announced their intention of holding no session on Tuesday evening next, so that they may listen to Prof. Loissette's discourse. OF MISS READ, the ebullientist of tonight's concert, her instructor speaks as follows: "Miss Read is one of our most sincere and earnest students. As a reader, her work is strong and also very attractive. Her presence is a pleasure and she surrounds all her work with an atmosphere of beauty. She will give pleasure to all who hear her, for she bears a message of truth." CHAS. W. EMBROSS, President Emerson College of Oratory. "Should we attend concerts? Yes! certainly, when such artists as Mrs. Hargrove, Miss Read, Miss Earle, Miss Large, Mr. Raymond and Mr. Earle perform." SUMMER SCHOOL OF SCIENCE.—Owing to the impossibility of getting a boat to carry the members of the Summer School of Science to St. Peter's Island, the proposed excursion cannot be made. The School, however, purpose having a picnic to-morrow afternoon at Rocky Point. On Monday evening thanks to the hospitable spirit of some of our citizens, the School will have a free moonlight excursion on the Jacques Cartier. Several students of the Summer School of Science, the majority of whom are ladies, went on a bird-viewing expedition early in the morning to-day. They were under the guidance and instruction of Mr. Brittain. The characteristics of the plumage and songs of the following birds were noted: The English sparrow, yellow warbler, American linnet, king bird, golden-winged woodpecker, black-throated green warbler, chipping sparrow, Savannah sparrow, song sparrow, white-throated sparrow, or Tom Peabody, thrush, chebec, or fly catcher.

Mr. Charles L. Chisholm, brother of Miss M. H. Chisholm, of this city, has accepted a position on the staff of the Mount Allison Ladies College, at the head of the violin department. Mr. Jasper Fulton, advance agent of "The Will of the Wind" Company, arrived here last evening to arrange for the reappearance of his company at the Opera House. A late New York despatch says that Judge Barrett has granted a certificate of reasonable doubt in the case of Erastus Wiman, and an application for his release is to be made at once. Dr. A. H. Hamington of Philadelphia, passed through the city this afternoon on his way to P. E. I. land. High School, has been promoted to the principalship of the High School at Attleboro, Mass. His numerous friends in P. E. I., where he was for some years an enthusiastic teacher, will be glad to hear of his preferment. EXCURSION.—About one hundred excursionists from New Glasgow and Pictou arrived here in the steamer St. Olaf to-day, and are "doing" the city and suburbs. The Pictou band accompanied the excursionists. They will leave on return this evening. FROM HALIFAX.—The steamer Fastnet arrived here from Halifax at six o'clock this morning, bringing a general cargo. She left for Summerside at ten o'clock and will return to Charlottemont early to-morrow morning, and leave for Halifax at four o'clock in the afternoon.

THE SUMMER GIRL

hereabouts, comes to us for her shoes. This fact proves her to be as sensible as she is lovely. Those Oxford Ties of ours are just too cool to be without, and a summer girl without them would look as dismal as a watering place without the summer girl; and certainly nothing in footwear ever delighted any summer girl so much as our Ties, that have been voted the handsomest in town. Naturally the young ladies of Charlottemont are in a flutter over our shoe triumph, and even though Miss Smith looked long, she could never look prettier from a shoe point of view than she would wearing a pair of our inimitable Oxfords sold at 60 cents and up. We also have DONGOLA COMFORTS for old ladies. Every old lady should have a pair to enjoy real comfort. Always come to us if in search of something good and cheap.
