

Children Left to Starve.

THE HORRORS OF FAMINE AS SEEN IN "PAUPERIZED RUSSIA."

A correspondent who accompanied a government inspector on his rounds in the famine districts of Toula, Russia, writes that many huts were found packed with families, the members of which tried to keep warm by crowding together.

Unclad women and children of three generations slept huddled together on the same benches, above stoves.

Barns and outhouses were destroyed for fuel. The interior of the huts were without light and bare of furniture, and permeated by an intolerable stench.

The people of most of these homes had been three days absolutely without food, and were waiting for relief. The roofs of many huts had been partly used for fuel.

In several cases unprotected children were discovered in a starving condition, having been deserted by their parents, who had gone to look for work.

In some instances hoards of food were found which would be sufficient for weeks. Most of the sufferers hide whatever stores they secure. The area of "pauperized Russia" is ten times that of England. The tour disclosed the absolute cessation of industrial and productive work.

The failure of the harvest is keenly felt in the towns. Manufacturing is stopped. The country swarms with itinerant beggars and the entire population seems to be on the tramp.

On Dec. 31st the merchants and others will be making out their accounts and will expect payment of them. For this particular kind of billiousness there is nothing like the hard cash; but for ordinary billious headache, &c., Eveybody's Pills are the great remedy. For 25 cents you can buy a box at your nearest drug store.

Dear Sir, will do. Last summer I was troubled with a cough, and my physician says unmistakable symptoms of consumption, including debility and loss of flesh. I lost 30 pounds in weight in a few weeks. My physician, who examined me, advised me to use your Cod Liver Oil Cream with Hypophosphites (PHOSPHOLEINE), and I am happy to be able to inform you that it has produced a complete cure, and I have regained from 134 to 184 pounds in weight, and am now enjoying good health. I drove 65 miles at night across Cape Breton during a snow storm in December without suffering from it in the least.

I am, dear sir, yours faithfully, E. R. HARRINGTON.
