

Great News!

The Robertson Library Has been Automated.

The DRA [Data Research Associates] software was chosen as the software offering the greatest benefits for our library's patrons. This software enables us to offer many new features to make library materials more readily available for the University Community. To acquaint you with a few:

1. Return of library materials will be more prompt with the institution of a fine system for overdue circulation materials assuring fairer distribution of library material.
2. Circulation fines will not start before 15 October to give everyone a chance to become thoroughly acquainted with the new system.
3. Reserve material cannot be requested ahead of time or renewed by telephone.
4. You will only need your photo ID with the barcode to borrow library materials.
5. Written details will be available at the Circulation Desk the beginning of September.

Student Services

U.P.E.I. tutoring service, an extension of Student Services, attempts to provide educational support to U.P.E.I. students and individuals within the community.

Despite support and encouragement,
little Johnny was beginning to feel
that school was no place for a dead boy.
