**Contest Seems Assured In Two Of Three S' Side Wards**

A review of the forthcoming election situation in Summerside indicates that in two out of the three wards there will be a contest. This became apparent yesterday afternoon when Mr. Fred Arsenault, manager of the packing firm of Arsenault and Desjardines announced his intention to run in the West Ward against Councillor Edgar Cannon who this year completes a two-year term on the council.

of nominating for the seat now being held by Councillor Jenkins who has stated that he will not run again this year. They are Robert Dewar and Reginald Clow. In the Center Ward there has been so far no announcement that Councillor MacAusland will be opposed nor has there been any indication that Mayor Currie will not be elected by acclamation for another term. Nomination day will be Tuesday, February 18th, and election day Tuesday, February 25th.

Council deserves national encouragement as it is a movement that will bring great returns in the years ahead. Mr. Jenkins also pointed out that even before A P E C had been formed, when the machinery of A P E C was in its formation stage that former Prime Minister Louis St. Laurent had predicted that the redevelopment of the Maritimes must come from that area. "A P E C" said Mr. Jenkins "is doing just that".

The new Nomad — the last word in station wagon style and distinction... 4-door 6-passenger.

**CHEVROLET sets a new style in STATION WAGONS!**

Two new Brookwoods — 4-door 6-passenger and 4-door 9-passenger models. Luxuriously appointed.

Two new Yeoman wagons — 2-door 6-passenger and 4-door 6-passenger. Smart, durable all-vinyl interiors.

Wonderful's the word for Chevrolet's new wagons! Beautiful, with new length and lowness, new sculptured grace. Engineered with new ideas that make loading easier, riding smoother, driving happier. And they're almost too new to be true. All five of 'em!

The year's smartest wagons are loaded with news! They're over 9 inches longer, dramatically lower. Graceful gull-wing contours accent the rear. A new, larger liftgate curves at the corners. And these new Chevrolet wagons are really practical. The liftgate is hinged into the roof and raises completely for easier loading. There's a new easy opening tailgate, too, and room for longer cargo.

No wagon built ever carried loads with more ease or passengers with more comfort! Chevrolet's new standard Full Coil suspension cradles you on deep coil springs at every wheel. Or, optional new Level Air suspension keeps your wagon on an even keel no matter how many your passengers or how big your load.

Choose from two- or four-door, six- or nine-passenger models with livelier V8 or 6 engines. See your Chevrolet dealer and look over the smartest, smoothest-going wagons of them all.
