

SAVED HER FROM AN OPERATION

So Thinks Mrs. Tracey of Ontario, Regarding Lydia E. Pinkham's Vegetable Compound

Knightsbridge, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound at the change of life for troubles that women often have at that time. I had not been well for a year and was not really able to do my work. A friend who had taken the Vegetable Compound recommended it to me and I think its use saved me from an operation. I highly recommend it to all women who have troubles like mine, and am willing for you to use my testimonial."—Mrs. DANIEL J. TRACEY, Knightsbridge, Ontario.

Some female troubles may through neglect reach a stage when an operation is necessary. But the more common ailments are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same.

When disturbing symptoms first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles.

IN PARLIAMENT OFFERS CANADA CHEAP FRUIT

OTTAWA, May 6.—A resolution of a grant loan of a million and a half to the Quebec Harbor Commission was passed in the House yesterday, after a spirited debate. Ex mayor Church, of Toronto, declared that Quebec was "so hungry" it could not wait for the main estimates. Therefore a procedure had been made by way of a resolution. Mr. Lapointe, Minister of Marine and Fisheries, who had the resolution in his charge, sharply denied the charge. The government, he said, had proceeded by resolution because the law required it. It would have been easier to put an appropriation in the main estimates. There were echoes of changes made in the personnel of the Quebec Harbor Commission following the general elections.

Mr. Meighen questioned why it had been necessary to change the men with such a war record as the Chairman of the Board, the late Sir David Watson and Brigadier General Tremblay. Mr. Lapointe replied that Sir David Watson, in his paper, the Quebec Chronicle, printed such articles attacking the government and the Minister of Marine, and has made co-operation between the Minister of Sir David Watson impossible. Mr. Meighen added fuel to the blaze by producing a letter in which reference was made to Sir David. "What the Hun failed to do the Liberals succeeded in doing—killed him." The Prime Minister heatedly demanded the writer's name. It was not given. Mr. Meighen stating he would have to ask the permission of the writer to follow such a course.

OTTAWA, May 6.—With the object of establishing a trade route between Canada and the British South Sea Islands for the Canadian Government Merchant Marine and other shipping lines, to the mutual benefit of both Canada and the Islands, E. Jerome Dyer, C.B.E., prominent P.I.J. planter, arrived in the city yesterday. He was accompanied by Mr. Walsh, General Secretary of the Canadian Manufacturers' Association. While here he is interviewing members of the Cabinet.

Establishment of the proposed trade route would enable Canada to benefit by the 50 per cent. preferential tariff adopted by the Islands towards all British colonies. This would place tropical fruit in Canadian Pacific ports at a greatly reduced price over imported fruits from the United States and Central American countries. Mr. Dyer said that the South Sea Islands could sell bananas in Canada for 33 per cent less than the present price charged by Central American planters.

Canada today imports two million bunches of bananas annually, at an approximate cost of over \$12,000,000. Citrus fruits could be sold at a lower price than California products.

Royalty Is Outside By Yankee Tourists

LONDON, May 6.—Several London newspapers commented on the size of the entourage of servants which accompanied an American family of father, mother, and two daughters, which just concluded a stay at a London hotel. The party has departed to the continent.

The accompanying servants comprise three maids, one valet, two secretaries, a masseur, and two chauffeurs. In addition, while in London, a titled society woman was employed to chaperone the daughters on shopping expeditions.

The Daily Mail remarked: "Even Princess Mary on her honeymoon is not accompanied by the small army of attendants which are attached to a certain family now visiting London."

Customs Officials Convene at Ottawa

OTTAWA, May 6.—Some fifty delegates representing every province from one end of Canada to the other, are now in attendance at the three days' convention which opened here today of the Dominion Customs and Excise Association.

The afternoon proceedings were devoted to a discussion of the civil service and how it might be affected if there were a return to the old days of patronage. Many after man expressed himself as unalterably opposed to any return of the patronage evil and after the discussion a resolution expressing opposition was adopted.

PAYLESS DAY AT SYDNEY CITY HALL

SYDNEY, May 4.—This was a payless day-day at City Hall. For the first time since the city was incorporated there was no funds to pay teachers, firemen, policemen and other civic employees. Mayor Fitzgerald says, however, that in response to his prediction some days ago that such a situation would probably arise, taxes are coming at such a rate that the payroll will be honored in a few days, and all arrears paid off. In spite of the present industrial depression, the city recently had an offer from mainland brokers for some of its bonds at par.

AN INHUMAN HUSBAND

A sad tale was unfolded in the Supreme Court in Calais, Maine, when Rebecca McLaughlin who is seeking divorce from Jasper McLaughlin of Homeville, N. B., said that he cruelly abused her by pulling portions of her hair out by the roots, beating her and leaving her bruised. She said that he neglected to provide for her and their two children, and that she was obliged to cut and carry wood from a pasture through deep snow to keep from freezing while he was busy bestowing his attentions upon another woman.

PRES. CUTTEN DENIES REPORT

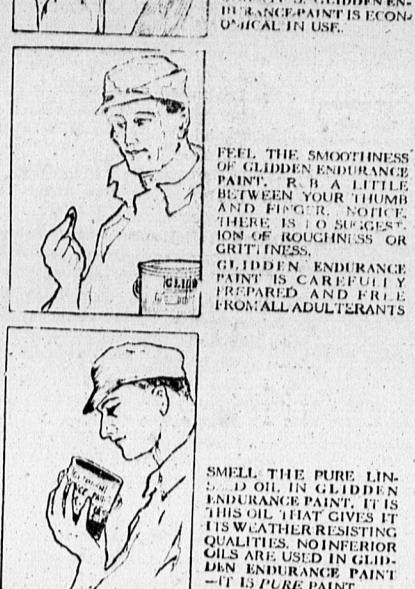

WOLFVILLE, N. S., May 6.—Dr. George B. Cutten, President of Acadia University, gave an unqualified denial to the report that he had been selected for the Presidency of the College University, Hamilton, New York, as reported by the Canadian Press today, when interviewed last night.

When asked if he knew of the report, Dr. Cutten said he was aware that such a report as given out by the Canadian Press was in the Halifax evening papers. "Will you verify that report?"

Painting costs less and saves more to-day

The cost of painting has gone down and yet the value of property has remained stationary or, where there has been any change, it has been in the upward direction.

This means that the depreciation in the value of your buildings due to the action of the weather is greater, while the cost of preventing it is less.

Preserve your property against rot and rust while its value is at the peak price. Repaint it thoroughly with GLIDDEN ENDURANCE PAINT

See your master painter at once, ask for his estimate — and tell him you must have
