

Myriads of Locusts.

PROF. RILEY'S PREDICTION THAT THEY WOULD REAPPEAR THIS YEAR FULFILLED.

Nearly six months ago Prof. Riley, of the United States Entomological Commission, predicted the reappearance of locusts this year through large portions of the West and South, and in a small part of the East. To test the accuracy of the prophecy, the Chicago "Times" has received reports from nearly all the localities where visitations of the insects were predicted. At Carrollton, Ill., the Professor's prediction is verified. Since May 20th locusts have been coming out of the ground there until now the woods and orchards are resonant with their music. At Vandalia, Ill., the woods are filled with them, and persons riding on railway trains in passing through woodlands can distinctly hear the din of the locusts above the rattle of the cars. At Belleville, Ill., their numbers are beyond computation. At Eldorado, Ill., a woman died after eating some numberies which were supposed to have been impregnated with locust eggs. At Paducah, Ky., the locusts are swarming in myriads, and the noise made by them is a matter of complaint to those who live in suburban places. At Little Rock, Fort Smith, and Hot Springs, Ark., they appeared recently in large numbers, but have disappeared. At Mobile they are making deafening noises in the woods. The locusts are not generally destructive, but they frequently injure young orchards and occasionally sting a human being, sometimes fatally.

Remedy for Hard Times.

Stop spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quick doctors or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple pure remedies, Hop Bitters that cure away at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine, often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boesche's German Syrup kept about your home for immediate use, will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your Druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c.; regular size, 75 cts.

DEPARTMENT OF THE INTERIOR.

OTTAWA, 25th May, 1881.

WHEREAS circumstances have rendered it expedient to effect certain changes in the policy of the Government respecting the administration of Dominion Lands, Public Notice is hereby given—

- 1. The Regulations of the 14th October, 1879, were rescinded by order of His Excellency the Governor General in Council, on the 20th day of May, instant, and the following Regulations for the disposal of agricultural lands substituted therefor:
2. The even-numbered sections within the Canadian Pacific Railway Belt—that is to say, lying within 24 miles on each side of the line of the said Railway, excepting those which may be required for wood lots in connection with settlers on prairie lands within the said belt, or which may be otherwise specially dealt with by the Governor in Council—shall be held exclusively for homesteads and pre-emptions. The odd-numbered sections within the said belt are Canadian Pacific Railway Lands, and can only be acquired from the Company.
3. The pre-emptions entered within the said belt, of 24 miles on each side of the Canadian Pacific Railway, up to and including the 31st day of December next, shall be disposed of at the rate of \$2.50 per acre, and the interest on the purchase money, to be paid at the end of three years from the date of entry, the remainder to be paid in six equal instalments annually from and after the said date, with interest at the rate above mentioned on such portions of the purchase money as may from time to time remain unpaid, to be paid with each instalment.
4. From and after the 31st day of December next, the price shall remain the same—that is \$2.50 per acre—for pre-emptions within the said belt, or within the corresponding belt of any branch line of the said Railway, but shall be paid in one sum at the end of three years, or at such earlier period as the claimant may have acquired a title to his homestead quarter section.
5. Dominion Lands, the property of the Government, 24 miles of any projected line of Railway, recognized by the Minister of Railways, and of which he has given notice in the Official Gazette as being a projected line of railway, shall be dealt with as to price and terms, as follows:—The pre-emptions shall be fixed at the same price and on the same terms as fixed in the next preceding paragraph, and the odd-numbered sections shall be sold at \$2.50 per acre, payable in cash.
6. In all townships open for sale and settlement within Manitoba or the North-West Territories, outside of the said Canadian Pacific Railway Belt, the even-numbered sections, except in the cases provided for in clause two of these Regulations, shall be held exclusively for homestead and pre-emption, and the odd-numbered sections for sale as public lands.
7. The lands described as public lands shall be sold at the uniform price of \$2 per acre, cash, excepting in special cases where the Minister of the Interior, under the provisions of section four of the amendment to the Dominion Lands Act passed at the last session of Parliament, may deem it expedient to withdraw certain farming lands from ordinary sale and settlement, and put them up for sale at public auction to the highest bidder, in which event such lands shall be put up at an upset price of \$2 per acre.
8. Pre-emptions outside of the Canadian Pacific Railway Belt shall be sold at the uniform price of \$2 per acre, to be paid in one sum at the end of three years from the date of entry, or at such earlier periods as the claimant may acquire a title to his homestead quarter-section.
9. Exception shall be made to the provisions of clause 7, in so far as relates to lands in the Province of Manitoba or the North-West Territories, lying to the north of the belt containing the Pacific Railway lands, wherein a person being an actual settler on an odd-numbered section shall have the privilege of purchasing to the extent of 320 acres of such section, but no more, at the price of \$1.25 per acre, cash; but no Patent shall issue for such land until after three years of actual residence upon the same.
10. The price and terms of payment of odd-numbered sections and pre-emptions, above set forth, shall not apply to persons who have settled in any one of the several belts described in the said Regulations of the 14th October, 1879, hereby rescinded, but who have not obtained entries for their lands, and who may establish a right to purchase such odd-numbered sections or pre-emptions, as the case may be, at the price and on the terms respectively fixed for the same by the said Regulations.

Timber for Settlers.

11. The system of wood lots in prairie townships shall be continued—that is to say, homestead settlers having no timber on their own lands, shall be permitted to purchase wood lots in area not exceeding 20 acres each, at a uniform rate of \$5 per acre, to be paid in cash.
12. The provision in the next preceding paragraph shall apply also to settlers on prairie sections bought from the Canadian Pacific Railway Company, in cases where the only wood lands available have been laid out on even-numbered sections, provided the Railway Company agree to reciprocate where the only timber in the locality may be found on their lands.
13. With a view to encouraging settlement by cheapening the cost of building material, the Government reserves the right to grant licenses from time to time under and in accordance with the provisions of the "Dominion Lands Act," to cut merchantable timber on any lands owned by it within surveyed townships; and settlement upon, or sale of any lands covered by such license, shall, for the time being, be subject to the operation of the same.

Sales of Lands to Individuals or Corporations for Colonization.

14. In any case where a company or individual applies for lands to colonize, and is willing to expend capital to contribute towards the construction of facilities for communication between such lands and existing settlements, and the Government is satisfied of the good faith and ability of such company or individual to carry out such undertaking, the odd-numbered sections in the case of lands outside of the Canadian Pacific Railway Belt, or of the Belt of any branch line or lines of the same, may be sold to such company or individual at half price, or \$1 per acre in cash. In case the lands applied for be situated within the Canadian Pacific Railway Belt, the same principle shall apply so far as one-half of each even-numbered section is concerned—that is to say, the one-half of each even-numbered section may be sold to the company or individual at the price of \$1.25 per acre to be paid in cash. The company or individual will further be protected up to the extent of \$500, with six per cent interest thereon till paid, in the case of advances made to place families on homesteads, under the provisions of section 10 of the amendments to the Dominion Lands Acts hereinbefore mentioned.
