

# Fact & Opinion

By Stephan MacLeod

**FACT:** The first zoo in the USA was in Philadelphia.

**OPINION:** In West Philadelphia, born and raised. In the zoo was where I spent most of my days. Chillin' out, maxin', relaxin', or coolin', or shootin' some b-ball outside of the zoo. When a couple of guys, they were up to no good, started making trouble in my neighborhood. I got in one little fight and my mom got scared. She said, "You're moving with your auntie and uncle in Bel-Air."

**FACT:** The letter N ends all Japanese words not ending in a vowel.

**OPINION:** Pokemon wouldn't be very popular if it was known as Poke Mo.

**FACT:** France has the highest per capita consumption of cheese.

**OPINION:** Montreal's "Just for Laughs" festival has the second highest consumption of cheese by French people.

**OPINION:** Teapots don't kill people. Stupid fuckers that don't know how to make tea kill people.

**FACT:** The typical American consumes 27 pounds of cheese each year.

**OPINION:** But nobody knows where it all comes from.

**FACT:** The ostrich has a 46 foot long small intestine.

**OPINION:** Wow. If that's its small intestine, it must have a huge large intestine.

**FACT:** The large intestine is pretty damn big.

**OPINION:** Oh Jesus. How big are its eggs?

**FACT:** I don't know. I didn't notice any eggs when I ran over it with my car.

**OPINION:** Poor guy. Why'd the ostrich cross the road?

**FACT:** Stop it. You're not supposed to talk to me. Just keep writing, and please try not to quote The Fresh Prince of Bel Air anymore. That was really stupid.

**OPINION:** That's just your opinion. I bet there are some losers reading this right now that thought it was clever.
